It is something with my heart. It happens to me every time. I know for 100% fact that it is something with my heart. I am very weakened and somewhat close to dying. If I took some kind of poison, it would for sure kill me, because I'm close to the edge of death right now. Not that I want to do that or have any intention to. It is just a thought that crosses my mind and speaks to the condition that I am in, because normally it is very hard to die.
