Please be kind to me

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

I want this to turn out well for everyone. I will take the outcome that I have. I will take the outcome that I sacrificed all the promise my life had to offer for Wells Fargo, and I will not get anything back for it. I will take this, so please be kind to me.

I have been getting massacred for nearly 2 and a half years. Every single time I ask for help, I end up getting more abuse and victimization. I am a human being and can only take so much. Please help me and be kind to me. I need my medication so that I can fight for my life in Charlotte.
