My situation

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

I have Mecklenburg county sending me paperwork to fill out related to my computer and other businesses property. I have not been able to fill out this paperwork for years, due to my disability. They are now imposing taxes on me based on what they estimate my property to be. It is a large bill. Looks like it might be \$200. I have to appeal by filing paperwork. I already sent them an email a long time ago, explaining that I am disabled and cannot fill out this paperwork. I also have been running at a huge loss.

If I don't pay this tax bill that they are trying to impose on me (I don't have \$200. When I listed my actual property years ago, my bill was \$13 + a \$5 late fee), they will come and sell my stuff at a tax auction. I will have to get their estimate corrected.

I cannot tell you the hell this is to deal with in my condition. I am paralyzed and it murders me to fill out paperwork. It murders me to have to call and talk to people. It murders me to have to drive to the post office.

I have a feeling of being paralyzed and having to watch my life be stolen. It is a constant threat of losing my stuff, while I sit here helpless.

Please make them make this right so that I don't have to deal with this hell. I need money to hire an assistant to be my agent and handle things like this for me. Either that or a I just give Mecklenburg county a pile of cash that is good enough to last 20 years. Maybe there is another option, but this hell I am living is terrible and needs to be made to stop. They did this to me. Make them make it right.

They have everything. They do as they please. There is no privilege they do not have. They can spare some of what they have for the man that they have cruelly murdered.
