I do get very sick of dealing with you. I've got some audios but I probably won't even send them. I've got to micro analyze them for anything that might get your gears turning. I've got things in place for everything, but that doesn't stop you from trying. I mean you murder me and you're going to be known as a murderer. That's where you're at. I've got a backup medication provider, although I can only afford probably 3 to 5 months, due to her rate, if I have to switch. You'll be headed straight into the news before month 1 is over, in that scenario. I'm running out of money, but I'm a fighter, and if you haven't figured it out yet, I'm tough.

I am merely asking for justice, after being subjected to horrible crimes by a company that is plenty able to make it right.

If I'm beating you up for no reason, that's my bad, but you already know what you've done, and the odds are pretty slim that it's not you that is behind it.

Warmest Regards,

Clint Williams
