I was expecting national and international media coverage, highlighting what a badass investigator I am. That was what I would get as long as the justice department didn't decide to throw my complaint in the garbage and not deal with this situation. You see this as a major threat and a huge situation. In my mind, in the 2 or 3 months leading up to submitting my complaint, it was a toss up between this situation and a cup of coffee. That's what I thought I was up against. I've got to come across as more interesting than a cup of coffee.

Warmest Regards,

Clint Williams
