My disparager

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>, civil.feedback@usdoj.gov

I have sent you this previously, but when Wells Fargo gets information about me, it goes to Abbey and then Abbey gets the info from this guy. This is his Facebook racism party. He is a former law enforcement professional and many current and former LE were on this profile and participated in this. My disparager's name is Kermit. He is the large man with glasses holding the figurine.

This person is very dangerous and is full of hate. I have already also sent Wells Fargo screenshots of him using the N word and joking about having sex with a deceased ex girlfriend. This is who they chose to believe, over the kindhearted man who did everything for them.
