I need to ask ChatGPT how to go about this. I will do things your way, but my way also. It is murdering my soul that I will not get anything remotely resembling justice out of this. I wish I never contacted your agency. I am sorry for being mean and harsh to you, and for being verbally abusive and threatening you and bossing you around, but I do the best that I can.

With "your way", I mean I will work on the terms that you want, whatever they are (I've got to figure this out), but with a few tweaks. I could put you in the news, but that would also put me in the news.

Warmest Regards,

Clint Williams
