Part of what has me amped up is being worried about you saying disparaging things about me. That's not all of it, but I can't get this worry to go away. I may post something about this on X Platform soon. If I do, please understand that it is just me trying to protect myself. The other thing is that life is an ongoing source of stress and having the hell beaten out of me + fighting with everything I've got has worn me down extremely. I'm extremely weak, and stresses keep hitting me, making me that much weaker. I can only last for so long. I cannot take an infinite beating from life.

Warmest Regards,

Clint Williams
