Give me a call and let's get this shit over with. I need to free up my VM. I'm concerned with cash. I'd love to see the people who did this to me suffer harsh consequences too, but that's not going to happen. If we need some bullshit medical records, pay someone to make some bullshit Medical records. I won't object as long as it's not my normal Medical people. I'm looking for cash.

Warmest Regards,

Clint Williams
