I was looking forward to having my life back

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

I was looking forward to having my life back and then they do this. My symptoms came back in full force last night. I really need you to help me. I am handicapped and not fit to live with other people. I can't do anything now that I don't have adderall. This is total destruction for me.

I especially mourn over AU girl. I wish you would give her back. We could find a way to live together. I really need my medicine though. That's what's killing me.
