I need some kind of life

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

I am permanently and completely handicapped with this new medication regimen. I was handicapped enough before it.

I have done nothing wrong and I just need some kind of life. I need to be able to have my basic needs plus a little comfort and also some enjoyment. I also need to be able to fend for myself. I need you to help me with all of this.

Please tell me what I need to do. If I need to forget this thing with WFB, tell me. I will need to have an honest discussion and there will need to be something done for me.

Right now, life attacks me with demands and it feels like getting pummeled because I can't meet them. It is pure hell like I can't describe.

I have been seriously harmed by what has occurred and I am reaching out to you for justice. Please give me the justice I am asking for. I want this to turn out good for everyone.

Clint Williams
