Re: My final plea

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>

The day I die is possibly getting kicked until Monday. I am behind on my tasks. I really want to die Sunday night. You are pathetic murderers and I hope you get caught in covering up my murder. We could have made something good of this. Maybe it is the right thing, for the whole world to tank over this bank., When it is the whole world's problem, maybe something will be done about it. Right now it is convenient to just murder me and go on like everything is fine. I am paying the price for this bank's conduct with my life.

You are despicable. You will see a murderer everytime you look at yourself in the mirror. I hope there is a conscience somewhere inside of you and it eats at you, this cruelty and this murder that you have dealt me. I know that I could never live with myself if I did something like this.

Warmest Regards,

Clint Williams
