You are handicapping me

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

Taking away my adderall is handicapping me extremely. I am worried that I won't even be able to charge my phone. There is a special process I have to do to charge my phone. It is because the charging port is messed up. I am such a vegetable that I may not be able to do that. I will not even have a phone. What will I do in an emergency? Please relent this attack and please help me. I need adderall very badly. The last of it is leaving my system and I am a vegetable.--

Warmest Regards,

Clint Williams
