Please Let's do this my way. You get me fixed today and I will get this done. It will work for you. This will be over. I do not care so much anymore. I just need enough to live for some time and then go to Switzerland and die. It will be a good outcome for me. I will be able to enjoy life for a few years or several years and then peacefully die. The bank can give me as much as they can justify without compromising their interests.

Warmest Regards,

Clint Williams
