Please just stop

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

I am being crushed. I need my medicine so that I can try to save my life in Charlotte. If I lose my apartment, I will just accept it. I will not take any rash actions that might cause more cruel and ruthless abuse.

I worked my whole life, killed myself, so that this could happen to me. I overcame everything, including my dysfunctional family and also including the blood that runs through my veins. Now I am handicapped for life. I will live in terrible pain. I will not be able to pay the rest of the \$1,000 that this brain scan cost me. I wanted a brain scan that would be helpful for disability, but I got one for Wells Fargo instead.

This is what I get for working so hard for this bank. They make a bad hiring decision with a senior leader, and I pay the price with the life I worked so hard to build.

I fought back because I was angry and also because I was handicapped for life. Getting justice out of this was the only chance I would have to have anything. I am breaking down in tears and I will cry over and over again for the rest of my life.

I am left in the dark about what to do to get help, as I suffer unbearably. I don't even get a return on my emails.

It was a mistake to work for this bank and this is a mistake that I will never recover from. I will not get a second chance. I will not be able to start all over another time. This mistake left me severely handicapped, so severe that I cannot get better.

I never asked for anything more out of life than what I was willing to work for. I have not asked for much from you and this bank, in this process. I was willing to accept very little. Now I cannot work and I will get nothing. God I am sad.

They could have told me the truth, like I asked, and paid me, instead of funding this crime spree that left me disabled for life. I never even asked for payment.

But why I am even talking to you? If there is anything you can do to help me get disability please do. I am speaking to the most powerful people on earth. Please use your power to help me. Please do something for me.

--

Warmest Regards,

Clint Williams
