Why I mention the media so much

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

This is a quick FYI. I am trying to help you. I perceive that the media may be a potential problem for you, and that's why I tell you when I may be contacting them. That's also why I told WFB that they need to stop their Facebook scam. I believe that Facebook has figured out what WFB was doing. That would be a media circus that is totally out of my hands, if Facebook made some announcement. I wanted them to stop the Facebook thing to prevent a media announcement from happening, thinking of you and also of them. The L.A. Times seems to have some ethical issue that is preventing them from publishing. If this ever does become a media thing, I want to do whatever I can to help you.

My main thing is that my life doesn't crash in the short term, and I want Wells Fargo to pay me enough to make it right. This is considering the hell and the nightmare they have put me through, and the lifelong damage that I will have to live with. I cannot lose my apartment at any cost. That's what terrifies me more than anything right now.
