

Hi,

I have sent you several messages. I am living in nonstop torment and suffering, following a massacre by Wells Fargo that was followed by criminal abuse sponsored by the DOJ. I will be dead in not long. I need someone to help me. I have a severe brain injury from 2.5 years of vicious criminal abuse. The DOJ is covering up Wells Fargo's crimes and sponsoring cruel abuse of me, including taking away the medication that helps me the most.

Wells Fargo took over my city and massacred me for no reason. The local police, my hospital, a crisis line, and another hospital have all been involved in Wells Fargo's criminal abuse of me. This abuse was triggered by my repeated requests for Wells Fargo to tell the truth and have a conversation, consequence free. I do not see how a request or a series of requests to be told the truth and have a conversation, with no consequences, is a justification for a massive criminal assault.

Wells Fargo has also illegally obtained my healthcare records, and is using them to prejudice people against me. I am of the belief that this is being done to the knowledge of the DOJ and with the DOJ's consent. I have a complex health history due to severe sexual abuse that I suffered as a very young child and the resulting altered self perceptions that occurred with that abuse. I am a kindhearted man who has overcome a lot in life. I need Wells Fargo to make it right. Please help me. I am going to be dead in not many days.

I am asking for something outside of the box, to help me. This is because your agency has gone outside of the box. If they would prosecute these people, then I could get a civil lawyer to help me. They instead cover up the crimes and abuse me. I am left powerless because I am mentally ill and the authorities will not do anything to prosecute the open and shut case that I gave them. I have terrible feelings for Wells Fargo, but it could all be made right. I will do anything.

Letter to AG

Sir,

I will be brief. I have been massacred by Wells Fargo and your agency is sponsoring a cover up and further brutal criminal abuse of me. This massacre has killed me. It has become more than I can take and I will die in not many days if something isn't done to help me. I mean no one any harm and do not want to cause a ruckus for anyone. I am simply living in horrific pain and suffering., I ask that you direct your agency to intervene rapidly to help me. Once I know that I am getting help I will sleep easier and hopefully can recover a little. I have a severe brain injury as a result of this massacre. Please help me and I will do anything I can to help you.

If something bad is being said about me or my character, please give me the chance to respond.
