This reminds me

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>, civil.feedback@usdoj.gov

I want to go back to the time she is referring to, when things were good.

Immediately following this

My workplace becomes hell

Coworkers and management
treat me like shit

This destroys the new life that I
had in Charlotte

Me and Jenny argue about this
from when it happened in dec
2017

Jenny repeatedly denies what
happens

Right. You seemed really happy
with everything for a long time

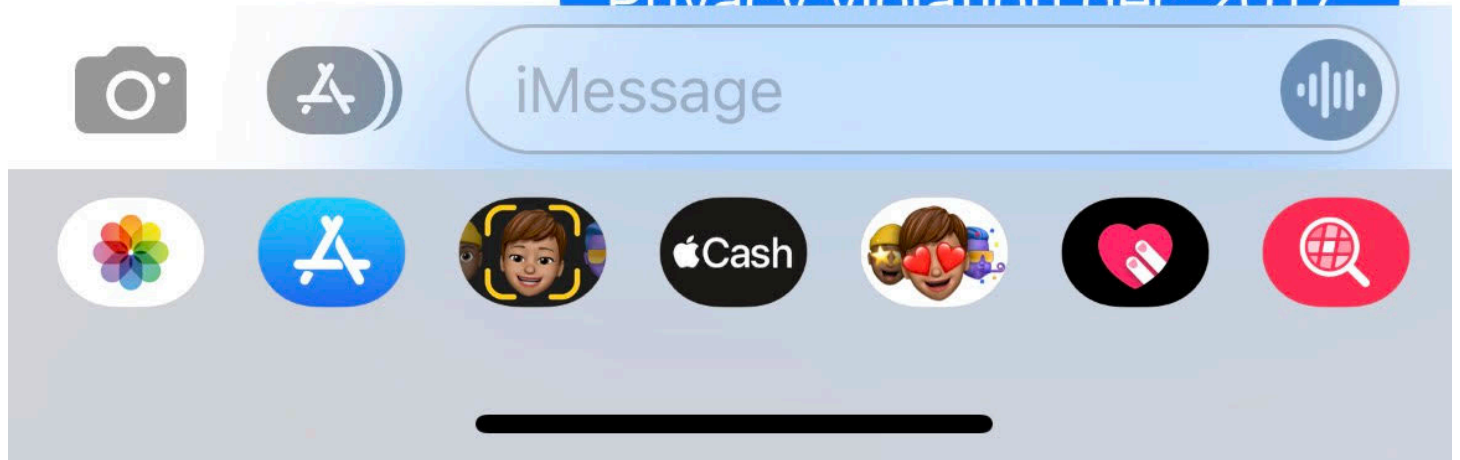

In April 2019, I make legal threats
at one point

And then it sounded sudden
when it wasn't good anymore

This triggers a crime spree on
the part of Wells Fargo

Damn

Privacy violation dec 2017
