A human being is going to die because of this banks crime. The authorities will have sponsored this murder. My blood will be all over your hands, the day Wells Fargo becomes a murderer.

I am wearing down and am extremely tormented. I will not make it much longer. We can have an outcome that works for everyone. Think of how happy I will be when you help me. Think of how good you might feel. Think of this issue being over and what a relief that will be. This is better, don't you think?

Warmest Regards,

Clint Williams
