The below is a sample of the facts you have to contend with. You make it right with me and this will be over. You can turn over a new leaf and be someone different tomorrow. This is absolutely ridiculous.

The takeaways from those healthcare records are:

- 1) Wells Fargo has broken the law again;
- 2) Wells Fargo is permitted to break the law by the Justice Department;
- 3) The Federal Reserve participates in Wells Fargo's crimes and other unlawful activities; and
- 4) the evidence of Wells Fargo's crimes, in the minds of Wells Fargo, the Justice Department, and the Federal Reserve, exists to serve the interests of Wells Fargo. In this, it shares the same function as:
 - crime, which exists to serve the interests of Wells Fargo
 - facilities intended for the most vulnerable people in Mecklenburg county, N.C., like the mental health facilities at Atrium Health, which also exist to serve the interests of Wells Fargo
 - state funds for the most poor and vulnerable people in North Carolina, which also exist to serve the interests of Wells Fargo
 - racist prison guards and serial child rapists, like the person both Wells Fargo and the Justice Department used to get information about me. Racist prison guards and serial child rapists exist to serve the interests of Wells Fargo, in the minds of all of the above

-people who have been trying to cover-up and hide child sexual abuse for decades exist to serve the interests of Wells Fargo. Wells Fargo and the Justice Department will happily ally with someone who has that cause, and will aid them in discounting claims of child sexual abuse, if there is also a tit for tat benefit in serving Wells Fargo's interests

I do not discount the gravity of this situation and I can understand an ends justifies the means attitude. I recognize the limitations of all who are involved. It is still necessary to defend myself from any and all vicious lies they tell about me, and the filthiest load of bullshit their mind can conjure about me will never be as foul as the truth about what they have done, in service of terrorizing a disabled man who didn't do a thing to them

Warmest Regards,

Clint Williams
