I didn't get anything done today, except making audios that I've decided not to send you. I've got 5+ hours of them. My mother being here impaired me, and then she left. I started on some audios and ended up not being able to get what I wanted across, going on a million tangents, talking forever, etc. she goes back to work in 2 days. I can get back on my rhythm then. I am having my bedtime despair. I have despair every morning and close to every night or every night.

Warmest Regards,

Clint Williams
