In re part 1 of my checklist, that starts with this-

I do not commit crimes against disabled people.

You've got a hell of a rap sheet. I mean look at this shit. And every last bit of it is true. I don't think the people at Wells Fargo ever will assassinate the pope. It's not in their financial interest, and it's not required to affirm their self-perception of being deities. But if they did, you wouldn't do a damn thing about it. You'd make some claim that the pope is the Antichrist and that Wells Fargo was being a public servant, because the people at Wells Fargo saw signs that the Pope was evil incarnate and they have an obligation to protect the public from Armageddon.

The boundless expertise of the people who work at Wells Fargo. They're behavioral science bloodhounds. They're theologians. They're modern day prophets of God. They're whatever they have to be, to half ass an excuse to get away with murder, another 1,000 times.
