**About this brain scan**

**To:** "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

I was angry about this brain scan. The only reason was that my family had to pay for it and it caused me incredible hardship. My life is melting and it was torture trying to get my mother to pay for it. I am severely, extremely disabled. Everything I do kills me. My life in Charlotte has been on the verge of collapse and this causes terrible distress. It was extremely distressing when I tried to go that one time and I couldn't get a cab. I damn near died.

This is over \$250 and a cab ride. I didn't understand why Wells Fargo couldn't pay for this. It caused me unbelievable hardship that they could have fixed instantly. That is why I had such angry words to say for this.
