I have no idea what to do

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>, "civil.feedback@usdoj.gov"

I keep posting about what has happened. Your cover up, etc. I have no idea if this is problematic for you. You need to talk to me. You announced the deferred prosecution agreement in Feb 2020. It was March 2020 that I sent you my first complaint. That the bank could only make it one month before it was accused of more crimes seems to indicate that things aren't all well at Wells Fargo, as does the fact that they were committing crimes against me right under your nose, as they negotiated with you.

I don't want to be Wells Fargo's enemy. I hate to say such bad things. It is just that this is reality. How much sweeping under the rug will we have to do? What has happened to me is tragic. I am a ruined human being. I am handicapped for life and profoundly damaged. I will die having never known what it is like to be in love, after suffering horrifically for years. I wish you would stop this. It is within your power to do so. I miss my AU girl.

If you help me, I will help you. I think the best thing I could do to help you is to help Wells Fargo. If I get my medication back, I can use some of my usable hours to help them. I am able to think as well as I always have, and I'm a good think tank for ideas. I am extremely limited in what I can do, but when I have my medication I can do stuff on my computer in my residence.

I am no less than a miracle worker. I worked miracles for Wells Fargo when I worked for them, and I believe I could do it again, despite being so damaged. What I need very badly is money. That would fix my situation. Money and my medication back. If there is anything that you do not understand, please talk to me.

Clint Williams
