Re: "final" audios for US DOJ

This might get kicked out 2 more days. If you choose to, you can still save me from dying. I want to die at nighttime. I need to set my sleep so that I wake up at nighttime. I can fast while I'm asleep and then get up and die. I have lived in terrible pain and torment in my last days on earth. You have tortured me extremely by taking away my medication. It would mean so much to me if you would change course and help me, but I no longer consider that possibility in my plans. I need to die to end my torment and suffering, and that is what dictates my actions, completely. I am crushed by the cruel murder that I have been dealt.

Warmest Regards,

Clint Williams
