I deserve \$10 billion for what has been done to me. I also deserve to have every one of these people punished for what they've done. Jenny's police officer neighbor is facing life in prison for a deprivation of rights under color of law that involves a kidnapping. He ought to be prosecuted. Allie Roe is facing 10+ years in prison. She ought to be prosecuted. So should the rest of her social worker friends who participated in this. There are several people at atrium who are facing 20 to 800+ years, for their repeated and unending HIPAA violations, involving illegal contact with Jenny, illegal contact with my mother, and repeatedly sharing my health information with Wells Fargo and anyone else who asks for it (or in the case of Wells Fargo, they proactively deliver it to them).

The worst crime spree in the history of American business has the offenders coming out real good. Some of them have a debt free home, and there are others who probably have more.
