

These are a selection of my emails from my Gmail account to the United States Department of Justice. I have pulled the data off of Google's servers, through the Gmail API, and loaded them on to a custom HTML template that made. I use the Gmail API, because it offers an easier way to automate tasks like printing emails or searching my inbox. The text, profile photo, images, and other content are exactly the same as the originals. The only difference is the appearance of the background elements & some of the styling.

Please help me

To: "Division, Criminal (CRM)"

I have another brain scan on June 8th. I cannot take any more stress about money and my mother is killing me. Please make sure she has enough that I don't have to worry about money for this whole month. My apt complex is getting around the eviction ban and threatening me with de facto eviction. They have a way to kick you out without evicting you. It has something to do, I think, with the fact that, in this process they have you retain your bundle of rights with the exception of the right to possess your home.

I am literally about dead and am suffering terribly. I worry I will not make it.

I told you I wouldn't email you but I am extremely weak and desperate. One day I may be able to help you some way and I will. My word is good.

I'm very sorry but I cannot control myself at the moment. Please make this bank make it right. I cannot take any more torment. If they do not settle with me, my mother will have to move into my apt so that we can pay the bills. This is another nightmare and I need to avoid this nightmare at all costs. I absolutely hate the thought of living with my mother in this one room apartment. I am in torment already. I will get my brain scan tomorrow. --

My life in Charlotte is about to be over. My mothers retirement has been completely spent. Please help me. If you have heard bad things about me or my character, please tell me and let me give my side of the story. This is opposed to taking what other people, who are facing prison time over me, say about me at face value. This is the destruction of a kind hearted man's life. Please do something to stop this destruction.

This thing where I am conveniently left out of the conversation is cheating. It is a cowardly move done by people who are scared to hear the truth. Please be different than these other people who act in this cowardly way.

I cannot tell you how terrified and paralyzed with fear that I am. Make this bank make it right. There is over 100 years prison time to go around. All I'm asking for is a little bit of money to save my new life, the life that is all I cared about and which Wells Fargo has all but completely destroyed!

Do you have any humanity? Do you care at all about the devastation I am feeling and the destruction of this life that I worked so hard for? I did nothing but work for 20 years, before Wells Fargo demolished me. I have at this point hardly had a life at all, other than work. The payoff for my work was to come later, and then I was massacred by this bank because I asked it to tell the truth. It was all for nothing because I made the mistake of working for this bank.

Please help me and an apology

To: "Division, Criminal (CRM)"

I will get another heart injury if they file for eviction next month. I ask that I please get some help as soon as possible.

I have further reflected on my behavior and I have been ungrateful and also self centered. This is a very hard situation for you to deal with. You are trying hard for me, I believe. I am very thankful for the us doj and others who may be on the other side of this. I am also thankful to Wells Fargo for the good they have done and their efforts to help me. I am trying to resolve a conflict with Wells Fargo, and I have not considered their needs and their feelings nearly enough. I have treated them like a bad guy, even as they have done good. My profound suffering plays a role in my behavior. I also seem to not be able to appreciate the other parties' position, without them kind of putting it in my face. I have slipped into a self centered way if behaving as a result of all of this. This is no excuse for my behavior, but just my insight.

I am deeply sorry and I feel very bad about this. I'm sorry for my role in this situation that we have. I really want to make it right with everyone and I ask for people to make it right for me too. I will do anything that I can to help any and all parties on the other side of this. I do not mean to be selfish and rude. I have also said too many unkind things.

I am not sure that I can do it, but I want to try. I am going to try to overpower my suffering somehow. I have been having good days recently. All I care about is my life in Charlotte, in the end. If Wells Fargo could help me by giving me accommodations while I try to work, that would be great.. I am looking at this, and I would have extreme difficulty making this drive. The drive + parking, etc. would tax my mind extremely. Maybe I could ride a bus.

If at all possible to do this remotely, please help me do that. That would be ideal. I could get the work done on my own time. I am not sure that this will work, but I am extremely desperate. Please at least make the interview remote.

To: "Division, Criminal (CRM)"

I am still in very bad condition and am unable to work. Symptoms are back today. I have done everything that I can for you. I sent a complaint that references crimes for which there is an aggregate scores of years of prison time to go around. I had my poor aunt pay for my brain scan.

I have deleted all of my posts about Wells Fargo. I have done everything that I possibly can to make this a win/win. You have been given my wishes for this to be a good thing. You have been given examples for how this can be a good thing.

I am a devastated, pulverized, and destroyed human being. I need justice. Thus far we don't have a win/win. We have a situation where I continue to lose and to suffer. I need you to please help me. It looked like you were going to help me when AU girl came on the scene. That was a very happy time. Now I don't know what you are doing.

I have had ample patience with you, as I see it. After being pulverized with crime for 1.5 years, I send you a complaint. I have an air tight case, and I actually had an air tight case many months before that. For now 8 or 9 months, there is no relief in sight. All we have is my poor mother cashing out her retirement, my poor aunt wasting her money, and me being disabled and suffering

Please have atrium help me

To: "Division, Criminal (CRM)"

I am not fighting anyone. I need my meds. I am also going to make some audios where I ask you to please reconsider with AU girl and what was planned there.

I am on your side. I am on your side for many reasons, one being that I need you to help me. I will do whatever you need me to do. You care about me. I believe that you do. I believe that you understand how horrible what has happened to me is.

We can work this out, I promise. There are a million ways to get around any and every obstacle that may exist.

I understand your side of this, all of you. This situation is over for you, or rather it will be soon. I need it to be over for me too. I need for me to win. You have done something wonderful if you helped me with social security. That makes a night and day difference in my life. It has provided extreme short term relief. I feel much less stressed now.

What I need now is for you to help me with long term relief. I need to be able to keep my life going after my backpay is all spent. My backpay is expected to be a good sized amount. It will be used to supplement my monthly payment, so that I can pay my bills. It will last me a good amount of time but it will not last forever.

I care very much for AU girl. I want to help her and to build a life with her. If I could have a life with her, and be able to survive long term, I would bless the day that I walked through the doors of Wells Fargo.

To: "Division, Criminal (CRM)"

Would you please help me? I need my life to be good somehow and I keep getting pounded. I am suffering extremely and it will only get worse if I'm out of meds. Whatever I need to do, I will do it. My behavior has been unbecoming many times, but I ask you to please understand that this is a result of my unbearable suffering and pain. You can think back to when I worked at Wells Fargo. I never screamed and cursed and lashed out back then, the way I have done. The difference is that now I am feeling helpless and am suffering tremendously. The suffering is unbearable and I cannot help my behavior.

Thank you and please help me

To: "Division, Criminal (CRM)"

I thank you for all that you do. I am an ill man who is suffering extremely. This is why I am so needy. I keep getting subject to more hardship. It hurts and I need it to stop. I am terrified because I'm talking to the most powerful people on earth. Get them to fill my meds and I will drop this whole thing for a month. That is my request. I am very confident that I can keep this promise.

The reason I can't give it up is that I will not have a life unless they make it right. I am very disabled. I am also very fond of AU girl. I care about her so much. In your decisions, I ask that you factor in that I cannot take any more and that I am the victim of a terrible crime spree. Thank you again for what you have done with social security, if you were involved. That lifted a load of stress off of me. If you could talk to me, I could do whatever you need me to. I am a kindhearted man and mean no harm to anyone.

please help me

To: "Division, Criminal (CRM)"

They do not appear to be writing me any more adderall until my appointment on September 1st.

This is my punishment, I suppose, for bringing this up with atrium. I am very sorry but I cannot control myself, because of my suffering. You do not realize how profoundly I suffer. I am injured to an extreme degree. It may be the case that I am a 1 in 100,000 category for ptsd severity.

I am contemplating going to the inpatient unit on Billingsly road. I am not fit to be in the emergency room upstairs. I need to go to observation.

I need you very badly to help me. If I am made right here, it will work out for everyone. I can keep secrets and I will do whatever you need me to. There is no reason for anyone to believe what I have claimed anyways.

If I am made right and do not have to face the end of my life every minute of every day, I will be much better able to control myself.

I am willing to be institutionalized for life, if I can get any amount of comfort at all. If I could get sent to some facility, and have all my expenses for food, etc. paid for, and also get a disability check, that would be enough. I would just need to be able to have books, my iPad, my iPhone, and be able to use my computer. I would also need to be able to sleep and wake when I want, and have my diet and my eating times be up to me. I would like it to be a replica of my apt in Charlotte as much as possible. I am not fit to go out to places.

This may sound insane and I may sound like I'm asking for something special for me. On the former, this is an alternative to the end of my life (as I or anyone else knows it). On the latter, I have endured an extremely bad set of events and these events have injured me very extremely. There are roadblocks to me getting justice, and this isn't fair to me. I have heard of people who are a liability for Washington getting a room to stay in at the White House, for instance. I need an outcome that is good for me too.

I am suffering horrifically. I have been doing so on and off all day today, and this is very typical. My symptoms handicap me extremely.

You are creative, smart people. Please think of ways to handle this that are kind to me and that help me. I'm an easy target but I'm not the one who has the moral responsibility for this situation.

I am the one who is suffering from this. I am the one who has been suffering. I am the one who has lost all the potential for his life, at age 38, after killing himself working and studying for decades.

We can do this. We can do it in a way that is fair to me and that also works for everyone else. Please send me a sign as soon as you can. Send me sign that you are going to help me. This relentless stress is killing me and I need the comfort of knowing that one day this relentless stress will cease.

I am being murdered with symptoms as I type this. It is hell and it is horrific.

I need you to help me

To: "Division, Criminal (CRM)"

I'm trying to get out of bed and maybe I can. I feel like I'm about to collapse. I am the victim of a terrible series of crimes. These relate to a lifetime of cruel stigmatization over my mental health history. I came to you for justice. You are the Justice Department. Thus far, I have gotten:

-you have saw my illegally obtained healthcare records. You likely exchanged remarks with others about them.

-you have made me believe that I will get help if I get a brain scan. I have to pay for the brain scan and it has gotten me nothing.

-You sponsor and perhaps participate in my cruel abuse, as I get weaker and weaker.

This is not justice. This is me being victimized with impunity. This is not who you want to be, I give you that credit. It is also not who you are, I am doing my best to believe.

I will forgive you for all of these if you will just please help me. I also need the abuse of me to cease immediately. There are ways to work this out. The economy doesn't have to be affected, not at all.

I cannot forget this because I am a severely damaged human being as a result of what has occurred. I am permanently disabled and not fit to live like a normal person. I need these people to make it right.

I may start looking for help outside of you again. Not sure where I can turn. It will be hard, as every time I try to get out of bed, I feel like I'm going to collapse.

I am not much more than a vegetable, with my condition. I am not fit to live with others and I am severely damaged. I would not be asking you for help if I didn't need it.

My medication withdrawals are setting in very intensely as of today and it is torture. Far worse today than yesterday.

I ask that you please help me. I need my medications and I need resources to make it through life.

If this could be made right, I would forget about the whole thing. I am extremely damaged. It doesn't seem that you understand just what a massacred human being I am.

Please help me

To: "Division, Criminal (CRM)"

Whatever issue this situation creates, it is not my fault. I have been massacred with crime. I am a destroyed human being. I am ruined.

I ask that you take the outcome where I get nothing, and put that outcome in the trash can. This cannot be. My suffering will be just as intense as it is now, for the rest of my life. It is necessary that I get something out of this. It is morally necessary and it is made necessary by my suffering and the handicap that I now have as a result of what has occurred.

This is not a situation created by my conduct. It is a situation created by the conduct of others. Those others need to make it right. Direct your frustrations at those who are responsible for this conduct.

If you are reading this and it is your conduct, please just make it right.

I ask again that all abuse of me cease. I have been victimized and abused enough. It has been a nonstop massacre of me for almost 2.5 years.

I need my medication. We need to have a better process for handling this than taking away a disabled man's medication. I need my medications. I have been taking them for decades. They help me.

I have been extremely honest with you. This is part of a pattern over my life where I have been very honest in my dealings with people.

If I had to do it again, I would not contact the United States Department of Justice for help. It breaks my heart to say that. You seemed like such a good friend at first, and I wanted to be your friend. I still want you to be my friend and I still want to be your friend.

It breaks my heart that I am being subject to this abuse. I come to you for justice and you do this instead? Please be kind to me and please make this right.

I am being tortured with withdrawals as I type this. I cannot take any more abuse. I repeat, I cannot take any more abuse. Please cease all abuse of me. Please find a different way of handling this situation than abusing me. This is how this has been handled from the get go, by every last party involved.

It is easy to do this. I am disabled and I have autism and I am not physically strong. Just because it is easy doesn't make it right. It is wrong for you to do this. It was wrong for Wells Fargo to do this. It was wrong for atrium health to do this.

Just do this to help me

To: "Division, Criminal (CRM)"

There is this recurring concern "what would it take for you to forget about Wells Fargo." The answer is for my life in Charlotte to be secured. At this moment, I have a way to do that without Wells Fargo making it right with me.

In the short term I need my adderall filled. I then need an appointment ASAP to talk about getting it upped to 60mg. If they could just up it to 60mg on this thing at sept 1st, that would be ideal.

I am almost certain that 20mg Zyprexa + 60 mg adderall would allow me to work again. I could fend for myself in my life in Charlotte.

The problem is that you are ruthlessly running scams and seem to do so with no concern for my well-being or the things that concern me in life. This massacre of my new life must cease. I would like for you to send me some sign that there will be no further abuse or further scams. Please send it fast.

Please help me

To: "Division, Criminal (CRM)"

I need the abuse to cease. I need help. I am having terrible withdrawal symptoms right now. This is torture.

I have contacted 3 additional media companies. I see very little chance that any of them amount to anything. I also have a very low probability lead that has arose from my previous outreaches a few months ago. I'd put it at 1% that anything comes from it. Total odds from all 4 are less than 5%, I would estimate.

In the unlikely event that I get traction, I will try to make this a win/win/win. Please follow my lead in that case.

I want to believe that there is some positive motivation behind your behavior. I see the DOJ as fundamentally good people. I believe that you have had concern for me.

Your recent behavior, however, is very troubling. You appear to be holding nothing back and you appear to be quite alright with the life I cared so much about, with this life being completely destroyed. I still want to believe in you, still yet.

I cannot believe what has happened to me. It is utter cruelty at every turn. Every time I try to get help it ends up just more cruelty for me.

Please be the exception. Please do something good for me. I miss AU girl so much.

Asking you to help me

To: "Division, Criminal (CRM)"

I am not fit to live with others in my condition. I am living in terrible misery and if I am back in the mountains with my mother it will be 10x worse. I would not be asking for your help if I didn't need it.

To: "Division, Criminal (CRM)"

I need you to help me win my fight. I need you to make it right for me so that I can have a life. I need someone to compensate me for the lost potential of my life. I contacted The United States Department of Justice because I need justice. Please give me justice in the form of a settlement, where Wells Fargo will settle with me for what has happened.

I mean well towards everyone.

I am a demolished human being. I can't do anything. I need this bank to do something for me to make it right. I am so extremely handicapped. I will not make it through the rest of life. The bank is part of the picture for how we got here. It needs to be part of the picture for how we get out of this.

It is strange to me how you haven't helped me. I don't know why this is. I'm acting in good faith towards you and have been.

I think it is the consequence of the bank suggesting that anything I say is true. I think that may be the hold up. We can work around that.

I am being tortured to death with all of the abuse that is and has been directed at me. My brain is severely injured. I didn't do anything to anyone. You may have been prejudiced against me by decades old healthcare records. That is another crime. That's all to make of those records. They say nothing about me. I was extremely unwell when I said all of those things. I keep telling you that I'm going to die, and I am. I am weaker and weaker all of the time.

I am the victim. Out of all people, I should get something. This is all very stressful for you, I am sure. There is a lot at stake. It can all be done quietly and I am also open to moving to another country. Right now, I am living in torment and I am extremely handicapped. I feel that I must end my life because nothing will ever change. I will never get my medication back. I will be left to suffer like this forever, and it will only get worse. That is what I think.

We can make this right and we can make this work for me and make it work for everyone else. If you have heard some terrible thing about me, please give me due process of law so that I can prove myself innocent. I have never done anything terrible to anyone. I did some wrong things as a teenager that I beat myself up about, but that's it. I am not a cruel or hurtful person. I am someone who is extremely kindhearted.

Please help me and I will help you. I am living in torture and endless torment. You can save me from this.

I have been severely damaged by this abuse. There is something very bad wrong with me. It is dangerous for me to be around people all the time. I am a firecracker at times and my emotional pain comes with a hostility that makes me unsafe. Life feels like it pummels me. Everything that happens, every demand on me, however small, feels like a hammer blow on a helpless man. I suffer as bad or worse than many terminally ill people. My suffering is unbearable. It is killing me and is why I will die. I can't do anything. I am so helpless. Wells Fargo could make things so much better if they paid me a settlement. I don't mean to be a bastard or to impose on you by telling you that I'm going to die. It is just the morally relevant thing. It is the cost of me not getting help.

I don't want to die. I don't want to lose my fight. I am going to however. I could afford a decent amount of comfort and quite a few nice things if they paid me \$8 million. Think of what I could have. You have to account for, however, the fact that this money would have to last me the rest of my life. I would still not be so helpless and I could relax and be happy for the first time in 2.5 years. 2.5 years have been torment and unbearable hell. Please make things right for me. Re: Please help me

To: "Division, Criminal (CRM)" , "civil.feedback@usdoj.gov"

You are making me pay the full cost of this. I ask that you please change course in this. What I mean is that the doj could help me and Wells Fargo could help me. The doj could explain to the public that they cannot prosecute Wells Fargo, but Wells Fargo will be paying me. Wells Fargo could pay me money. The doj would get some flak and some bad press over this, and Wells Fargo would be out some money. My suffering would be so much less, but I would still suffer. In this scenario, we share the cost of what has happened.

What we've done instead is I pay 100% of the cost. Doj doesn't get bad press, WFB isn't out settlement money. I suffer horrifically. It is not right and it is not fair. Please god help me. I am suffering so much.

Re: Please help me

To: "Division, Criminal (CRM)" , civil.feedback@usdoj.gov

I should not have to explain my private health information to you. I owe you not one bit of apology for those records and you owe me an apology.

Any conclusions you have drawn about my character from this records are wrong and cruel and unfair. It is not your business to diagnose people or to interpret healthcare records. It is your business to punish criminals, like the criminals who obtained my healthcare records.

I am a good and kindhearted man. That is the truth of it and the end of the story. This would be evident to you if you knew me. The layman can judge me quite well when he or she has not saw those records. This works out when everyone plays by the rules because laypeople aren't supposed to see those records.

The reason that this has turned out so poorly for me is that I had faith in the justice department. You were the key piece for me to get justice out of this. You could hold this bank accountable and take some of the burden of this fight off of me. I could get others to help me then too, like attorneys.

Instead you have done what you have done. You have cruelly participated in crimes against me. You have not given me any help or any justice. You have sided with criminals 100%. I ask you to please stop this and to please do something to help me. My life has been cold bloodedly and cruelly stolen. I am doomed to a life of pain and terrible suffering if you don't help me. I'm asking you, begging you, pleading to you, please help me.

I thought the doj was forcing WFB to get me AU girl, to make it right. I thought the doj granted WFB request to verify nor other causes. I had no idea that this was done on WFB own volition and that the doj would let WFB get away with every bit of this and at the same time do absolutely nothing for me. This is too massive an injustice for me to get nothing for this. I am a massacred human being and I just want to die. I cannot tell you what pain that I live in.

I don't know how to be with the people on the other end. Your behavior is cruel and inhuman. You seem to not have decency at all. Whatever you are, I need your help. I have been massacred to the extent that I will never make it without your help. When you pretend that this massacre didn't happen or that I have not been massacred, it changes nothing. The reality of the situation doesn't go away and I have been suffering unbearably for far too long. I cannot live like this. It is more than I can take. I need your help.

P.S. Wells Fargo tried to con me into talking about my mental illness on Facebook groups. In the past 6 months or so, I have made many public posts about my mental illness. I am trading what remote semblance of privacy I might have for exposure. Wells Fargo and atrium health have ruined any chance of privacy that I perceive myself to have. Wells Fargo has sent my private health info all over the earth. It is also due to the fact that, as of now, it doesn't exactly matter if people look down on me or not. I will not have anything in life except what is given to me. I am a destroyed human being.

I am helpless because Wells Fargo's abuse has handicapped me. Why are you this way? Why is it that you won't help me and ease my suffering? You are the one that I need to make things better. What I need is money so that I can have my own life. I started out wanting money and Justice, but now I will take just money. It is what I need.

I am going to die if you do not help me. I live in torment and torture and humiliation. You could make things right. It is in your power to give me a better outcome.

I felt powerful when I was fighting this bank, because I believed in you. I thought you were legitimate law enforcement that would help the victim of a set of horrible crimes. You instead take the side of the criminals and sponsor more crimes against me. How can you be this way? You are torturing a disabled man to death? Do you not care what type of person you see when you look in the mirror?

You have done great wrongs concerning me, but you still have a chance to make it right. Please end my suffering before I give in and can't take anymore.

You don't see me as a full fledged human being and that is part of the problem. You just ignore my horrible suffering. I am a human being and I am living in constant torture. I am going to die. You need to help me. I cannot just pick up the pieces and go after a such a massive massacre. I have been too badly damaged to be able to make it without someone helping me.

Re: Please help me

If I die, and I'm going to die, you will be found out. You have not done that well with your cover up. This whole thing is senseless. I asked for a conversation at zero cost and with zero consequences. I would have kept my word. Your opinion seems to be that the people at Wells Fargo are infinitely more important than anyone else. I think that the public will think otherwise. This merciless abuse and murder of a kindhearted man, for no reason, is appalling and people won't have it. If you think that this tape that was made of me (I assume you have it) or my healthcare records will save you, you are almost certainly wrong. I have written my explanation and it is accurate. Professionals will vet it. If you have taken advantage of this poor girl from my childhood and got her to say something, the truth will come out. My explanation of that is also very accurate.

I am an exceptionally good person, considering my life. I have worked so hard, having so much to overcome. I am someone for others to look up to, in many ways. The facts will show this. The truth will not be hidden.

It is going to be a show of unimaginable horror when I die. That's what I expect. The onus for this horror will be on you.

I need help to recover from this massacre. It is too much for me to take on my own. I live in constant torment and torture. I am very certain that you helping me is a far better outcome for you than what will happen if I die.

My suffering is overall less as of late. This is day 3 or 4 of less suffering. It has been more the past 2 days than the 2 days before that, if I am recalling right.

I will try to email you less. I need to make some audios to explain my current status. I just want a life where I can be happy. I just don't want to have to die.
