Your abuse is killing me

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

This new medication regimen is horrific. I have something wrong with my heart, as a result of the horrific relentless and terrible stress of this battle. My heart is weakened. When you take away my adderall and load me up on sedating medications, this makes it worse. I have felt like I'm going to die several times today.

It is more, though, just the fact that I am being abused and massacred. I cannot take any more abuse. You have nearly killed me with this last round of abuse. I am not sure if I will survive it. I can tell you that one more round of abuse will kill me. I will not survive. I am extremely weakened. I have been getting massacred with abuse for almost 2.5 years. This is by people who outweigh me extremely and who outnumber me dozens to one.

I am a human being. I have a finite capacity for how much massacre and abuse I can take. You have pushed the limit as far as it will go. Any further abuse by you and/or Wells Fargo will kill me. I can't take any more. I will die. Your actions will have been those of a deliberate murderer.

Make this right for me so that this horrific stress can be lifted and that I can live. Please, I am begging you, in humiliation, for my life. Above all, please stop abusing me. I need some kind of short term relief if I am to for sure make it any further. This last round has put my life in jeopardy.

Clint Williams
