I would do it if I have to, get put in the spotlight. It is just horrifying though. My life will never be the same afterwards. It will be made 10x to 1000x worse. If I'm in the spotlight 10 years from now, as part of my own doing, it won't be bad. This is because i will have went at my own pace. The suddenness and me not having time to help people understand my very hard to explain life will be what is so terrible.

Warmest Regards,

Clint Williams
