You are making me pay the full cost of this. I ask that you please change course in this. What I mean is that the doj could help me and Wells Fargo could help me. The doj could explain to the public that they cannot prosecute Wells Fargo, but Wells Fargo will be paying me. Wells Fargo could pay me money. The doj would get some flak and some bad press over this, and Wells Fargo would be out some money. My suffering would be so much less, but I would still suffer. In this scenario, we share the cost of what has happened.

What we've done instead is I pay 100% of the cost. Doj doesn't get bad press, WFB isn't out settlement money. I suffer horrifically. It is not right and it is not fair. Please god help me. I am suffering so much.

Clint Williams
