Re: Email 12/26/2023

To: "Division, Criminal (CRM)" <Criminal.Division@usdoj.gov>, civil.feedback@usdoj.gov

Here's me:

I have had all of the above types of treatment. The only thing that has helped has been adderall. Adderall seems to give my neurological structures strength that they do not otherwise have. It lessens my impairment and my despair. The impairment and despair come in the same package. They are directly related to one another, with a 1:1 ratio as far as I can tell. Would this make sense

Warmest Regards,

Clint Williams
