Please make them make it right

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

I'm preparing to go public. It will take me some time. Not sure how long. I would rather not. I need this bank to make it right. I am paralyzed with fear and in terrible emotional pain.

My AU girl appears to be overwhelmed with my neediness as I suffer. It will not always be this way. It is the extreme distress my financial situation causes. That's why I get so needy people at current. It will not be easy for her right now but it will also not be near this hard in the future if she sticks with me. If she's out of the picture I need her to tell me.

Part of my problem is that I do not even know if I'm getting helped. AU girl and the rest of it may be another scam for all that I know. I am again very scared and also very weak. This fight has worn me completely down.

People do not seem to understand at all how disabled I am and how much I suffer. I have an extremely severe brain injury. I am very certain of this fact. I have suffered incredibly for over 2 years, all the while getting pulverized with crime.

Please understand that I mean no one any harm and I have the best intentions. I want things to be better for everyone, but I have no choice but to call the bank out for what it did if it doesn't help me. It seems to be on the table, as a possibility, that the bank doesn't help me or do anything to make it right. That cannot happen. My life has been crushed too much. I will never make it without them making it right.
