Re: Please help me

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>, "civil.feedback@usdoj.gov"

I am being tortured to death with all of the abuse that is and has been directed at me. My brain is severely injured. I didn't do anything to anyone. You may have been prejudiced against me by decades old healthcare records. That is another crime. That's all to make of those records. They say nothing about me. I was extremely unwell when I said all of those things. I keep telling you that I'm going to die, and I am. I am weaker and weaker all of the time.

I am the victim. Out of all people, I should get something. This is all very stressful for you, I am sure. There is a lot at stake. It can all be done quietly and I am also open to moving to another country. Right now, I am living in torment and I am extremely handicapped. I feel that I must end my life because nothing will ever change. I will never get my medication back. I will be left to suffer like this forever, and it will only get worse. That is what I think.

We can make this right and we can make this work for me and make it work for everyone else. If you have heard some terrible thing about me, please give me due process of law so that I can prove myself innocent. I have never done anything terrible to anyone. I did some wrong things as a teenager that I beat myself up about, but that's it. I am not a cruel or hurtful person. I am someone who is extremely kindhearted.

Please help me and I will help you. I am living in torture and endless torment. You can save me from this.

Warmest Regards,

Clint Williams
