

This series of emails contains materials to address a recent realization I have had, where you may not believe that all that I say has occurred, has actually occurred. I have another set of audios to send you that address a bunch of other stuff.

I am sending you the 32 pieces of evidence that I have loaded onto my website. I have still yet more evidence to organize and analyze. I am also sending you 3 analysis files. Below is the list of files that you should have at the end of this series of emails.
