With this peculiar way of being I have, where I have to have things a certain way, people have most often found that the easy way is to do things my way. It is partly due to me having a very clear and strong sense of what is fair. Then there are all my peculiar ways and how intense that I am.

I have had some recent downloads of my materials on my website, and I think that some of them are this law firm. I despise this situation. I hate dealing with it.

One surefire way to not have things be a nightmare, from your perspective, is to go along with what I say and follow my lead. I did not choose to be this way. It is just how I am. You have also met few people who suffer the way that I do. Probably none. I have been a tortured person, on and off, for my entire life. What has happened here has amplified that to an extreme, or, perhaps more accurately, caused the suffering that I live in to take on a whole new character.

Warmest Regards,

Clint Williams
