Re: Email for August 21, 2023

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>, civil.feedback@usdoj.gov

I am going to have to get some willpower and force myself to be productive. I get these bursts where I can get stuff done, then I have periods where I cannot. If I take 60 mg adderall, there will often be times where I can get many hours of work done, in a fairly short period of time. It depends on the type of work.

Warmest Regards,

Clint Williams
