I understand that this is hard on your end. I don't know how exactly, but I get that it is.

Please help me. My life consists of so much torment and pain and you could end this torment and pain to a large degree. What has happened to me is the cause of this, meaning the crimes I've been subjected to.

I mean no harm to anyone. If I am somehow made out to be a bad person, let's please have a discussion, because I am not. Please be fair to me and let me respond.

Warmest Regards,

Clint Williams
