

PLEASE FORWARD THIS TO HIGH LEVEL DECISION MAKERS

I have been massacred by the US DOJ, Wells Fargo, and Atrium Health. I am a massacred human being. I have been subjected to coordinated criminal abuse by the above. I am extremely unwell and worry that I will not make it. The US DOJ is sponsoring a cover up of crimes committed against me by Wells Fargo. These crimes and the associated cover up have massacred me. The US DOJ has rendered my ability to get a civil settlement through normal channels null. It has done this through its cover up of Wells Fargo's crimes, as well as Atrium Health's crimes and the crimes of other entities that Wells Fargo has induced into criminal behavior. I find it impossible to get a lawyer anyways, due to my mental health condition.

I need the US DOJ to conduct a rapid intervention into my situation. What I need is a relatively small money settlement with Wells Fargo. I can win and Wells Fargo can win too. I am ok with the cover up and will cooperate with it, if I also get help. Please help me. I have sent the criminal division a million emails begging for them to save my life. This crime spree has demolished me. Wells Fargo could make it right. I have extremely severe PTSD as a result of the abuse I have been dealt. It is crippling me in life because I can't make an income and I can't fend for myself. If Wells Fargo gives me a settlement, it will fix that situation and I will be infinitely better off. I feel like I'm going to die every day. Please help me. I may not make it through this week. I need my rent by 11/26/2021. My life will collapse after that date, due to eviction. I may be dead by then. I am begging you to save my life and to save me from this unbearable suffering that I live in. You could do it by helping me and getting Wells Fargo to help me.
