Know that you will likely see results **before** your health care provider has had a chance to review.

At Novant Health, we believe that sharing information builds trust and better relationships, which helps us provide you remarkable care. We believe that you should be able to see your test results as soon as they are available.

We know that many will look at their test results right away while others may wait until their provider's office contacts them. Test results can be confusing and your provider can help you to understand what they mean.

If you do not have a scheduled appointment or have not heard from your provider within a few days, contact your provider's office to schedule an appointment.
