

Here is the contact info for my psychologist. I have given him full ROI permission for the authorities. This means he is authorized to discuss and release any information he has pertaining to my healthcare or other matters that I have discussed with him. He treated me from around 1999/2000 to 2008, and has recently began to treat and otherwise help me in around August 2019. Just call and tell him who you are.

John Monguillot

Assistant Director of Behavioral Health with NC
Department of Public Safety.
