Damn it. I am dying over and over every day. I will die over and over almost every day for the rest of my life, but my days could be made much easier and I could have a lot more of the better times if I could get Justice for what has been done to me. The media are not describing this as a "looming crisis" or a "potential crisis", it's just a flat out banking crisis, currently in effect.

Warmest Regards,

Clint Williams
