I'm not going to make it

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>, civil.feedback@usdoj.gov

It seems pointless to contact you, but I do anyways. I have been disabled and being pounded with abuse for now roughly 3 years. At the same time, my life has progressively collapsed, all while I am helpless to do anything about it. Everything that happens feels like a hammer blow to a helpless man, a man who already cannot take any more. I have fought one hell of a fight and I am very resilient, but I am worn down and the next round of hammer blows will be the death of me. You are going to be a murderer. Wells Fargo is going to be a murderer. Atrium Health is going to be a murderer. All of the above have participated in the brutal criminal abuse of a disabled man who is suffering unbearably.

You have witnessed my death in real time, and you have murdered me with abuse as I have already told you that I am dying.

It doesn't have to be this way. You can stop this from happening. I need this unbearable nightmare that I am living to be over, and you could do that. I need money and I need my medication back. I will beg you for help until the very end. I ask that you please help me. I can't take this.
