Thank you and please help me

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

I thank you for all that you do. I am an ill man who is suffering extremely. This is why I am so needy. I keep getting subject to more hardship. It hurts and I need it to stop. I am terrified because I'm talking to the most powerful people on earth. Get them to fill my meds and I will drop this whole thing for a month. That is my request. I am very confident that I can keep this promise.

The reason I can't give it up is that I will not have a life unless they make it right. I am very disabled. I am also very fond of AU girl. I care about her so much. In your decisions, I ask that you factor in that I cannot take any more and that I am the victim of a terrible crime spree. Thank you again for what you have done with social security, if you were involved. That lifted a load of stress off of me. If you could talk to me, I could do whatever you need me to. I am a kindhearted man and mean no harm to anyone.

--

Warmest Regards,

Clint Williams
