**I have more audios for you**

**To:** "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

I made some audios earlier but I'm scrapping them. I get angry and scream and say demeaning things too much. I will make them over.

The point that I want to make is that if you have questions about me, my character, my honesty, or if I have been accused of something wrong, I need to be a part of that conversation. Everyone else is biased and people have been trying to run me into the ground forever.

Any and all attacks on my character I can respond to. My side of the story makes the other persons side not nearly what it may seem without my input.

You are shunning me and not responding to my emails. There are a number of possible explanations for this behavior. Among those possibilities is that you have been prejudiced against me by what others have said. In that instance, to be fair I need to be able to respond. My life is defensible, although there are singular instances of conduct that cannot be defended. Even in those instances, it is nowhere near as bad as some people make it out to be.

I want to get this across, as I am facing destruction. The new life that I cared so much about can be saved, and I need you to help me.

Clint Williams
