Sorry if you texted my other phone. I don't have service in here ☹

Ok, we were just trying to distribute work. I sent Brittney and Patrick to your queue. I told them to take things without notes and names they are familiar with.

Other than that I think everything else is fair game. Can't exactly remember. It will be fine. Just as long as they ask questions on anything they don't understand. There are a few customers that I do almost every single time but won't hurt for someone else to do them once, as long as they ask questions

2017-06-05 10:33:27 Received

Ok, perfect! We left a few free to help out with your stuff and I just didn't want them sitting idle. Thanks!

Hi Clint. Yes, I saw. No worries. We'll get you caught up this week. Sorry I didn't get a chance to talk. We had a few impromptu meetings. We can talk tomorrow.

2017-08-28 17:19:28 Sent
Sounds great. I just got frustrated because someone had deleted my note about the CERTOC in ETRAC and it caused me to get an error. It wouldn't be a big deal if my quality wasn't already tanking, and it just makes me feel like I've got too much to keep up with. I've got 6 to 11 people doing my customers and I can't keep track of everything everyone of them is doing. But it just got me flustered. I'll be back in action tomorrow

2017-09-05 09:14:48 Sent
Hey Courtney,

I didn't send you a list, but I'm keeping Adams Land & Cattle, Cooke Seafood, and Modeste's request that you sent me last week. I'm going to have to contact the office about that one. Anything else is fair game if you want to hand some out

Hey Courtney, I have an interview at 9 am in uptown. I will be in between 11 am and noon I think.

2017-11-03 07:05:35 Sent

I have a million things due, but am short on hours and will be in tomorrow too. I should be ok without much help. There is a rush in my queue for AU 109970 if someone wants to take it. It's not fresh innovations it's the other rush. And for that matter, any rushes in my pending they are free to take, unless it is herd co or 4M. Those 2 are coming at some point and I am the sole analyst for them

2017-11-03 08:58:09 Received

Ok, thanks! Good luck!

2017-11-03 11:20:29 Sent

I'm at ihop and will be in around 12:30. Thank you for wishing me luck!! It sounds like something I would love to do but I did pretty bad in the interview. I'm not good at interviewing

2017-11-03 11:20:54 Sent

They like me a lot so they may have mercy. If I don't get this I'm giving up on interviews and never doing another one again

2017-11-08 09:08:21 Sent

Hey Courtney, I've got a bunch due today but half the ones in my WIP have already been completed. I just have to check them over before turning them in. I won't be in until 10:30 to 11. I'm at the pharmacy now.

The request in my WIP for Stanlee can be given out. The statements need saved. There is also a rush for Caprock in my pending that can be handed out.

And I have a mountain of work due tomorrow. I have 19.5 hours for Sunday through Tuesday this week. So I'm going to have to work a short day sometime this week.

2017-11-08 09:30:04 Received

Hello. I got rid of those two rushes. I'll be in meetings all day until 4pm, so if you need anything else please reach out to Christian.

2018-01-05 15:24:29 Sent

Hey just a heads up. I was going to have .25 hours over 40'after Holidays and PTO. I figured that was fine so I put it in my time sheet rather than staying 45 more minutes, then at the very last minute I got several pings from my offices and a call from one of them. So I ended up working about 40 more minutes. It put me at 41 hours but none of it is overtime because of the holiday

2018-01-05 15:26:15 Sent

I appreciate your concern and incredible patience while I'm having these health problems left and right. I'm working on all of them and hope to be able to have a

normal life soon, including being able to work full days most of time like everyone else does

2018-01-17 11:43:22 Sent
Hey Courtney, was WLS closed today?

2018-01-17 11:43:39 Sent
I need to edit my time sheet if it was

2018-01-17 11:44:25 Received
No, not officially. We were in green status.

2018-01-17 11:44:31 Sent
I see

2018-01-17 12:01:43 Received
The policy is that if the site opens late or closes early, and the team member doesn't come in that day, PTO must be used for the time (or by making up time if the dept allows it)

2018-01-17 12:02:19 Sent
Yep

2018-01-17 12:03:00 Received
If the TM comes in and the site opens late/closes early, they are paid for the hours they worked and the hours in which the location is closed.

2018-01-17 12:03:34 Sent
Yeah you're not telling me anything new. I was just asking if the site was totally closed.

2018-01-17 12:05:21 Received
Nope, unfortunately not. Even if it was, I'm almost 100% certain that if you are not scheduled to work (on PTO), you can't change your time card to reflect facility option for the day(s) of closure.

2018-01-17 12:05:59 Sent
They let me do that a few years ago when I was under Shana

2018-01-17 12:06:39 Sent
They also were going to let Lyndsay do it but she didn't edit her time card quickly enough.

2018-01-17 12:07:02 Received
Yeah, probably a time when they weren't as strict about following policy. We literally just got an email today about applying policy consistently in relation to yellow status

2018-04-28 15:20:40 Sent

Hey Courtney, I texted Christian and he said to get with you. Let me copy and paste what I sent him. Sorry to bother you on the weekend!

2018-04-28 15:20:51 Sent

Hey man, sorry to bother you on the weekend, but I'm at least going to be out of work Monday, and possibly Tuesday. I'm increasingly getting in a condition where I cannot do my work and shouldn't be there. I am probably going to call the short term disability claims administrator for Wells Fargo Monday and see what they need. I will see my doctor on Wednesday.

I truthfully don't think I should be at work at all next week and until I get

better, but I don't have much PTO left and until I can get disability funded I need the money. For most of last week I just handled footwork for my offices and got a few things done, and then helped people that had work handed out to them. I did very little productivity. If this creates an issue then I can just go unpaid next week or take what Little PTO I have left if it covers a whole week. Idk but I've used a bunch. I don't see me getting much done like I normally do if I come in. Depending on how bad off I get I could possibly hand out my work and then answer questions that people have

2018-04-28 15:21:42 Sent

I thought I would give an advance notice rather than text you guys Monday

2018-04-28 15:22:03 Sent

And I may need to go to a medical doctor tomorrow or possibly today as well

2018-04-28 15:22:27 Sent

I am having physical reactions that I have no idea what is causing them

2018-04-28 15:28:08 Received

Hey Clint! It's not a bother at all. I'd definitely try to get in to see a doctor ASAP. I hope you feel better soon. I would definitely see about FMLA and ST disability. I'm not at home now, but can text you info later tonight or tomorrow so that you can get the ball rolling.

2018-04-28 15:29:59 Sent

Yeah I will get on teamworks at home and see if they have the number. I was looking at it at work yesterday but didn't write it down. They may have a claims person I can call on the weekend

2018-04-28 15:30:30 Sent

But that's my plan, call them and see what they need and then get it

2018-04-28 15:32:41 Received

Ok, let me know if you find the info on there. I'd think it should be there. I'd also think someone would be available to talk on weekends

2018-04-28 15:34:36 Sent

Will do. Thank you!

2018-04-29 20:31:46 Received

Hi Clint! Did you find the info on teamworks at home?

2018-04-29 20:35:20 Sent

I didn't look yesterday and haven't felt like it today either. I've been doing really bad.

I ended up going to urgent care yesterday. But I will call them tomorrow. The benefits book is on teamworks at home right?

2018-04-29 20:56:49 Received

Glad you went to urgent care! I'm pretty certain it is on teamworks at home. I'll text you tomorrow to make sure you found what you needed and will text you the info.

2018-04-29 21:02:03 Sent

Ok if someone call pull farmers investment company out of my queue and do it and send it to Jeff Lucas and whoever else is on the request that would be great. I've been promising him that for days and he needs it tomorrow. Originally needed it Friday. I've been feeling Too bad to get it done. 4M Feeders and Herd Co needs their stuff saved to WLIS. I don't save it at check in because they come in zip files that have a bunch of docs. I always save them around the time I use them.

I've been going back and forth with my office on David Robison. They got back with me and the spread is exactly how it needs to be. It just needs printed and sent to the office. It is a PFS and they can put an note that per the front office spread all the debt as contingent and not balance sheet debt

2018-04-29 21:02:19 Sent

Not sure what else is going on but I remember that off the top of My head

2018-04-29 21:02:46 Sent

2018-04-29 21:05:41 Sent

I am 99% sure it is due to the withdrawal from my medication

2018-04-29 21:06:09 Sent

Yeah the bad thing will be if this is an indication that my new medicine isn't working. That will mean I will have to try another replacement. And that process is a nightmare. Absolute and total hell. I went through this for about 6 years when I lived in the mountains

2018-04-30 15:29:29 Sent
What happens is you have to take one medicine after another. They put you on something and it doesn't work, or it gives you some nightmare side effects, so they put you on another one. And this is repeated nonstop until they find something that works, which in my case never happened last time.

My only options are 1) the old medicine I am getting off of which is going to give me dementia 2) the new medicine I am on now or 3) whatever New medicines they have came out with since 2006, because I've been on literally every single other one

2018-04-30 15:29:53 Sent
From 2000 to 2006 I was on a new medication every 2 to 3 months

2018-04-30 15:30:33 Sent
My doctor whimsically wouldn't let me try the one I am trying now, which is why that's the one I picked

2018-04-30 15:30:52 Sent
It's the only one I know that I know for a fact has a chance of working

2018-04-30 15:31:24 Sent
And it may tank me in life totally

2018-04-30 15:31:48 Sent
Anything else they find that word may end up being disabling

2018-04-30 15:31:51 Sent
Works

2018-04-30 15:33:31 Received
Well, I sincerely hope there is an easy solution that doesn't cause any long term issues for you!!

2018-04-30 15:34:19 Sent
I appreciate it. I hope so too.

2018-05-03 12:58:38 Sent
Hey I'm not going to be at work at all next week either

2018-05-03 12:58:50 Sent
Probably taking PTO because the disability people are putting me through hell

2018-05-03 13:00:00 Sent
I am in no condition to deal with these people's bullshit

2018-05-03 13:00:34 Sent
And probably what's going to happen is I am going to run out of PTO and my life will just go totally to shit

2018-05-03 13:00:54 Received
Hello! Your ears must be ringing. I was about to text you! Sorry they are being difficult!!

2018-05-03 13:01:27 Sent
But don't worry about that. Next week is our immediate bridge to cross. I won't be there for sure

2018-05-03 13:01:47 Sent
They are worthless and dealing with them is more than I can take

2018-05-03 13:02:05 Sent
They sent my doctors the wrong form for release of information

2018-05-03 13:02:20 Sent
And this guy will not return my phone calls

2018-05-03 13:02:49 Sent
And gave them a deadline they can't meet for getting the info back to them

2018-05-03 13:03:00 Received

Typically, you have to take 5 days of PTO before they approve, so I know that can be a pain. Hopefully, they can get the form situation figured out!

2018-05-03 13:03:02 Sent

But said in their request "failure to respond by this deadline may result in adverse benefit determination"

2018-05-03 13:03:29 Sent

Yes I am taking 5 days PTO this week

2018-05-03 13:03:45 Sent

But I'm going to be running in circles pointlessly

2018-05-03 13:04:05 Received

I know it can be a pain with them and the paperwork. I'm sure it will all work out.

2018-05-03 13:04:33 Sent

But do you know if i take PTO next week and my claim is approved if they will pay me for the days I took PTO?

2018-05-03 13:04:54 Sent

I am feeling like absolute hell

2018-05-03 13:05:18 Sent

Carolinas health said it will take them 4 to 6 days to get the medical records to them

2018-05-03 13:05:41 Sent

Then it takes them 3 days to make a decision

2018-05-03 13:05:49 Received

I'm not 100% certain on that. I'd wait to put it in until later next week.

2018-05-03 13:05:53 Received

Just in case

2018-05-03 13:06:26 Sent

1) CH time for processing is longer than the insurance company will allow and they will weasel out of it or try most likely

2018-05-03 13:06:47 Sent

Yeah that's a good idea

2018-05-03 13:07:06 Received

CH must have done this several times because they are a large provider in this area. I'm sure it will be fine!

2018-05-03 13:07:36 Received

I'm curious why they take so long though. It does seem like a long time.

2018-05-03 13:07:37 Sent

Yes they have

2018-05-03 13:07:55 Sent

This is the worst I have felt in 11 years

2018-05-03 13:08:11 Sent

Well the insurance company sent them the wrong form

2018-05-03 13:08:21 Sent

So we're having to fill out new stuff

2018-05-03 13:08:22 Received

Well, I hope you feel better ASAP and don't have to deal with much more back & forth

2018-05-03 13:10:08 Sent

I appreciate it! I hate to burden everyone by talking about this and I wish I had something good to say, like I could tell everyone how things are going great and could have been telling them that for the past 3 years, instead of bad news almost every day

2018-05-03 13:11:13 Sent

But this is brutal as hell. I don't feel like doing anything, much less doing the run around with this insurance guy and CHS. And I expect more bullshit to come.

2018-05-03 13:40:14 Received

I hope it gets better on all accounts!!!

2018-05-07 10:57:39 Sent

Hey time tracker isn't letting me put in my hours for last week. It says "cannot use paid time off because all of your paid time off has been scheduled for the future" or something like that

2018-05-07 12:25:12 Received

Hmmm. I'll take a look at it when I get back to my computer

2018-05-07 12:39:07 Sent

Christian is supposed to be sending you a message

2018-05-07 13:08:01 Received

Ok. I just tried to do it for you and got the same message. You have plenty of PTO. I think it is related to your leave. You will have to call HR to see if they can submit a time card for you.

2018-05-07 13:08:32 Received

It's probably because you didn't submit for PTO last week

2018-05-07 13:08:38 Received
I think it locks down

2018-05-07 13:10:37 Sent
I explained the whole thing to him and he was supposed to send it to you

2018-05-07 13:10:41 Sent
He said he was going to

2018-05-07 13:10:44 Received
I already have. He had the same issue.

2018-05-07 13:11:07 Sent
Let me copy and paste what I sent him that he said he was going to send to you

2018-05-07 13:11:22 Received
I'll have him come show me

2018-05-07 13:11:25 Received
No word

2018-05-07 13:11:27 Sent
Ok for the leave of absence if I don't have enough accrued PTO they say my manager has to fill out a form. She said my manager and his/her manager has to sign it

HRS 8397 forms

2018-05-07 13:11:50 Sent
That's the name of the form

2018-05-07 13:11:59 Sent
That's what's going on

2018-05-07 13:12:09 Sent
That is what HR told me

2018-05-07 13:12:43 Received
Ok. I'll have to figure out where it is.

2018-05-07 13:13:07 Sent

It is on teamworks under forms

2018-05-07 13:13:11 Received
Yup

2018-05-07 13:13:14 Sent
that's what HR told me

2018-05-07 13:13:18 Sent
Thank you !

2018-05-07 13:13:28 Sent
I will be back to work next week or the week after

2018-05-07 13:13:31 Received
I've got it. Not sure they know what they're talking about, but we'll see

2018-05-07 13:13:36 Sent
That's what I anticipate at least

2018-05-07 13:13:45 Sent
It is a special rule
For leaves

2018-05-07 13:14:06 Sent
I have accrued just a little less PTO than I have taken

2018-05-07 13:14:15 Received
Yes, I was pretty certain you had plenty accrued though. I might be wrong.

2018-05-07 13:14:34 Sent
And for leaves you cannot take PTO in excess of what accrued

2018-05-07 13:14:47 Sent
I have accrued 77 hours and used just less than 77 hours

2018-05-07 13:14:52 Sent
Not counting last week

2018-05-07 13:15:13 Sent
I have a little over 105 hours available

2018-05-07 13:16:05 Sent
So if I took a vacation I could use them all at any time, but because I am on leave
it is not based on what I have available but on how much excess I have accrued

2018-05-07 13:17:20 Received
Yeah. I just checked. I was thinking you had the 105 accrued. I've got the form.
I'll get this taken care of ASAP

2018-05-07 13:17:33 Sent
Thank you very much!

2018-05-07 13:17:55 Sent
I'm hoping to be back soon. It's been hell but I'm doing a little better now

2018-05-07 13:20:11 Received
Glad it's a little better!!

2018-05-07 13:24:53 Received
When did you get confirmation that your leave was approved?

2018-05-07 13:25:34 Sent
I haven't

2018-05-07 13:25:51 Sent
I'm about to call the guy on my case

2018-05-07 13:26:00 Sent
I just called CHS and they've sent the info

2018-05-07 13:26:34 Sent
But because I filed a claim that means my absence is considered a leave is how I interpreted it

2018-05-07 13:26:46 Sent
That's what the HR girl seemed to be saying

2018-05-07 13:27:00 Received
Ok. Just wanted to check. It's relevant to the coding on the hr form.

2018-05-07 13:27:34 Sent
No problem at all. Anything you need let me know. I will be glad to get you the info

2018-05-07 13:28:31 Received
The first 5 days is regular PTO, but the rest should be leave. Hope they get it figured out soon!!!

2018-05-07 13:48:54 Received
Form has been faxed

2018-05-07 14:31:14 Sent
Thank you very much!

2018-05-07 14:31:39 Sent
Will the PTO be able to be entered so that it doesn't skip a paycheck?

2018-05-07 14:31:55 Sent
Or are we too late for that? And do I need to do anything further?

2018-05-07 15:52:06 Received

I'm not sure. It's in HRs hands now. If they get to it before Friday, you should be good to go.

2018-05-07 15:52:14 Received

I don't believe so.

2018-05-07 16:58:06 Sent

Thank you very much. To make sure we're on the same page, this is for 4/30 through 5/4, those days

2018-05-07 17:11:11 Received

Yes, those are the days. I'm happy to help!

2018-05-09 10:34:50 Received

Hey Clint, I hope you are doing well today. I'd maybe give a call to HR to check on your pay/the form I faxed over.

2018-05-09 13:38:24 Sent

They approved me through June 3rd

2018-05-09 13:38:38 Sent

Said he will be calling me at the end of may for an update

2018-05-09 13:38:50 Sent

I called HR and may need to call them back

2018-05-09 13:39:08 Sent

He said I was approved from April 28 to June 3rd

2018-05-09 13:43:23 Received

Ok. Glad to hear!!!

2018-05-09 13:54:20 Sent

Ok I just called HR and Liberty. Once liberty received my medical records they determined I was disabled as of the week beginning 4/28, which would have been that same week for the PTO. She said for the PTO to be reversed you would have to fill out that same form and sent it again.

2018-05-09 13:54:43 Sent

Is it possible you can do that?

2018-05-09 13:57:15 Sent

Sorry

2018-05-09 13:57:21 Sent

I said that wrong

2018-05-09 13:57:29 Sent

I was disabled as of the previous week

2018-05-09 13:57:37 Sent

And that's why they're paying me for 4/28

2018-05-09 13:57:56 Sent

If you can't that's fine

2018-05-09 13:58:16 Sent

And actually, let me call them back

2018-05-09 13:58:23 Sent

I think I may have misunderstood liberty

2018-05-09 14:00:49 Sent

Yeah actually leave it like it is. I think the back and forth with liberty and HR has gotten people on a different page

2018-05-09 14:00:55 Sent

I just tried calling him

2018-05-09 14:01:53 Sent

He said before that I was approved from 4/28, but now I think that means that they are paying me for this week but not last week. I think the date I am approved from includes the dates where I use PTO

2018-05-09 14:02:02 Received

Unfortunately, I will be out of office until Tuesday. Unless Christian can act on my behalf, it won't be until then.

2018-05-09 14:02:16 Sent

No worries

2018-05-09 14:02:32 Sent

There is nothing further to do

2018-05-09 14:02:43 Sent

And I hope you enjoy your time
Off!

2018-05-09 14:03:27 Sent

I just explained in the texts above the confusion if you want to read. I think everything is just how it needs to be

2018-05-09 14:03:49 Sent

Me and HR got confused in the back and forth with liberty

2018-05-09 15:07:24 Received

Ok. Let me know if you need anything

2018-05-09 15:12:04 Sent

I will! When does the Gallop thing come out this year?

2018-05-09 15:12:42 Sent

And never mind. I shouldn't ask you why you're off work

2018-05-09 15:13:17 Sent

But expect a good review from bill at the end of the year if he asks for employee feedback :)

2018-05-09 15:13:33 Received

I don't believe it is happening this year. Awwwww. I appreciate that 😊

2018-05-09 15:14:20 Sent

You bet! I made Shana out to be the best thing since sliced bread to mike z (because she was) and will do the same for you.

2018-05-09 16:22:34 Received

I appreciate it 😊

2018-05-18 18:20:43 Sent

Hey, how have things been going? Busy season in full swing?

2018-05-18 18:32:25 Received

Hello! Pretty good. Yes, very busy! We were over 200% capacity today. How are you?

2018-05-18 18:33:32 Sent

I am doing pretty good. I had a spell there where things got worse. Now they are better on and off, but I feel
Like I need to do something different

2018-05-18 18:33:43 Sent

I want to come back on 6/4

2018-05-18 18:34:02 Sent

I think I may end up having to take one more week. I hope not cause I need OT

2018-05-18 18:34:13 Sent

How much OT are they allowing now?

2018-05-18 18:35:01 Sent

I am about 90% of where I need to be but I worry that the problem hasn't been addressed and I will slip down to far worse in the future if we don't do something

2018-05-18 18:35:07 Sent

I see my dr soon

2018-05-18 18:35:48 Sent

And are my offices being quiet?

2018-05-18 18:36:32 Sent

This is a good experiment to see how it runs without me. If they can handle a full month of busy season without me they can handle anything, I think. Which is good

2018-05-18 18:37:50 Received

Glad it's mostly better and you are see your dr soon! Take all the time that you need

2018-05-18 18:38:04 Sent

Yes, I want to get back to work

2018-05-18 18:38:06 Received

If you feel you need more, I'd reach out ASAP to liberty mutual

2018-05-18 18:38:14 Received

It's been good

2018-05-18 18:38:26 Received

I talked to Julie Bell. She asked about you

2018-05-18 18:38:27 Sent

Both at WLS and my website.

2018-05-18 18:38:35 Sent

She's my fave

2018-05-18 18:38:37 Received

We've got Pat and Omer covering you

2018-05-18 18:38:54 Received

Told her to loop me in should anything be of priority

2018-05-18 18:38:58 Sent

I love all my office people
But especially her

2018-05-18 18:39:02 Sent

Perfect

2018-05-18 18:39:17 Sent

Omer and Patrick are the people

2018-05-18 18:39:30 Sent

Those are the 2 I would pick

2018-05-18 18:40:51 Sent

I would check in with Patrick,
To say something in private. East was annoying him very early in the process. Might want to see how he feels about the whole thing.

Their CA3 that got the job I applied for has started

2018-05-18 18:41:31 Received

Omer accepted a position with CMS and is leaving us! I actually think this was his last week. I've been so engrossed in project stuff because it's busy again.

2018-05-18 18:41:48 Sent

I foresee her sending a bunch of Corrections on spreads that are Totally wrong

2018-05-18 18:41:54 Sent

I am happy for him

2018-05-18 18:41:55 Sent

Oh man that is terrible

2018-05-18 18:42:02 Sent

Very happy

2018-05-18 18:42:22 Sent

But that puts a dent in food & Ag cause he was super good and took a lot of work

2018-05-18 18:42:41 Sent

So you're back on the project?

2018-05-18 18:44:51 Received

I've been on, but had a short down period. It's very busy again. I think it will still be fine ☺. I'm happy for him too.

2018-05-18 18:46:08 Sent

Yes it will be fine. They will be fine. Just makes it tough on WLS more than anything. I'm very happy for him and glad he got the role. He took a ton of work and made life easy on me

2018-05-18 18:46:21 Sent

Easier rather

2018-05-18 18:46:51 Sent

And see what's up

2018-05-18 18:46:51 Sent

But with liberty mutual what they're going to do is call me a week or so before 6/3.

2018-05-18 18:47:07 Sent

They will ask for updated records if I can't come back

2018-05-18 18:47:15 Sent

But I'm trying really hard to get better

2018-05-18 18:47:19 Sent
I need OT

2018-05-18 18:48:08 Sent
I think at
Most I would need one
More week. But I'm getting with my doctor and am going to ask her if we can start making appointments every week.

2018-05-18 18:58:23 Received
We've been doing 5ish. Just started offering 10 to those that want it

2018-05-18 19:01:57 Sent
I'd be all over 10

2018-05-18 19:02:21 Sent
So we were at 200%. What would it have been without india?

2018-05-18 19:04:25 Received
Yup! Not sure. That's with a bit of India down time too. They had some flo issues. They are working tonight fortunately!

2018-05-23 12:25:01 Sent
Yo!

2018-05-23 12:25:07 Sent
Disregard this message if you're on PTO

2018-05-23 12:25:50 Sent
But I see my doctor tomorrow and I'm going to push hard for them to approve me to go back to work on 6/4. I generally get my way so I think it's pretty safe to plan on that

2018-05-23 12:26:04 Sent
I'll let you know when I have better info

2018-05-23 15:06:52 Received
Hello! I'm on PTO. No worries. Take your time! Just keep me posted 😊

2018-05-24 12:25:00 Sent
If I'm doing good in 1 week I will be back at work on 6/4. Talked to my dr today.

2018-05-24 17:10:28 Received
Hello! Ok. Please don't feel like you have to rush back. If you're not feeling ready to come back, take your time. 😊

2018-05-29 07:34:59 Sent
Hey I'll be back 6/4

2018-05-29 10:24:30 Received

Ok. Sounds good! See you then!

2018-05-29 10:37:58 Sent

2018-05-30 09:47:36 Received

Good morning! Have you sent your doctors's release to liberty mutual?

2018-05-30 09:48:20 Sent

They haven't called me back

2018-05-30 09:48:28 Sent

He said he was going to call me

2018-05-30 09:48:50 Received

Ok. I was updating staff management to make sure everything is all set for your return and it mentioned doctor's release.

2018-05-30 09:49:29 Sent

Yeah I've got that. I am trying to remember if I send it to you or them now that you mention it.

2018-05-30 09:49:30 Sent

I was thinking them

2018-05-30 09:49:40 Received

It says you should send it to them

2018-05-30 09:49:51 Sent

He was supposed to call me sometime near my end date

2018-05-30 09:50:02 Sent

Ok I'll fax it to him today

2018-05-30 09:50:21 Sent

I'll send it to him right now and call him

2018-05-30 09:50:37 Received

Perfect! Thanks ☺

2018-05-30 10:09:49 Sent

Just faxed it directly to the guy over my claim. He says that all they require is a verbal from me that I am going back, but to send that to him and he "will put it on file"

2018-05-30 10:10:04 Sent

What is the overtime situation for next week?

2018-05-30 11:13:41 Received

Ok! OT is available. 5 without approval and up to 10 with mgmt discussion. We're tracking productivity closely to ensure folks taking it are actually producing.

2018-05-30 11:15:19 Sent

I will probably take the 10

Ok, you can discuss with Christian or myself when you get back. Not sure what it will look like then. Hopefully much better!!?

2018-05-30 11:32:30 Received

I've been pulled away again for the most part for the foreseeable future.

2018-05-30 11:34:12 Sent

Let's hope. I'm just wanting to get my queue caught back up and my offices to square one. I talked to Patrick the other day and he's way way behind.

2018-05-30 11:34:19 Sent

Yeah that project is a beast

2018-05-30 11:36:23 Sent

For the past few weeks I've been studying my web design stuff on and off if I feel good. It's quite a task. You probably saw it coming but I'm now not 100% sure that 12/31 will be my last day. I am thinking I may stay longer to Build my business + milk my health Insurance for all I can. I'm going to have a lot of expenses coming up from what it looks like

2018-05-30 11:51:28 Received

Yeah, Patrick has been struggling. Julie has been very understanding! Ok, take your time!

2018-05-30 12:35:16 Sent

Yeah she's awesome

2018-05-30 12:36:13 Sent

Why are you speaking of her specifically

2018-05-30 12:37:36 Sent

And of course he's struggling. Last time I did them both solo in busy season I worked 60 + hours a week and still stayed behind. And we've probably got a net gain of 100 customers since then

2018-05-30 12:37:52 Sent

Although the prospects were a lot more then

2018-05-30 17:23:58 Received

Sorry, I was in meetings all day. Julie reached out several weeks ago. Christian got him some help today. Others are starting to slow down a bit, so he'll hopefully be caught up soon!

2018-05-30 17:26:25 Sent

Oh it's fine. What did she reach out about?

2018-05-30 17:27:01 Received

It maybe would have been better if Jess and I were so busy with WLT. You know how much we micromanaged the queues last busy season. Unfortunately, Christian is only one person

2018-05-30 17:27:12 Received

Weren't*

2018-05-30 17:28:03 Sent

Yeah I am kind of 6 of one half dozen of the other. Anytime I don't get at WLS I will work on websites. I've got quite a bit of work to do on my existing site that I've already been paid for. But once I'm done with that I will make money from anything I do

2018-05-30 17:28:38 Received

Just checking on you and also mentioned stuff not getting turned around quick enough. I told her to reach out to Patrick or Omer for urgent requests and were doing our best on the other things, but it's busy season. Also, told her to contact me if she had issues. She was very understanding.

2018-05-30 17:34:55 Sent

So 40 hours is fine or 50

Or whatever. I just want to get my offices straight. Also going to get some feedback on what kinks were in the process with me gone. This is the experiment I've wanted to do for a while. Whatever went wrong, if anything, we can set up a system to address it and document it. That way it won't go wrong in the future.

Then I can quit worrying about how they will survive once I'm gone for good. I have always wanted to set it up so that they will be happy forever.

And the stuff taking too long, I think the issue there is a lack of communication. That's my guess. They pound you with work nonstop, but don't need 80 to 90% of it. So what you do is constantly negotiate and figure out what the 10% is and get it out early or at least on time. My strategy is to get the 10% out early and also to once in a blue moon give freebie rushes if I have to push out stuff over and over and over for the same office person. It's kind of like "everything you've got has been on hold for weeks, so you're due one ahead of time" and I do that even if all the stuff that is kicked out hasn't been needed and still is not. If you can do that they will be happy as hell and won't care that 80 to 90% of what they send in is late.

2018-05-30 17:37:04 Received

It's probably not the best representation, as it's busy season and we are down a few analysts. The communication is definitely key!

2018-05-30 17:37:07 Sent

That's just my guess of why things are taking too long, but I'd wager high that's exactly it. If you communicate nonstop you won't miss stuff. And yes, Julie is awesome. The best person you will ever meet. All the bad things that were said about her by the last Charlotte people are ridiculous. Reflects on them not her. They sent her garbage work

2018-05-30 17:37:45 Received

I haven't heard from Julie lately, so it seems Patrick is managing the communication aspect. I assume she'd pick up the phone, if that wasn't the case.

2018-05-30 17:38:00 Sent

Yes

2018-05-30 17:38:09 Sent

Yeah she probably would

2018-05-30 17:39:27 Sent

It may be that they're just toughing it out until I get back so I can fix everything. And she is probably reaching out to Patrick rather than you and that's why you haven't heard from her

2018-05-30 17:41:09 Sent

And I agree not the best representation, but it's better to err on that side than the other. The worst case scenario end of the spectrum is better than the other end, because we will catch more kinks in the process. The goal is not to judge the analysts doing the work, it is to see where things, processes don't work as they best could

2018-05-30 17:42:42 Sent

Like I've had this quirky little island that's pretty separated from the rest of what our Dept does, and I've made it work like a charm. I have a ton of knowledge and first hand experience, but there is no way to know where the gaps are that I need to fill in.

2018-05-30 17:49:41 Sent

And I know with this transformation project we are out to standardize everything, and I agree that that is a good process, and I think that for food & Ag it needs to largely mirror what I've been doing. I think food & Ag needs to be its own thing, like GIB.

It is hard as hell to get these things right and make it work, and I am not sure that anyone could ever come up with a better model than what I have. I have worked too hard for too long. Tweak the model, yes. The more eyes and minds are looking at it the more ideas for improvements we will have, and a good number of them will work. But to start from scratch and build something from the ground up is a disaster waiting to happen. There's a way out, and that is to put yourself through hell figuring out these half assed balance sheets and nutty customers for years, and to also live on the telephone with 20 + office people for years and years. What you will end up with is something just about exactly like what I have, and I've already done the work. No need to repeat it that I can see.

2018-05-30 17:53:40 Received

Ag guidelines will be addressed in time. Now that they are hammering out the general industry across the groups (going great too) and RE, the specialized stuff will start being analyzed, discussed, and signed off on. BBG does Ag too, so I'm interested to hear more from their folks too!

2018-05-30 17:57:02 Sent

Yeah that will be interesting. I've seen a bunch of BBG sized Ag customers. 2 of my current PMs in AU 199448 used to do deals that size under another AU that I had. That AU is gone, but I think that previously they had their spreading under BBG. I will ask them.

With your daily reports

2018-06-15 15:10:10 Sent

That place has ruined my day completely for the last time

2018-06-15 16:34:05 Sent

I'm come in today with a ping about "you need to turn in some items" do you think I don't know that? Did I not tell you yesterday that I would be turning in a huge load of work over the next few days? Have I not told you people to LEAVE ME THE HELL ALONE when I'm killing myself for your benefit, or what I thought was. You don't give a shit about the relationship with the offices or about the offices period. You people only care about your reports that go to senior management, who are clueless. That place needs to be transparent and inform the front offices that

your purpose is not to help them, but to make meaningless reports look the way you want. And you cannot deny anything I have just said. I've broken my neck telling you people how things are, and you compulsively come back with this report bullshit. Those items in my queue are 3 that are not needed because the office person is on PTO, 2 of which I know for certain she will not even need for a good bit after she gets back. The other one is also not needed, I called the offices and asked them. Which by the way it's not a bad skill to have to call the office, if the Dept ever changes its goal to actually knowing what is going on. Your reports are worthless and the people who read them are worthless. I told you I was prioritizing and trying to get them what they need. I told you multiple times this week. And I STILL get more SLA report bullshit! So don't tell me you care about the offices getting what they need more than the reports. Talk is extremely cheap at your Dept flat out lies. I'm trying my absolute hardest almost all the time almost all day. I get up every hour or 90 minutes to go chat with someone or listen to music.

With all these grievances I know you are a caring person and cared about me. I am sorry we have to part on these terms but that's how it is. I might not live to see tomorrow or I might live to be 120 years old, but either way my life is too short for this. I cannot be made more miserable than I already am every other day

2018-06-15 16:38:23 Sent

I'll beat the hell out of myself when I mess up. You don't have to worry about that. There is no need to have 3 managers and an employee email me to remind me I have past dues, as if I don't know and as if I haven't worked there for 4 and a half years, and as if I don't know that job better than anyone else. I don't care what you expect to see. I only care that my offices get everything they need. I don't want to hear from you about anything else and if you had any integrity as a Dept you wouldn't care about anything either

2018-06-15 16:45:10 Sent

My offices are happy, QA is happy, which by the way I spent a good 2 hours making notes in that spread I was working on. Had I not done that I could have turned it in last night at least by 2:30 and I wouldn't have to deal with pings I've told you disturb me when I get them. QA would just be miserable trying to figure out what is going on, and someone, probably all 3 of us would get yelled at. But I'm breaking my neck trying to avoid that, and then deal with this ridiculous bullshit as a consequence. The way life works is you can't have everything. You can either have a bigger car that gets less gas mileage or you can have a smaller car that has less space. So you have to pick what you want and you guys don't get that. I do because I'm doing the work, and my best call is to not worry about the SLA report because it doesn't benefit anybody at all. The people who think they are benefiting from it have no clue what they are doing and are delusional, and I can prove it. Someone needs to tell them to their face

I'm sorry to hear you worked so late. We never want anyone to work hours like that and I hope you didn't feel like you needed to!

2018-06-15 19:16:51 Sent
I am ok. I appreciate your concern and believe it is genuine. I'm just sick of this Dept putting me through hell. It is good but never permanently good. I am no longer kidding myself that it will be pleasant place to work. That is always fleeting and it's more bullshit and misery coming down the line.

A few suggestions for management, since they feel the need to gang up on me when I'm extended 99.999999% and pointlessly tell me about the .000001% that I'm missing.

Tip 1: do what the hell you say you're going to do, or acknowledge that you will not do it.

I have been yelled at over this. When I trained some new food & Ag people a long time ago under Jessica, we had a backlog of work. I told Jessica I needed more overtime to get caught up. She said Bill had capped me at 55 hours. I told her the work was just going to pile up. I had just trained new food & Ag people and we had about 6 that were supposedly able to do it. I was asking them to take work and they were not, except Eric, who took 15. He was supposed to have them done by day 2 or the SLA and turn them into QA. What instead happened was he pinged me one day and told me that he was going to have to put all 15 back in my name. They had been pushed out without asking the offices, and soon after my offices were asking about a bunch of it needing it fast. It put me in a crunch. That's why I was so worried about work piling up.

I was a little intense and came across as pretty much abusive to Jessica, without intending to. I didn't mean to come across that way. I had also been out of tune with the impact my behavior and over pessimism about newer people people I was training was having on her. This was just terrible and I regret it to this day. So she tells Bill.

Bill then proceeds to pretty much yell at me, telling you "you said you're going to let the work pile up", which is not what I said. I said it will pile up. He then says "Clint, you're a smart guy, how many people do we have doing food & Ag". I cannot remember what I told him, but the real answer was 2, if we're lucky. The rest of them are too busy or won't take any, or take them and then put them back in my name at a rate of 15 at a time.

That's why I was worried about work piling up. So we have two choices, either we have 6 people doing my work and I don't have overtime, or we have 2 people doing my work and I do. Those are the 2 ways that the work will get done without risking the offices not getting all kinds of stuff they need in time and in good quality. Yelling and someone overtime because they have 6 people helping with their work, when in reality they have one or 2 isn't right. So the takeaways there are a) do what you say you're going to do and b) know what the hell is going on in your own department

Bill then tells me, again in a very intense manner still bordering on yelling at me, that I have came up in a discussion from senior management over the amount of overtime I was getting. This was communicated in a way that made this out to be a problem that had recently came to their attention and was kind of under the microscope. That brings me to another related point-

2018-06-15 19:29:08 Sent

2: know what the hell is going on in your department, and don't sit in silos isolated from everyone else.

How much do you have to get paid to make notes so that the others in management know what's going on? I get paid \$60,000 a year and write half a novel every six months in MRA files.

When I first took over food & Ag it was intended for me to get all the overtime I

wanted all year long. They wanted to have one dedicated analyst because they had had problems before with getting passed around when reaching out for help. They were told, to senior managements knowledge, that they would have one analyst with a few backups playing a minimal role when I took PTO. This obviously mean I would be working overtime all year long because they never get that slow.

For \$300,000 a year, could someone notate this in a system or shared something another or communication log ?

Or does that take \$1,000,000 a year? How much do you have to make before you're expected to communicate anything?

So it pops out of nowhere as a big issue that ultimately results in me getting yelled at. Senior management sent it to Bill to address, and he wants to do what they want him to. They were asking why this should be, when others were working 40 hours etc.

This would have been a great opportunity for whoever this senior person is to actually learn what goes on in his freaking Dept. There are endless opportunities like this I am finding. I am lost as to what these people are paid for. I continue to give them the benefit of the doubt and assume there is something I am missing, against all the evidence I've seen, but so far this looks like the biggest joke circus there could possibly be.

They're not allowed to know what happens. They're not expected or not able to communicate with one another. They don't do anything but look at numbers which mean very little and create counterproductive incentives. If the bank's looking to cut costs there are some serious \$\$ being slurped up by these people. I can train some high school kids to read spreadsheets, and they'd do it for way less than whatever these people make

2018-06-15 19:30:03 Sent

And again, this is not news to me. Shouldn't have been news to them. Senior management knew it when I agreed

2018-06-15 19:30:18 Sent

But they've got to learn everything from scratch

2018-06-15 19:31:14 Sent

And this has happened multiple times when people were supposed to help me. They don't. They have their own stuff and put mine back in my name

2018-06-15 19:31:54 Sent

Put me through hell doing this, not because of them so much as management and their stupid report that can't let anything go to Day 5

2018-06-15 19:32:20 Sent

I'm responsible for the whole world

2018-06-15 19:32:53 Sent

And none of this bothers me until I hear about it. All I wanted to do is be left alone

2018-06-15 19:36:52 Sent

There is absolutely no point to get an email from 1 of my peers and 3 managers about items in my queue. For 4 and a half years my offices haven't missed getting something they need on time or usually ahead of time, except the one month when I was out and YOU guys screwed it up! What does that add up to? Do you not have sufficient proof that they're going to get what they need? Do I need a flawless record for 10 years? Or maybe 20? What does it take? And do you have amnesia? Have you forgotten this the past 700 times I have told you?

2018-06-15 19:58:11 Sent

And if you're so scared to talk about what's going on and why we have past dues to these senior people, I would have been happy to. That is a serious taboo I know, but may be necessary. I would have handled that too.

I could explain to them that what I'm doing is getting my offices what they need. I would explain that I have far more to do than I could reasonably get done for a few reasons. One is that I had to deal with issues that were created while I was gone, which were entirely not on me and were in fact the result of management dropping the ball. I had to chase some things around, make corrections, and I took notes about the issues that I had.

I would explain that this SLA report is fairly useless, and that certainly in the big picture what mattered was the relationship with office. I would explain that spreadsheets and PDFs are digital things that don't really exist. I would tell him that I spent several hours being in contact with my offices to figure out exactly what they need.

I would then explain that the big thing on their list was a very difficult customer with a P-Card that the office was writing up a line of credit. I would explain that it took dozens of hours and going back with the office to figure this customer out, but that due to my extremely hard work at all hours of the night we had made tremendous progress. I would explain that it was about to be finalized in half an hour, and that the office is booking the deal and documenting their approval with my spreads. I would explain that we're a bank and the way that banks make money is we lend money to companies like this and charge them interest. I would explain that looking at spreadsheets and PDFs is not a revenue generating exercise and doesn't really further anyone's goals. I would explain that although I had to work an extraordinary amount of time to get these spreads done, that my time is peanuts relative to the revenue our piece of the revolver gets, because I don't get paid as much as report readers like him. I would explain that the time I spend on these spreads meant that we would be looking just about bulletproof if any regulator or RAR auditor took a look at the offices or the relationship.

I would explain that the items on that list are not needed because the office people are on PTO and have told me they don't need them. I would explain that the

way it works is that offices get stuff in, and they or their interns or FAPs send it to us, but that it is rarely the occasion that the timing it is sent in matches the relative urgency of what is needed. I would explain that some deals are always more pressing than others, and in any and all such cases the offices would prefer to have what they need over management having a report look the way they want it and having s spread hit their teammates inbox while they're on vacation. I would explain to them that the name wholesale loan services implies that we are a service business that serves our offices, and that everything we do should contribute towards that goal, and if our report gets in the way of that then so much for our report

2018-06-15 19:59:55 Sent

There is no worse fate than caring about this Dept. I can't take it anymore

2018-06-15 20:11:03 Sent

And I'll say it again- I don't care what you expect. I don't care what Christian expects. I don't want to ever have emails or phone calls or IMs or in persons or any of this prefixed with this bullshit "we don't expect". I don't need 1, 2, or 3, or 4 or any managers or employees emailing me with this stupid pointless garbage.

I'm doing you a favor. You're not doing me one. And you have the nerve to tell me "we don't expect" when I'm putting myself through hell working myself to death.

I'm sorry I didn't meet your expectations. I'm so pissed off right now that I just can't keep typing

2018-06-15 20:14:35 Sent

I break my neck and destroy my health for this dept, and all I ever expected was to be left alone. I didn't get that expectation met and I've been lied to, to my face by senior management as well. You need to point your own expectations at yourselves, every single one of you

2018-06-18 16:20:22 Received

Clint, I respect your decision to resign, and also want to make sure you are okay. I know you said that you were okay on Friday, but want to be sure that you are not having any thoughts of self-harm. I want to remind you that you can contact EAC at 1-888-327-0027 and you may continue to do so for 30 days following your resignation. Also, if you feel that you returned from your Leave too soon, please let me know today. If I don't hear back from you by end of business today, I will accept your resignation and process your final pay. Your personal items will be sent to your home address in the system. I wish you the best!

2018-06-18 22:26:03 Sent

Hi Courtney I am as ok as I'm going to be and there is no reason for you to be concerned. I wanted to make some things clear. Now that I am no longer an employee I can share some more personal details that maybe I could have shared the whole time. My reason for doing this is I feel I have given the wrong impression to you and Christian and I am sure others. I am diagnosed with 2 conditions, one called Autism Spectrum Disorder Without Accompanying Intellectual Impairment and another called Bipolar Disorder. I also suffered extremely severe child abuse from a

extremely early age and was abused very badly on and off up until age 13. Autism is something you are born with. Bipolar disorder is a little less clear and may be a consequence of my life, or genetics, or something else. Whatever the case, all of this together causes me to be hypervigilant and to experience life very intensely. You and Christian seemed puzzled by my behavior, but went out of your way, in a way, to try work with me. I am concerned that the way I acted and have acted at WLS may have given the impression that I am self centered and maybe a little spoiled. Neither are the case. I care very much about everyone else there, and about people in general. I don't know how to get this across because looking back lots of my behavior looks like evidence in the other direction, mainly as it relates to management and QA. But I did help other analysts all I could and did everything I could to get along with QA too. Right before I had that falling out with Elena I had, maybe a week or 2 earlier, made a special folder for her specifically on the shared drive where I put statements and supporting info about my customers for her easy access. She had disturbed me for years with the way that she made what seemed to me to be extraordinary efforts to find something wrong with people's work, and also with her personality quirks, including what I perceived to be rudeness towards me and others. There had been several times where she had frustrated me so bad that I had to go home. I told Shana this, and we had a discussion. Shana explained that these personality quirks I described was just how she was, and that she was the same way towards everyone else, even Shana. Shana offered to say something about it but I felt for Elena and said no that's just who she is and we all have limitations. I can imagine her culture in Eastern Europe being different and I think it is also important for her sense of self for her to see herself as an expert at what she does. This is a typical pattern I have, where I get amped up make people out to have bad intentions and then feel bad about myself and feel concern for them when I calm down later.

I very much appreciate the effort you and Christian made, and that you gave me the benefit of the doubt when I tried to explain to you how I work. What I was trying to say apparently didn't get across the way I thought it did. Christian is a great guy and I enjoyed talking to him and working with him. He was kind and supportive to me. You were also extremely supportive and made a big difference in the level of stress I was under when you became my manager.

What I was trying to get across is that I do not need to be managed and do not like to be managed, I suppose is one way to say it. To me this seems entirely defensible because I care extremely about all the things that should matter to our department, and I am self motivated to get things done. I see my role as a performer, and a resource for others as it relates to job knowledge. I see management's role as a resource for me, as a performer who can do what I do better than them and knows far more about what actually needs to be done. Their job is to ask me what I need, not to pointlessly exercise authority by telling me the obvious or bossing me around.

I also tend to stretch myself as far as I can go, and caring about things so intensely I'm kind of overwhelmed most of the time. My offices send me requests and questions and it puts psychological weight on me every time they do, and then I am often in the middle of figuring out something that is very complex and/or frustrating. I don't like to be told I'm doing anything wrong either, because I beat myself up in my mind all the time and am very disturbed every time I make a

mistake. That's why I just want to be left alone. I can't deal with much more than I already have.

The past several days I had spent 30 hours or maybe more working on what had to be the hardest spread ever to come across anyone's desk. I had to manually consolidate 11 entities, and that was only after several rounds of going back and forth with the office. The agent bank sends us statements for something around 20 to 30 entities, and our old process was to consolidate them all. Then we got a FYE CPA statement to compare to the FYE company statement, before we got this 3/31 that they were writing up the revolver on. We'd been having monster adjustments every time, and had come to the conclusion that it was because we were including too many entities. It took us forever to figure out what was what, particularly me. There were 8 entities listed in the combined CPA statement, and after spreading 7 of those we still had a monster adjustment. So we figured that some of the others must be missing and I suspected that some of what we received were entities that fell up under each other in a sub consolidation, if you want to call it that. So what I had to do was pull up all of what we received for the FYB and cross reference all of those entities with the combined. The CPA statement debt schedule had what looked like maybe 40 or more facilities, and I tried to track them all down on the individual statements the company sent. I tracked down a bunch of numbers like that, the idea being that if we could match totals we would know who to include and who not to. To make a long story short, there was a hell of a lot to figure out. Of those 11, 3 to 5 had dozens of balance sheet accounts each, up to 50 or more income statement accounts, 3 or so had very few numbers, and the rest were kind of inbetween. The CPA statement was combined only, no consolidating schedule, which meant that I had to play with these several hundred accounts and compare my totals with singular line items on the CPA statement. Once I finally figured out who to include, I told the office we should respread the FYE company statement, now that I knew who to include and had a good idea of what accounts went where. The purpose of this was to reclaim some of my time, and for them to use in their analysis to show the company's accounting vs the CPAs,

Because it turned out we were going to have a monster adjustment any way you sliced it. I was the one who figured out why. I could tell that the company was using accelerated depreciation, which over the god knows how long they've been in business had reduced cumulative earnings on their internal records, which I could tell were used for tax purposes once I had everything worked out. I told the office they would be allocated a regular charge for 12 spreads and would help me tie production numbers to the days I had spent. They said it was worth that to them and to do it. So of the 30 hours or more I worked on what ended up being 36 spreads, I probably spent 18 figuring out what the hell was going on + making notes and 12 actually spreading them.

This was what the offices needed the most. It was the hardest thing I'd ever seen, and came at the right time just when I get back. I would have turned in 80 items or more if I stayed Friday, including 4 that were from that list- 4m and herd co, which I had already done the spreads. The office didn't need the CRTs for a long time but I would have done them anyways just to claim some of my time. These were also 2 of the spreads my office was pissed off about waiting so long for. They had been in my queue for 30 + days, per the email. I got back on 6/4 and the email was sent on 6/15. Do the math and that means 20+ days of this fell on Christians watch while he didn't bother to call my office to see what they needed. He told me they

should have called him so he knew they needed stuff. If he knew how things work as well as I do, he would know that it is self evident the offices need stuff, by the mere fact they send it in. They don't send it in for no reason, and when Patrick has 130 something items in his due and past due, and some of them are out there for 15 days or maybe more,

It is safe to assume that more than 11 of them are probably needed. He should have been proactive the way I have been for years. It worked 100% of the time, not 99%, not 99.99%, not any % less than 100%. He probably can't call every office he has as one manager (although I would debate that) but not every office has 150 items getting piled up. So we have him dropping the ball, apparently due to not knowing the offices workflow as well as I do, and thinking it is beyond the scope of his responsibility to call them once in 30 days, when I call them every single day, and here I'm getting sent emails telling me what I need to do, when I've been fixing the mess he created the whole time I've been back. And I'm not trying to be critical. He's a good dude and has lots of character, and it's an easy mistake to make. I see his side of it as well. But given that I thought I had made it clear I will get everything done the way I always do, and that I don't need manager inference and it disturbs me, and that I beat myself up long before anyone else even has the opportunity to, and that I had told you both that between Thursday and Friday I would be turning in a load of work it made me very mad, especially after I had been there till 3:30am. And that was why. I had intended to stay until 12 midnight, but then this consolidated spread kept dragging on. I didn't want QA to be in misery, or me to be in misery if they send me some change I have to fight them over. They have an hour or whatever to review it, which isn't going to be sufficient when it took me over 15 hours just to figure it out. So I made notes and triple checked numbers and made MRA accounts that explain what I'm doing. I had nothing on the board and I knew that somehow I was going to get some message or email that would piss me off, even though I thought I had made it clear that that was not needed. So I'm thinking I clock out at 12 and then I'm not having any #s, so I'll stay until 1. Then 1 turned to 2, then 2 turned to 3, At which point MRA shut down for maintenance for 15 minutes, and I was exhausted and finally gave up at 3:30.

It was 98% done at that point, but I didn't want to send it to my office at that hour because I figured they would contact you guys and you would worry. That is also why I didn't put in my time, in case you guys saw it. And then sure enough when I come in this crap I didn't want to deal with and I knew would piss me off was waiting on me.

I was often revved up like this at my previous jobs too, but never as bad as at this job. This place has put me through hell on and off For years. The big one was this SLA garbage, that no one who knows how the offices workflow works could possibly come up with. This was back when I was having very bad health problems and would feel tired often. For Months and months I was miserable, and would go home and pace the floors being furious. I was ready several times to walk out, having no job waiting on me or source of income, knowing that had I done so I most likely wouldn't be alive for another week.

That's the main reason I was so happy with you.

And where it ultimately doesn't fit is I am not interested in playing the game with

our metrics and management. In my view, if I am working myself to death doing exactly what needs to be done, and this doesn't jive with our reporting because management several levels above us has no idea how the day to day business goes, that's a sign that management and our reporting need to be addressed. But in the corporate world, the tendency is to just play along and give them what they want to see. I would have been happy to call whoever these people are. I would start with the lowest and explain why things are the way they are, and if he/she isn't comfortable or I can't reason with them, I'd get the number of whoever is above them that they may be afraid to talk to and call that person, and I'd keep going. I'm not joking. And I wouldn't refrain from telling any of them they are ridiculous if it's justified. But that doesn't fly and people don't work that way, except me.

So this is an overly lengthy explanation, but I just wanted to give you the background and you can share it with others in management. I very much regret that I have probably come across as self centered and uncooperative many times while I have been there. And I was flat out abusive to Jessica without intending to be a while back when she was my manager. I had 0 ill intent but was stuck in my own head oblivious to the effect the way I was acting had on her. I wish all of you the best as well and hope things go great for you. You need to keep Patrick as long as possible too, by the way.

And to answer your questions-

1. no I didn't return from leave too early. I could have stayed out another week and been slightly better, but I think I was good enough to come back
2. No, I'm not thinking of self harm, and that is not your territory, as much as I appreciate you caring. I've got multiple doctors I see
3. I am as ok as I am going to get, so nothing for you to worry about.

Hi Clint! I truly appreciate your response and the additional background. I'm so sorry to hear about what you had to endure as a child. Thank you for letting me know that you are ok! We will be taking an inventory of your stuff and shipping it to you ASAP. I wish you the best! Also, please see the following info about leaving Wells.

I will most definitely not share any details beyond management. That would not only be against policy, but my own moral standards. I will let Peter know! Definitely be sure to handle your 401k. You took 25 hours in excess of accrued PTO. HR will send a letter about repayment options.

2018-06-19 12:38:58 Sent

It will not be just taken out of my check?

2018-06-19 12:39:19 Sent

And that includes the PTO I took while on leave?

2018-06-19 12:39:44 Received

That's what I thought, but HR and the prompt in staff management said otherwise.

2018-06-19 12:39:49 Received

Yes

2018-06-19 12:40:14 Sent

Ok got ya.

2018-06-19 12:40:32 Sent

It all works out the same anyways \$1 is \$1

2018-10-25 11:30:40 Sent

When I logged in right after I left it said I would receive an exit survey

2018-10-25 11:30:54 Sent

I'll call HR

2018-10-25 11:32:15 Sent

But I hope you're doing well

2018-10-25 14:21:47 Received

I did a quick search. I guess corporate sends them out to each team member's company email when they resign (with notice) or retire. They are to be completed prior to your last day of employment.

2018-10-25 14:22:00 Received

I hope you are doing well too.

2018-10-25 15:28:56 Sent

Yeah not sure why they told me I would get one then. No big deal though.

2018-10-25 15:31:41 Sent

So what have you been up to? Have you applied out?

2018-10-25 15:34:49 Sent

I'm not happy with WLS at all. I don't really care in a sense, but looking back that place was ridiculous. Of all people I am the least disappointed with you. You did a lot to help me.

2018-10-25 15:35:08 Sent

I still give you a very positive review

2018-10-25 15:45:40 Received

I have not applied out. I've been running various pieces of the project and keeping pretty busy with that stuff. I will probably begin looking some time next year.

Well, I appreciate that! Glad to know that I was able to help you despite my limited amount involvement with the team due to all of the project stuff. I do miss being able to actually manage my team and focus on that!

2018-10-25 16:00:06 Sent

I bet you do!

2018-10-25 16:00:22 Sent

If you need a reference feel free to reach out to me

2018-10-25 16:00:34 Sent

Do you think you'll look for another management position

2018-10-25 16:02:04 Sent

And it's probably a good idea to start looking. India seems to be the direction the Dept was going. I'm not sure that in 2 or 3 years there will be a need for 3 managers in Charlotte

2018-10-25 16:04:36 Sent

I'd say Pete amendola is safe until he retires, but whoever takes his place may not be. That role could go to India too. I don't really see any role that couldn't go to India in the long term, or somewhere else overseas. And I think that is going to be the environment we work in, in the near and medium term future. You will be competing with a good portion of the entire world for work in whatever you do

2018-10-25 16:53:52 Received

I appreciate that! Possibly! Leaning towards business initiatives consultant, risk/compliance, or some sort of project management position. I still have a few years worth of project work here, if I want to stick around. We're pretty much maxed out with India at this point, at least for a while. Automation is really the future of spreading. Yeah, India is definitely the best low cost staffing option at this point.

2018-10-25 18:46:03 Sent

I agree with the automation thing to an extent. I can see that being 100% on 10ks and 10qs, but I think for the first few phases of automation there will have to be human intervention on middle market deals. I don't think the technology exists or will exist in the next 5 to 10 years to make accurate judgment calls on how to spread internally prepared statements.

With the deals I worked, there was so much to figure out and if you didn't invest the time in a lot of them, you couldn't get something the office could use to make a good decision with. And the risk ratings get jacked all to pieces if you don't do them right. That happens all the time.

2018-10-25 18:47:20 Sent

And I wasn't alone in that. When I was helping jenny we had to pull multiple documents on the deals she did for Atlanta. I mean it was like a Chinese puzzle of some sort figuring out the sub debt

2018-10-25 18:47:52 Sent

For one deal. Atlanta bonded warehouse company

2018-10-25 18:49:00 Sent

If you're going to get something accurate and usable, it takes real analysis on many of those deals. Computers aren't good with that kind of analysis

2018-10-26 09:30:04 Received

For more complex situations it may require a little bit more human intervention at least initially. Over time, the technology will learn and be more capable.

2018-11-26 12:57:17 Sent

Hey Courtney, do you know if after I left I was put as eligible for rehire or ineligible? A recruiter wants me to ask

2018-11-26 12:57:45 Sent

I called HR but apparently their busy. Wait was forever so thought maybe you should know

2018-11-26 12:58:23 Sent

Sorry would know

2018-11-26 12:58:31 Sent

Didn't mean to type should

2018-11-26 12:58:44 Sent

Grammar and spelling issues today

2018-11-26 13:04:59 Received

Hello. No worries! I'm fairly it was marked as eligible, but I would call to confirm for certain. Not sure if HR does anything with your file after the fact.

2018-11-26 13:05:23 Sent

Ok but HR would know?

2018-11-26 13:06:54 Received

Yes, they should definitely know. Is the recruiter with Wells? They should have the info.

2018-11-26 13:06:59 Sent

They don't do anything after the fact I don't think. There are certain things that disqualify you

2018-11-26 13:07:13 Sent

It is a recruiting compnay

2018-11-26 13:07:18 Sent

Talent bridge

2018-11-26 13:08:20 Sent

But in the handbook it is things like unethical conduct that you get axed from rehire with no recourse, and then there are a few things that suggests you most likely will be axed, and that's the end of it

2018-11-26 13:08:49 Sent

Mine didn't fall under the few things that are likely but have discretion

2018-11-26 13:08:58 Sent

It was not addressed at all

2018-11-26 13:37:46 Received

Yeah, I'd call to confirm. I'm not sure if anything more is done on their end, especially since there was an open case

2018-11-26 14:02:50 Sent

I will do

2018-11-26 14:02:54 Sent

How are you?

2018-11-26 14:34:47 Received

I'm pretty good. How about you?

2018-11-26 14:36:16 Sent

Doing good. My clients store has put me in abject poverty but I got it online and we're making tons of sales. I'm very happy about it.

Right now I'm working with a recruiter in financial services industry and also applying for jobs at web development firms

2018-11-26 14:37:44 Sent

Got 2 requests for resumes from web companies so far. One of them is filing it for later if they ever hire anyone. The other seems very open to the idea. So now I'm doing even more free work on my clients site so that i can send to the owner of the second firm as an example

2018-11-26 14:59:24 Received

Sorry to hear that it set you back. Glad to hear you've got some possible web design opportunities! Good luck! I know you'd love to do that!

2018-11-26 15:01:12 Sent

Yeah I had a last minute thing with the payment processor right before we were launching. They had misinformed me about the PCI scheme we would fall under with the integration method I had used. My clients would have had pages of extremely expensive to implement requirements and tests.

So I had to redo the whole checkout process with a whole new API. I didn't charge them a penny for it

2018-11-26 15:02:15 Sent

Good 70 hours of work. Then I dramatically underquoted them on the shipping algorithm I was programming. Priced them at about 15 hours and I ended up taking 100

2018-11-26 15:02:30 Sent

Actually sorry, priced them at 18 hours

2018-11-26 15:02:48 Sent

I can't add, subtract, multiply, divide or spell today for some reason

2018-11-26 15:28:11 Received

I'm sure you're glad it's done! No worries. My brain isn't functioning properly either. I "lost" my wallet/purse at work today. Fortunately, it was just sitting on a random pushed in chair in the conference room!

2018-11-26 15:41:22 Sent

lol

2018-12-11 14:05:48 Sent

Hey hope you're doing good. Just an FYI, I called HR and I'm eligible for rehire

2018-12-11 14:06:54 Sent

I told the recruiter. I'm not looking for jobs anymore though. I've got a potential interview at Bank of America that I was reached out to about, and it pays really good. If I get that I'll take it but if not I'm going to do my web biz

2018-12-11 14:08:08 Sent

I've got a new client and am confident in my ability to get more. I'm somewhat of a superstar on the authorize. net developer forum and one of the higher ups personally emailed me. I'm going to be a certified developer for their API

2018-12-11 16:23:34 Received

Hey, sorry for the delay. I've been spreading inbox requests today! Glad to hear that! Good luck with the interview at BoA. I'm also glad to hear the your web design business is picking up!

2018-12-11 17:42:21 Sent

So the offices are stoked with him?

2018-12-11 17:44:03 Sent

And has QA been baffled at all since I've been gone that you heard of? I had to explain the story behind things quite often

2018-12-11 17:44:54 Sent

Hopefully they haven't been having people retroactively changing stuff I confirmed with the offices

2018-12-11 17:46:01 Sent

The reason I ask is that I have been talking to her for a very long time and I care about her a lot

2019-04-21 19:59:46 Sent
But I am suffering extremely over some things that I think she knows. And she will not tell me. It is very bizarre to me. I sometimes get the impression lately that she doesn't have the right mental capacity to understand how someone would suffer

2019-04-21 20:01:21 Received
I didn't necessarily feel that way, but I feel like she was a very emotional person.

2019-04-21 20:01:47 Sent

And also that she may have some deficit that would limit her from telling the truth

2019-04-21 20:01:51 Received

We definitely took her job too seriously and let things weigh too heavily on her wellbeing

2019-04-21 20:01:53 Received

She*

2019-04-21 20:02:04 Sent

Yes she cares very much

2019-04-21 20:02:18 Sent

Let me ask you something else

2019-04-21 20:02:34 Sent

And I promise you this will make it no further than you and I

2019-04-21 20:02:55 Sent

But here is a rough picture of my situation

2019-04-21 20:03:23 Sent

I escaped a place not much unlike hell when I moved to Charlotte

2019-04-21 20:03:39 Sent

I lived in the mountains of western N.C.

2019-04-21 20:04:24 Sent

I was abused as a kid and came across as somewhat disturbed at times, and this colored people's perception of me

2019-04-21 20:04:44 Sent

Then I had to be hospitalized over my mental condition at 18

2019-04-21 20:06:18 Sent

The hospital I was sent to is just that, a hospital, but it was a long ways away from where I lived. It had a reputation as being some sort of place where people are chained to the walls

2019-04-21 20:06:40 Sent

And you have Hannibal lectur on the right or whatever

2019-04-21 20:08:01 Sent

I became stigmatized by people over this. I was outnumbered and People were cruel. The best I can come up with is that they made up Some sort of terrible thing about why I was in this hospital

2019-04-21 20:09:03 Sent

It was for one thing a very convenient tactic to use in social settings competing for girls.

For whatever reason, I do not have a hard time getting extremely attractive women talking to me

2019-04-21 20:09:09 Sent
It happens quite often

2019-04-21 20:09:42 Sent
So people would just play that card after I left

2019-04-21 20:09:52 Sent
But it was kept from me whatever was said

2019-04-21 20:10:01 Sent
No one would ever tell me

2019-04-21 20:10:13 Sent
But I watched people turn against me one at a time

2019-04-21 20:10:35 Sent
It was predictable and I saw it coming after a while

2019-04-21 20:10:40 Received
I remember you saying that you had an abusive childhood. I'm sorry to hear that you also had to deal with people being cruel about getting treatment for the resulting teams. That's horrifying ☹

2019-04-21 20:11:14 Sent
It is not something I think it is for sure real

Jenny grew up with you?

2019-04-21 20:11:43 Sent
I mean when you have a 23 year old
Girl who could be a model

2019-04-21 20:11:51 Sent
No she did not

2019-04-21 20:12:03 Sent

And she Walks in a bar with her dad

2019-04-21 20:12:13 Sent

And her dad says "hey Sarah's over there"

2019-04-21 20:12:39 Sent

And the first thing Sarah does is ask if you have a phone and then punch in her number

2019-04-21 20:12:49 Sent

How much is 2 +

2?

2019-04-21 20:13:18 Sent

Then the following day, with no further interaction in between

2019-04-21 20:13:39 Sent

She's treating you like you are to be avoided, etc.

2019-04-21 20:14:04 Sent

It's pretty obvious that someone said something after you left and it wasn't good

2019-04-21 20:14:23 Sent

It drove the men up there insane

To no end

2019-04-21 20:14:33 Received

Yeah, I'd agree with that.

2019-04-21 20:14:38 Sent

They hated that I was smarter than them

2019-04-21 20:14:54 Sent

Then youd have these guys that were all Macho

2019-04-21 20:16:07 Sent

And they would have been trying to convince some girl they're the best thing on earth for months with a tepid and not interested response

2019-04-21 20:17:30 Sent

Then some not perfectly coordinated when he walks guy with not nice looking teeth, pale

Skin, and muscles that might be nice enough but not needle in the arm quality like theirs walks up

2019-04-21 20:17:49 Sent

And she's talking to him all giddy in 20 minutes

2019-04-21 20:18:33 Sent

And it's an oh so convenient tactic to mention he's been to such as such place cause "....."

2019-04-21 20:18:44 Sent
So something along those lines was going on

2019-04-21 20:19:03 Sent
And I had enemies that were so malicious and so cruel

2019-04-21 20:19:51 Sent
What kills me is I never knew exactly what they were saying

2019-04-21 20:20:16 Sent
Only had hints or clues and the possibility it was horrific beyond belief

2019-04-21 20:20:55 Sent
It was like they were deliberately keeping it from me

2019-04-21 20:21:02 Sent
So that I could never respond

2019-04-21 20:21:40 Sent
Every single person would end up having a more negative attitude towards me than when they first met me

2019-04-21 20:22:37 Sent
I talked to this local guy who was a mafia bosses son. He owned all kinds of businesses and property up there. Extremely wealthy. Talked about a job

2019-04-21 20:23:14 Sent
He thought I kicked ass and would treat me like his best guys

2019-04-21 20:23:26 Sent
That lasted a week

2019-04-21 20:23:54 Sent
Then he started acting just kind of nice but like he thought I wasn't a worthwhile or competent person

2019-04-21 20:25:35 Sent
So it's like every single person thought less of me somehow, and I couldn't tell if the same thing was being told to all, or if the really cruel made up stuff was told to some, and then some true or not totally true but not so bad thing was told to others

2019-04-21 20:26:04 Sent
What I could count on as sure as the sun rising the next morning

2019-04-21 20:26:20 Sent
Was that any hot girl I talked to would be ran away

2019-04-21 20:26:36 Sent
That was a 10 for 10 probability

2019-04-21 20:27:15 Sent
And again, I only have hints of what might have been said, and some of it was completely Ruthless if it was

2019-04-21 20:27:19 Received
I'm sorry to hear that

2019-04-21 20:27:22 Sent
Yes

2019-04-21 20:27:47 Sent
And I have had people
Tell me that I come across as "liking to be the hero"

2019-04-21 20:28:11 Received
It sucks that people wouldn't just tell you

2019-04-21 20:28:24 Sent
That is not exactly true but not dramatically off either

2019-04-21 20:28:45 Sent
So you can imagine this being particularly painful for me

2019-04-21 20:28:54 Received
Of course!

2019-04-21 20:29:03 Sent
Yeah

2019-04-21 20:29:39 Sent
So I lived in fear of people
From there getting whatever it was up here

2019-04-21 20:30:10 Sent
And I knew that my life was not something that could be absorbed in one gulp

2019-04-21 20:30:32 Received
Understandable, but I'd hope that anyone would take it with a grain of salt!!

2019-04-21 20:30:44 Sent
So I would leave little tidbits here and there

2019-04-21 20:31:23 Sent
Don't torch the kettle and have the water explode and scald
Everyone and make them
Run away

2019-04-21 20:31:40 Sent
Heat it up half a degree centigrade at a time

2019-04-21 20:31:51 Sent
Once in a great while

2019-04-21 20:32:24 Sent
So that by the time it starts to boil people aren't worried about a thing

2019-04-21 20:33:04 Sent
So I would casually say things, not necessarily planned

2019-04-21 20:33:22 Sent
But drop tidbits to leave a little clue

2019-04-21 20:34:14 Sent
Say "yeah I didn't get up till 9 today cause a medicine I take makes me exhausted in the mornings"

2019-04-21 20:34:22 Sent
Just leave it at
That

2019-04-21 20:34:30 Sent
Then sometime way later

2019-04-21 20:34:48 Sent
Say "yeah I had to be put on it at 18"

2019-04-21 20:35:01 Sent
In another conversation

2019-04-21 20:36:00 Sent
People are always crunching numbers about what others lives
Are like behind the scenes. It is normal curiosity

2019-04-21 20:36:10 Sent
Not obsessive

2019-04-21 20:36:24 Sent
They don't care that much about you

2019-04-21 20:36:44 Sent
But on some level for at least a second they will wonder what that might be for

2019-04-21 20:37:16 Sent
And maybe they haven't heard of people having to be put on something at a hospital

at age 18

2019-04-21 20:37:24 Sent
For the first time

2019-04-21 20:37:52 Sent
So I drop little hints

2019-04-21 20:38:12 Received
Of course, people are curious. I'd say the hospital bit wouldn't be all that uncommon though.

2019-04-21 20:38:28 Sent
No it is not at all

2019-04-21 20:38:43 Sent
But not everyone has had to be hospitalized

2019-04-21 20:38:47 Sent
Some haven't

2019-04-21 20:38:54 Received
True!

2019-04-21 20:39:15 Sent
And of those that have, not all have had to be put on medicine that they still take at 35

2019-04-21 20:40:01 Sent
And my purpose is to put the picture together a little at a time over a long period

2019-04-21 20:41:26 Sent
To avoid this "place
Where people
Are chained to the wall" notion that can be used to ruin me by people who don't like me, and also
Just to ease people along who may not understand how these things work

2019-04-21 20:42:20 Sent
But anyhow, I did this deliberately and gradually

2019-04-21 20:42:31 Received
Makes sense to spoon feed bits of it to avoid people being overwhelmed. I don't think all people are going to jump to that conclusion or paint that picture of you in their head.

2019-04-21 20:42:54 Sent
In many ways for many things about my life

2019-04-21 20:42:54 Received
Like you said, some don't get it though.

2019-04-21 20:43:06 Sent
Yes and there are misperceptions

2019-04-21 20:43:27 Received
I don't think of you in that way in the slightest

2019-04-21 20:43:39 Sent
And you have to understand that I come from extraordinary circumstances

2019-04-21 20:43:43 Sent
Of course you don't

2019-04-21 20:43:58 Sent
Not saying you or anyone else does

2019-04-21 20:44:33 Sent
But one of my doctors told
Me that I had the most horrific childhood of
Any patient she had seen

2019-04-21 20:44:40 Sent
This was when I was at 26

2019-04-21 20:44:55 Sent
So you dump this whole thing on people at once and it's going to be bad

2019-04-21 20:45:03 Sent
They can't take it

2019-04-21 20:45:14 Sent
The people who can take it are paid to hear it

2019-04-21 20:45:37 Sent
So all of it together is way way too much

2019-04-21 20:46:26 Sent
When I was younger I would tell people these things about my life kind of casually

2019-04-21 20:46:47 Sent
And it would perturb the hell out of them

2019-04-21 20:47:16 Sent
They'd be upset and disturbed for days or weeks

2019-04-21 20:48:56 Received

I suppose it's natural for people to be upset. It is very difficult to process that these things really do happen.

2019-04-21 20:49:02 Sent
Stuff that sounds like it's out of a horror movie

2019-04-21 20:49:04 Sent
Yes

2019-04-21 20:49:12 Sent
And it reflects on you

2019-04-21 20:49:18 Sent
People can't help it

2019-04-21 20:49:30 Sent
So for that I would mention true things

2019-04-21 20:49:36 Sent
Everything I say is true

2019-04-21 20:50:21 Sent
But I would say "I love psychology. I've got a ton of books on it. I've been studying it for 25 years"

2019-04-21 20:50:55 Sent
People do the math in their head that you were pretty young, some of them do

2019-04-21 20:53:31 Sent
And then you say "I didn't buy my first book till I was in my later teens, but before that I listened to radio shows, and I count the first time I started studying it as when I was seeing this PhD when I was 12 or 13. I saw him a few times a month for years and he was sharp. I learned so much just talking to him"

2019-04-21 20:55:23 Sent
"And I ended up talking to some PhD almost every month, for 16 years. By the end of it I would be in there shooting the shit talking technical as much as I would be getting any kind of treatment"

2019-04-21 20:55:48 Received
Yeah, I'm sure people have a hard time wrapping their heads around it.

2019-04-21 20:55:55 Sent
Things like this over time to build the picture

2019-04-21 20:56:05 Sent
Half a degree centigrade

2019-04-21 20:56:10 Sent

Quite often is a dead giveaway that these kids are being put through hell home

2019-04-24 15:35:10 Sent

But do I come across as self centered to you?

2019-04-24 16:13:08 Received

Hey! I don't think so.

2019-04-25 11:05:28 Sent

Can you imagine any reason someone may see me as such ? I feel like I have created that impression with people, although I have ever been told that in any explicit way directly

2019-04-25 11:05:41 Sent

Have never* been told

2019-04-25 11:47:52 Received

I don't think so 🙄

2019-04-25 18:56:12 Sent

One time we were in a meeting discussing something with a bunch of CAs and I made a comment. Bill said "you'd find some way for it to benefit you, somehow"

He said this as if he had had some recent or sudden insight into how I work as a person. I am puzzled as how I came across this way.

I don't see how my behavior at WLS or anywhere else adds up to self centeredness at all, but I have apparently come across that way to Bill at some point, because that was what he was directly implying. Saying that I make every situation benefit me.

2019-04-25 18:59:36 Sent

I've been asking others and they say I do not come across this way to them either. I have been conscious of making this impression for a while, apparently for no reason because no one else sees me this way at all.

I would say that I was slightly tending towards self-centeredness as a young adult, maybe ages 14 and before. I was somewhat more self centered than other children. I continued to be this way slightly for a number of years after that, at least at times, but for sure for the past 2 decades I have been anything but. I do not see how anyone could make that case at all

2019-04-26 21:02:40 Sent

And can you message

Jessica and tell her that was me that text her lol

2019-04-26 21:03:01 Sent

She didn't recognize my number and I joked around with her

2019-04-27 17:57:38 Received

Sorry. Just saw these. My kids like to clear my notifications.

2019-04-27 17:58:16 Received

Yeah, not sure about the bill thing. Maybe he was just joking?

2019-04-27 17:58:24 Received

I'll let her know!

2019-04-27 18:39:00 Sent

No he wasn't joking at all

2019-04-27 18:39:11 Sent

I don't know what the hell makes him tick sometimes

2019-04-27 18:39:32 Sent

I seemed to get under his skin without making effort to do so

2019-04-27 18:42:39 Sent

And as much as I hate to say it, everyone at Wells Fargo is lucky I have a single word to say to any of them. You people were rotten and ridiculous to me

2019-04-27 18:43:44 Sent

Just so you know I talk to you out of compassion, kindness, and a belief I have in having mercy on people who are only human. Also because I like all of you

2019-04-27 21:21:49 Received

Bill can seem easy to agitate or a little abrasive, but he is a genuinely caring person. When you left, he showed concern about your wellbeing when we spoke.

2019-04-27 21:24:46 Received

You know that I did the best I could with what I had and my responsibilities. Always as flexible as possible and cognizant of the importance of a proper work/life balance. I know it got pretty busy towards the end of your time with us and that was overwhelming, but we knew that you could only do so much. Anyone can only do so much in a given day.

2019-04-27 21:25:30 Received

I know how much you truly cares about your job and servicing your offices.

2019-04-27 21:26:26 Sent
And you were very good to me overall

2019-04-27 21:27:15 Sent
But when I have 4 meetings in 2 weeks telling you people to PLEASE leave me alone cause I'm under stress cleaning up the mess that you made, and you decide to have a meeting to send me an email about a bunch of stuff that is 30 days past due

2019-04-27 21:27:39 Sent
And 70% of the 30
Days were on your watch

2019-04-27 21:28:11 Sent
I was 100% for 4.5
Years

2019-04-27 21:28:23 Sent
My offices never missed something they needed

2019-04-27 21:28:34 Sent
On time or usually ahead of time

2019-04-27 21:28:59 Sent
I leave for 30 days and you guys are 1 for 1 for screwing them over and pissing them off

2019-04-27 21:29:19 Sent
They were mad and I was trying to save a Dept that never deserved me trying to save it

2019-04-27 21:29:34 Received
Those emails were a standard part of our reporting committee. Trust me, you weren't the only one getting them. They weren't intended to rush anyone, especially those that we knew were working through things. The purpose was to keep things on the radar...especially for those that actually were slipping up or maybe overlooked something.

2019-04-27 21:29:51 Sent
I didn't overlook anything for 4 years

2019-04-27 21:30:19 Sent
Management sit on their chair and overlooked 130+ past due items pilling up each day for a month

2019-04-27 21:30:36 Sent
Then they overlooked 4 meetings in 2 weeks

2019-04-27 21:31:01 Sent
Where I begged and pleaded and told you I would be turning in a massive load of work on Friday

2019-04-27 21:31:26 Sent

You people are out to lunch, and I don't mean to be mean

2019-04-27 21:31:33 Sent

I do not need a manager

2019-04-27 21:31:47 Sent

There is no benefit of having someone sit on their ass and do nothing

2019-04-27 21:32:03 Sent

And then send me garbage emails when I am cleaning up their mess

2019-04-27 21:32:09 Sent

And I'm not referring to you

2019-04-27 21:32:27 Received

Oh please, Clint. You have a seriously flawed perspective of what our jobs entail.

2019-04-27 21:32:32 Sent

I do care about you and understand your limits

2019-04-27 21:32:34 Received

Ok, good

2019-04-27 21:32:50 Sent

I am speaking of Christian

2019-04-27 21:33:28 Sent

In one of our meetings I told him that I handle everything and that everything works out fine with next to no intervention

2019-04-27 21:33:48 Sent

He says "well that would mean you don't need a manager"

2019-04-27 21:33:54 Sent

Disco baby

2019-04-27 21:34:00 Sent

Ding ding ding

2019-04-27 21:34:30 Sent

What value he adds to anything by sitting in his chair and doing nothing while my offices are getting screwed over

2019-04-27 21:34:48 Sent

And then sending me stupid emails complaining about the mess he made

2019-04-27 21:34:58 Sent

After 4 meetings in 9 days

2019-04-27 21:35:12 Sent

Where we repeatedly said we were going to leave me alone.

2019-04-27 21:35:39 Sent

After I stay at work until MRA kicks me out at 3:30 am the next day

2019-04-27 21:35:59 Sent

To me it seems clear who is making the bigger effort and who needs to keep their fat mouth shut

2019-04-27 21:36:20 Sent

And again I don't mean to be mean

2019-04-27 21:36:32 Sent

That's not my point and you are so good people

2019-04-27 21:36:39 Sent

All good people

2019-04-27 21:37:48 Sent

And I may have a flawed perspective of what your job entails. And I have no doubt that you were put through hell at times

2019-04-27 21:37:52 Sent

Maybe all the time

2019-04-27 21:38:15 Sent

But it's just not for me and I do not understand how a business can work like this

2019-04-27 21:38:57 Sent

And by the way I have spoken well of you to Julie Bell and other people from my offices multiple times

2019-04-27 21:39:57 Sent

I have to a bunch of them but she's the one who always comes to mind cause she was sort of my fave and also because I lived on the telephone with her more so than any of my other office people

2019-04-27 21:40:23 Sent

I think part of the problem is I am the odd one out

2019-04-27 21:40:41 Sent

The business is designed to sort of make people cogs in a machine

2019-04-27 21:41:41 Sent

It would not work to apply the standards I want applied to me to everyone else, even though I flourish and the business benefits when those standards are applied to me

2019-04-27 21:41:58 Received

I know that you are a very self driven individual and do best when left to manage things on your own. Christian meant well and was only trying to ensure the wheels kept moving.

2019-04-27 21:42:21 Sent

WFB is too big to focus on any one cog and focuses on the machine instead

2019-04-27 21:42:49 Sent

I had the same problem at Bank of America to an extent

2019-04-27 21:43:01 Sent

Generally what happens is I do sort of get my way.

2019-04-27 21:43:36 Sent

People make exceptions cause they see it works but it's often a burdensome process to get there

2019-04-27 21:44:11 Sent

Here is an example of what I am talking about with the big picture focus

2019-04-27 21:47:20 Sent

When I got Katie Xie's customers back I did a cert for this customer. She'd been pcing their ratio every quarter and so had everyone else.

I dug into the numbers and figured out what they were doing, and figured out that their numbers were wrong. Took me 2 hours and put them on a higher pricing tier.

Company had a consistent \$100MM balance on their revolver. We owned a big chunk of it.

Had I pced the number like it had been for 2 years or more, it would have taken me 2 seconds. The difference in revenue from the revolver for that quarter was \$30,000

2019-04-27 21:48:04 Sent

\$30,000 is far too small for the bank to care about, in terms of dreaming of policy changes

2019-04-27 21:48:15 Sent

To be blanket applied to everyone

2019-04-27 21:49:07 Sent

So my #s weren't as good over squandering 2 hours on a difficult ratio, when that 2 hours cost the bank less than \$55 and paid half my salary for the year

2019-04-27 21:49:39 Received

Reading through the rest of your texts. Glad to hear you are still in touch with Julie. I know she was one of your favorites. Glad to hear you didn't trash talk to her about me 😊. Although, I hope she has a good picture of me anyhow. I did quite a few spreads for them when they needed them ASAP after you left.

2019-04-27 21:50:15 Sent

High up executives don't have time to zero in on details like this on 270,000 employees

2019-04-27 21:50:27 Received

I know a lot of people weren't great at digging into crt calf's.

2019-04-27 21:50:35 Received

Calcs*

2019-04-27 21:51:03 Sent

So they make rules to apply to everyone to make things comprehensible to them

2019-04-27 21:51:48 Sent

They can say "we tell everyone to do this and this happens" and all they need is for everyone to do the "this" so that their results are legit a result

2019-04-27 21:52:51 Sent

And the "this" is often something that is asinine and gets in the way of someone who is just trying to get out the best, most technically correct product possible, or at least is extra and unnecessary to them

2019-04-27 21:53:02 Sent

Unnecessary to me*

2019-04-27 21:53:06 Sent

Not them

2019-04-27 21:53:18 Sent

I haven't talked to Julie in a bit

2019-04-27 21:53:18 Received

The pricing error is definitely an issue, good catch on your part. I'm sure the office praised you for catching their miss.

2019-04-27 21:53:54 Sent

Yeah they contacted the CFO who told them that they were doing exactly what I said they were

2019-04-27 21:54:27 Sent

The CFO also concurred with me on an error I caught the audit firm making at FYE

2019-04-27 21:54:35 Sent

Said I was right

2019-04-27 21:55:00 Received

It is ultimately their responsibility to know their customer and ensure the numbers are accurate. As a CA, it's always great to take the extra time and ensure the accuracy at that level. Unfortunately, not all are quite as thorough as you and I.

2019-04-27 21:55:13 Received
Wow!

2019-04-27 21:55:20 Sent
Just me Courtney :)

2019-04-27 21:55:34 Sent
You were great but everyone was second place to me

2019-04-27 21:56:28 Sent
And I don't like that system

2019-04-27 21:56:30 Received
Bahahaha! I'm hoping our current class training and the upcoming class in June has some top notch folks.

2019-04-27 21:56:44 Sent
I think it should be it's on the analyst

2019-04-27 21:57:15 Sent
Office can count on us to provide a flawless product in all material ways

2019-04-27 21:57:50 Sent
Office writes up a deal on garbage we provide and RAR hits us with a sledgehammer

2019-04-27 21:58:05 Sent
But again, this cog only gets one vote

2019-04-27 21:58:07 Received
We are middle/back office though, so the responsibility lies on the front line. One day it will be more automated and their will be less room for error.

2019-04-27 21:58:30 Received
I agree that the office should receive flawless product

2019-04-27 21:58:45 Sent
Yes and they should work with us

2019-04-27 21:58:53 Sent
Like my offices did

2019-04-27 21:59:00 Sent
It was 2 way

2019-04-27 21:59:21 Sent
I treated my offices great and they also got what I needed quick fast and in a hurry

2019-04-27 21:59:31 Received

But as they say....garbage in, garbage out. You've got some offices that don't even look at financials that come in before sending them.

2019-04-27 21:59:36 Sent
But that's great that you got a new training class

2019-04-27 21:59:41 Sent
Yes I know

2019-04-27 22:00:27 Received
Yes! Much needed!

2019-04-27 22:00:48 Sent
Is Katie still doing my offices stuff

2019-04-27 22:00:52 Sent
Or did she leave

2019-04-27 22:01:09 Received
Katie is back with BBG

2019-04-27 22:01:14 Sent
Crap

2019-04-27 22:01:25 Sent
So she no longer works with WLS?

2019-04-27 22:01:56 Received
I think Denver took over Food and Ag after I left. Katie left when I was on leave.

2019-04-27 22:02:11 Sent
That might be a good thing

2019-04-27 22:02:16 Sent
Denver has less turnover

2019-04-27 22:02:27 Sent
It's definitely bad that Katie left

2019-04-27 22:02:53 Sent
But the problem F&A has is there is a hellacious learning curve

2019-04-27 22:03:01 Received
Yes, that was the big reason. We didn't have anyone suited for Food & Ag after that

2019-04-27 22:03:23 Sent
So the 6 month to 1 year employee isn't going to work out for them

2019-04-27 22:03:30 Sent
They need someone to stick with it

2019-04-27 22:04:03 Sent

But the people after me were set up 50X better than I was

2019-04-27 22:04:11 Received

Yeah. I'm fairly certain they picked the Denver F&A folks to take it over

2019-04-27 22:04:27 Sent

I had novels in MRA and my guidelines

2019-04-27 22:04:37 Sent

Yes and that is terrible

2019-04-27 22:05:21 Sent

They've learned a bunch of bunk stuff and gotten away with stuff cause those guys didn't keep their analysts in line

2019-04-27 22:05:23 Received

Yeah, that was helpful. Unfortunately, they got screwed with technical issues that increased the backlog.

2019-04-27 22:05:34 Sent

Not to be mean

2019-04-27 22:05:58 Sent

People do their best and no one else I've ever met works anything like I do as a person

2019-04-27 22:06:23 Sent

But when I inherited a bunch of Ag deals from Denver it was a mess

2019-04-27 22:10:29 Sent

Their offices were apparently too busy to raise hell

2019-04-27 22:10:36 Sent

Or careless rather

2019-04-27 22:11:00 Received

Yeah, I think it was older analysts that weren't do great. All of the offices I took from Denver were a hot mess.

2019-04-27 22:11:16 Received

So*

2019-04-27 22:11:28 Sent

That dude Bob Witt that was over all those dairies didn't care about anything other than having dinner with his clients from what I heard

2019-04-27 22:11:34 Sent

It was kind of funny.

2019-04-27 22:12:00 Sent

Those dairies are all in violation of their negative covenants left and right

2019-04-27 22:12:09 Sent

They know it and they don't care

2019-04-27 22:13:50 Sent

I would catch them and tell the office "you might want to look at the capex" as a heads up. Not sure I ever told them to look into it and it wasn't a violation.

We had this one dairy that had a \$500M yearly capex limit and they spent \$20MM! I laughed so hard.

"Here's what we think about your capex covenant. Any questions?"

2019-04-27 22:14:58 Received

I hope that our future covenant monitoring tool has more controls around negative covenants

2019-04-27 22:16:14 Sent

And from what I heard some words about these nonstop violations and the risk posed to the bank was mentioned by someone in some Dept and Bob called them a stupid something another in an email, with something another being an expletive I can't remember

2019-04-27 22:16:40 Sent

Future covenant monitoring tool?

2019-04-27 22:16:48 Sent

Sounds interesting

2019-04-27 22:21:35 Received

Yeah, I'm not a risk/compliance person and I don't think the way the negative covenants are managed is a good idea at all. Too risky!

2019-04-27 22:22:23 Received

Yeah, not sure what it will be yet. Some progress may have happened since I left in January.

2019-04-27 22:22:49 Received

The new spreading tool we selected has covenant capabilities

2019-04-27 22:24:16 Received

I know they were testing the functionality while I was on leave. I think it will be an entirely separate system that is integrated and pulls spread data

2019-04-27 22:30:30 Sent

Cool

2019-04-27 22:31:02 Sent

Is this incino or whatever that software is?

2019-04-27 22:32:38 Received

Ncino ended up being a miss.

2019-04-27 22:32:51 Sent

What do you mean?

2019-04-27 22:33:07 Sent

So you're scrapping MRA?

2019-04-27 22:33:48 Received

If I remember correctly it wasn't scalable and the large issue had to do with it being cloud based. Wells technology isn't a huge fan of the cloud for storing of data

2019-04-27 22:33:48 Sent

And did they finally get rid of this authorized signer on the certoc garbage

2019-04-27 22:34:02 Received

Yeah, MRA is gone soon

2019-04-27 22:34:16 Sent

R.I.P. MRA

2019-04-27 22:34:42 Sent

I was ready to strangle legal over that signer stuff, so was my offices

2019-04-27 22:34:56 Sent

Pure stupidity

2019-04-27 22:34:59 Received

They are still working on it last I checked

2019-04-27 22:35:11 Sent

The authorized signer?

2019-04-27 22:35:24 Received

A permanent solution force signatures

2019-04-27 22:35:45 Received

Marco took over and was trying to get something ironed out with legal

2019-04-27 22:36:10 Sent

The people in legal who came up with that have obviously never tested a real certoc

2019-04-27 22:36:40 Sent

There is no conceivable scenario where the signer will save the bank money on a

certoc

2019-04-27 22:37:01 Sent

Not that has anything but a remotely remote chance of happening

2019-04-27 22:38:39 Sent

Borrowing bases it can save your ass but the chances are still fairly unlikely. And for my offices that doesn't matter cause ACMD
Got about 10 nasty emails from front office people and then forwarded them to legal and quit checking for it. They did the process for all of about a month or less

2019-04-27 22:39:46 Sent

I wanted to get legal person on one of those calls and get him/her to explain to me how the signer on the certoc protects the bank

2019-04-27 22:40:38 Sent

He would have felt real dumb after that interaction, and I wouldn't feel sorry for them cause they made my life and my offices miserable for no defensible reason

2019-04-27 22:40:59 Received

Yeah, the e signature piece was the biggest pain. I do understand the whole authorized signer piece though. It was important that we have the correct signer in the event that we had to turn to litigation to recover any money due to us in a CRG sort of situation.

2019-04-27 22:41:20 Sent

Yes but think it through

2019-04-27 22:41:42 Sent

You will see that it helps us with BB and gets us nowhere on a certoc

2019-04-27 22:42:06 Sent

For starters 80% of middle market people's numbers are wrong every single quarter

2019-04-27 22:42:34 Sent

Because accounting is hard as hell and because they suck at it like most people

2019-04-27 22:43:17 Sent

So you can't call it fraud when they give us a wrong number

2019-04-27 22:43:23 Sent

Be hard pressed

2019-04-27 22:43:32 Sent

And there is no "right" number

2019-04-27 22:43:36 Sent

In many cases

2019-04-27 22:43:52 Sent

GAAP is conceptual and has flexibility

2019-04-27 22:44:02 Received

Well, if they are defaulting on covenants and lie about it and we chose to call the loan, they could say "well, the correct person wasn't completing the certificate or attesting to being in compliance."

2019-04-27 22:44:38 Received

This is true about certocs though...the numbers are sometimes all over the place

2019-04-27 22:45:01 Sent

How do you know when they "lie" and when they just can't do accounting

2019-04-27 22:45:02 Received

It's especially difficult with large syndicated or attorney prepared deals

2019-04-27 22:45:19 Received

I suppose specifically with negative covenants

2019-04-27 22:45:29 Sent

And that doesn't help us

2019-04-27 22:45:55 Sent

We have no more insight into what they are not doing with a signature than without

2019-04-27 22:46:16 Sent

There are so many checks and balances

2019-04-27 22:46:17 Received

You can still call a loan if they are defaulting on negatives. Although, I'm not sure how often that would really happen.

2019-04-27 22:46:27 Sent

Yes you can

2019-04-27 22:46:37 Sent

But signature does nothing

2019-04-27 22:47:02 Sent

There are checks and balances with a certoc that do not exist on a bb

2019-04-27 22:47:27 Sent

I have credit agreement, a financial statement, and a computer that is damn good at math

2019-04-27 22:47:53 Sent

I don't even need a certoc in 80%+ of cases

2019-04-27 22:48:23 Sent

Much less one that is signed by the controller of a company that doesn't have a

controller

2019-04-27 22:49:14 Sent

Like I say the odds are so remote it is nowhere near worth the headache

2019-04-27 22:49:28 Received

True, but that incorrect or missing signature could be used against us by the customer's attorney. I think it would be relatively rare, but it's another layer of protection.

2019-04-27 22:49:28 Sent

It's not worth 1% of the headache it causes

2019-04-27 22:49:45 Sent

Who cares about the certoc

2019-04-27 22:50:34 Sent

And it's a layer of protection kind of like tank armor is a layer of protection for pulling out of your driveway

2019-04-27 22:50:54 Received

Banks want to avoid any bit of risk wherever they can. This one is an easy solution, so they implemented it. Wells has no room for risk at this point.

2019-04-27 22:51:26 Sent

If you get hit by an asteroid you're going to fair better but yet no one buys abrams tank armor to go on their car

2019-04-27 22:52:17 Sent

Well then, why don't they pay people to watch with a video recorder when the certoc is signed?

2019-04-27 22:52:30 Sent

To make sure the person who signs it is who they say they are

2019-04-27 22:52:57 Sent

That's a risk. There is no law of nature that prevents someone from doing that

2019-04-27 22:54:02 Sent

Give me a specific set of circumstances where this protects the bank from risk

And easy to implement? Not even close. If you are 60% as nit picky as legal wants you to be it drives the offices insane

2019-04-27 22:54:50 Sent

They are in default based on their financial covenants based on financial statements

2019-04-27 22:55:25 Sent

They send us an incorrect certoc or an improperly signed one we just tell them to

send a new one.

2019-04-27 22:55:50 Sent

Or to not send it at all bc they're in default no matter what they say

2019-04-27 22:58:20 Sent

Bank of America took a loss on a bb. That is all I have heard of. I would wager that in all of banking there has never been a loss tied to a certoc that would have been made better or worse by a signature.

2019-04-27 22:59:33 Sent

BB are taken on faith

2019-04-27 22:59:55 Sent

Certoc have 3rd party means to test if they are legit

2019-04-27 23:00:04 Sent

Checks and balances all over the place

2019-04-27 23:00:22 Sent

And for the signature to help us we would have to prove deliberate fraud

2019-04-27 23:01:50 Sent

And if their number hasn't matched ours one single quarter for 5 years and we didn't call it fraudulent then to suddenly call it fraudulent this quarter is not right. This takes so much tying yourself in knots to make a case for it

2019-04-27 23:12:21 Received

It is what it is. Eventually, the certocs will likely be simply imaged. Info might be extracted and maybe the system will cross reference. Not sure how important signature will be then. I guess we'll see. Well, I won't...I'll have to ask whoever is around then! 😞

2019-04-27 23:38:01 Sent

It will be of 0 importance just like now

2019-04-27 23:38:22 Sent

That is the silliest idea ever conceived while I was at the bank

2019-04-27 23:39:53 Sent

The only thing the signature is good for is it seals the deal when proving deliberate fraud

2019-04-27 23:40:24 Sent

And it's not the biggest part of
The picture there

2019-04-27 23:41:18 Sent

Deliberate fraud is useful only in instances where we seek a judgement against

assets not securing the loan

2019-04-27 23:41:48 Sent

If they want to do that for covenant violations they should focus on the financial statements

2019-04-27 23:42:16 Sent

That would be a waste of time too but not nearly as bad

2019-04-27 23:43:29 Sent

Think of it this way- what if for borrowing bases we actually ordered an appraisal on the collateral- would we be more concerned that the appraisal is right or they the borrowing base is right?

2019-04-27 23:48:00 Sent

If I am reporting my net income, depreciation, interest expense, taxes, amortization and current portion of long term debt on a financial statement that will be used to test compliance, that's what you should be worried about me telling lies about, given that the people doing the checking can do basic arithmetic.

If you can add, subtract, multiply and divide, you're going to nail their ass based on the financial statement every time no matter what their certoc says. The policy would be tell the truth on the financial statement and lie to your heart is content on the certoc.

Instead legal is hyperfocused on the certoc as if we don't get a financial statement at all.

2019-04-27 23:50:27 Sent

If the question is only a question of did they default or not you don't need anything. If they sent you a financial statement you test it. If they don't then they're in violation of the credit agreement there. I mean you can run yourself in circles for the rest of life trying to work out a realistic scenario where this would help you at all and you will get nowhere

2019-05-03 13:19:12 Sent

I guess you got tired of that discussion

2019-05-07 18:33:11 Sent

Courtney can I ask for your help one last time

2019-05-07 18:40:48 Received

Hey Clint. I'm sorry, I just saw your other texts. My son loves to clear my notifications and your texts got buried after that! What's up?

2019-05-07 18:41:29 Sent

Ok remember I was talking to you about bad things being said about me where I used to live

2019-05-07 18:41:55 Received

Yes

2019-05-07 18:42:32 Sent

Do you believe me when I say that this conversation will go no further than you or I in any case if you just give me the answer to what I'm asking?

2019-05-07 18:43:00 Sent

There is something that has troubled me extremely since a year and a half ago

2019-05-07 18:44:11 Received

Of course!

2019-05-07 18:44:34 Sent

Ok, because I don't want anything bad to happen to anyone. I really do mean that when I say it

2019-05-07 18:44:50 Sent

But to give you more background, I never knew what it was that people said about me

2019-05-07 18:45:21 Received

I don't know that I'll have the answer though...

2019-05-07 18:45:28 Sent

Yes that is ok

2019-05-07 18:45:40 Received

I sincerely hope that that isn't a threat of some sort 😊

2019-05-07 18:45:45 Sent

I will tell you the situation

2019-05-07 18:45:48 Sent

No it is not!

2019-05-07 18:46:51 Sent

The reason I say that is that when I ask people about this situation they seem extremely reluctant to talk to me, and I think it is out of fear of me going ballistic, or them being afraid, or possible legal consequences

2019-05-07 18:47:20 Sent

They have been reluctant from day one and I think they don't believe me when I say I will be cool as a cucumber if they just tell me

2019-05-07 18:47:29 Sent

But let me give you more background

2019-05-07 18:48:12 Received

Ok, FYI - this is my work phone, so for all I know Wells is watching 😊 Just a disclaimer

2019-05-07 18:48:17 Sent

I am very kind and forgiving and want good things for people

2019-05-07 18:48:23 Sent

Yes that is fine

2019-05-07 18:48:34 Sent

So let me give you some background

2019-05-07 18:49:31 Received

Ok

2019-05-07 18:49:33 Sent

I think I told you before about whatever it was that was said about me made people turn cold and view me as a stigmatized person, particularly hot girls who I believe were deliberately told this as a social tactic

2019-05-07 18:49:40 Sent

I told you that right?

2019-05-07 18:49:50 Received

Yes

2019-05-07 18:50:10 Sent

Ok, so it killed me forever whatever was being said cause I couldn't find out

2019-05-07 18:50:52 Sent

And I had some hints and reason to believe it was some horrifically and cruelly exaggerated thing about my hospitalization

2019-05-07 18:51:12 Sent

My mother had me hospitalized because "she was worried about me"

2019-05-07 18:51:30 Sent

And I will not repeat that I think may have been said, but one possibility is quite far from that

2019-05-07 18:51:48 Sent

And basically portrays me as Ted Bundy on extra evil steroids

2019-05-07 18:51:56 Sent

Like the worst person imaginable

2019-05-07 18:52:17 Sent

I don't know if that was it, but something made me think that was possible

2019-05-07 18:52:38 Sent

So my imagination ran wild as to what it was that was said, and it was torture

2019-05-07 18:52:58 Sent

I mean I was destroyed and wanted to die when I lived there

2019-05-07 18:54:59 Sent

This is quite far from the truth obviously, and if that's not what was said, or if multiple things were said, I don't believe any of them were true, other than the basic fact that I had to go to a hospital

2019-05-07 18:56:50 Sent

And to give you an idea of where I am coming from, I was talking to someone up there and told them I had to take medicine that made me sleep a lot.

He said "so that's what they do if you're some guy who(insert horrible things here), they load you up on a bunch of stuff to make you sleep?"

2019-05-07 18:57:08 Sent

I just shrugged my shoulders cause I didn't know the answer

2019-05-07 18:57:41 Sent

But later it hit me that it was funny how he said that and it was like he had heard that about me, and was referencing me

2019-05-07 18:58:01 Sent

And I'm just giving you background.

2019-05-07 18:58:30 Received

Sounds like people with a narrow mindset!

2019-05-07 18:58:43 Sent

Yes they believe what they say and repeat it

2019-05-07 18:59:10 Sent

So obviously when I move to Charlotte my worst fear is that whatever they say that I will never know will spread like wildfire here

2019-05-07 18:59:55 Sent

It will make it up here somehow and I will be in pure hell again. I am very fine tuned to this reaction people have where they go 180 degrees on me

2019-05-07 19:00:22 Sent

It traumatized me 1,000 times up there and I can go off the deep end when I see a hint of it anywhere

2019-05-07 19:00:40 Sent

Sorry I meant believe what they hear and repeat it

2019-05-07 19:02:36 Received

I'd like to believe that we are far enough away and Charlotte is big enough that something like that wouldn't happen.

2019-05-07 19:02:51 Sent
Yes you would hope

2019-05-07 19:02:54 Received
Also people are hopefully better than that

2019-05-07 19:02:57 Sent
But we live in a flat world

2019-05-07 19:03:01 Sent
Yes they are

2019-05-07 19:03:06 Sent
People here are much better

2019-05-07 19:03:24 Sent
But I'm giving you background to get to the heart of the matter

2019-05-07 19:03:31 Sent
We're almost there so please hang on

2019-05-07 19:05:05 Sent
It is possible that whatever was said about me is benign, like maybe merely the fact that I had been to this hospital, which is a ping pong fun center with PBS and Oreos for most people, but is perceived by the people there as somewhere where people are chained to the walls

2019-05-07 19:05:37 Sent
But it is the not knowing and the trauma that makes my imagination run wild

2019-05-07 19:07:19 Sent
Although the PBS only tv and the PG movies did piss me off

2019-05-07 19:08:24 Sent
It was hell for me for a number of reasons, but the first 15 days I had a blast playing ping pong. They were PG movies only for the sake of people there who may not have the mental maturity of someone who is 10

2019-05-07 19:09:04 Sent
Not sure why all but PBS was off the table on TV. Maybe budget or maybe the handicapped "adult children" there too

2019-05-07 19:11:51 Sent
Let me know when you're caught up

2019-05-07 19:11:53 Received
PBS would drive anyone crazy!!

2019-05-07 19:12:05 Sent
Yes and I don't watch tv

2019-05-07 19:12:17 Sent
I don't especially like movies either

2019-05-07 19:12:25 Sent
Except Disney movies

2019-05-07 19:12:42 Sent
And the people there liked to find the most hard core pg movies they could

2019-05-07 19:12:44 Sent
Lol

2019-05-07 19:16:26 Sent
You can't go that far

2019-05-07 19:16:29 Received
Who doesn't like Disney movies? Bahahaha! Of course they did

2019-05-07 19:16:43 Sent
Some very bad people

2019-05-07 19:16:50 Received
Sounds like trying to find work approved movies to show

Who never had to babysit their kid sister when she was 3 to 8

2019-05-07 19:17:30 Sent
Or whatever ages it was when my sister would watch Aladdin 8 times a week

2019-05-07 19:17:52 Sent
"Genuflect show some respect, down on one knee"

2019-05-07 19:18:19 Sent
I can still nearly verbatim that song and several others

2019-05-07 19:18:50 Sent
Little town its a quiet village

2019-05-07 19:19:03 Sent
That song from B&B is another one I like

2019-05-07 19:21:10 Sent
You've got enough kiddos that you know the repeated movie drill

2019-05-07 19:21:15 Sent
I'm sure

2019-05-07 19:21:56 Sent

So are you still tuned in?

2019-05-07 19:22:03 Received
I am now

2019-05-07 19:22:07 Sent
It's a long one I know

2019-05-07 19:22:11 Sent
Ok great

2019-05-07 19:22:13 Received
I sure do know that drill

2019-05-07 19:22:32 Sent
So anyhow, as part of keeping this from ever getting here

2019-05-07 19:22:47 Sent
I had my Facebook set to maximum privacy

2019-05-07 19:24:15 Sent
It was set so that no one who didn't have a direct link could ever find me. I was stupid for having one, because for all I knew at least half the people on there had something bad to say about me. I had no people I trusted

2019-05-07 19:24:39 Sent
And I deleted 130 people out of paranoia over the years that they would be saying whatever it was

2019-05-07 19:25:19 Sent
That friend A would see friend G commenting and friend A would be behind my back to say "don't talk to that guy"

2019-05-07 19:25:49 Sent
So the thing is my Facebook can only be found with a link

2019-05-07 19:26:10 Received
I'd hope no one would be that horrible 😊

2019-05-07 19:26:33 Sent
Every single thing I have is hidden to anyone even if they have that link , except my cover photo

2019-05-07 19:26:38 Sent
And profile too

2019-05-07 19:26:49 Sent
Oh you'd better believe they will be

2019-05-07 19:26:56 Sent

These people are terrible

2019-05-07 19:27:10 Sent

It's guaranteed to have happened some number of times

2019-05-07 19:27:21 Sent

Don't know how many but I know how things go up there

2019-05-07 19:27:40 Sent

This is a small county that brings out the worst of human nature

2019-05-07 19:28:01 Sent

And they are bigoted in many ways, many of them, unfortunately

2019-05-07 19:28:34 Sent

And you cannot escape these people bc the place is so small. The same lame mfers are everywhere

2019-05-07 19:28:52 Sent

And it is gossip gossip
Gossip

2019-05-07 19:29:14 Sent

There is a very famous mafia family that lives up there

2019-05-07 19:29:33 Sent

If anyone had any hope of privacy surely it would be them

2019-05-07 19:30:09 Sent

But nope, I knew things about The Godfather's son's personal intimate life through gossip getting around

2019-05-07 19:30:12 Received

I suppose that makes sense. I understand the small area mentality and drama.

2019-05-07 19:30:24 Sent

And by the way the mafia people up there are awesome

2019-05-07 19:30:29 Received

That's crazy

2019-05-07 19:30:33 Sent

I love all those guys

2019-05-07 19:30:50 Sent

Yes, this is the family the Sopranos is based on

2019-05-07 19:31:19 Sent

Tumac Accetturos son owns half the county and he is one hell of a great guy

2019-05-07 19:31:25 Received

Ahhhh ok. Yeah, strangely enough mob bosses can be friendly people.

2019-05-07 19:31:37 Sent

Yeah they're rich too

2019-05-07 19:32:25 Sent

I never got to sit down and talk with Tumac. He's very elusive and you never see him. But I know he and I would get along

2019-05-07 19:32:47 Sent

His sons name is angelo and he's awesome

2019-05-07 19:32:52 Received

Look at whitey bulger. People loves him. Aside from all of the murders and terrible things he did, he did good things for his community and people loved him

2019-05-07 19:32:59 Received

Loved*

2019-05-07 19:33:10 Sent

Yeah those guys are like that a lot of them.

2019-05-07 19:33:17 Sent

I will look up Whitey

2019-05-07 19:33:27 Sent

Is he dead?

2019-05-07 19:33:43 Received

My grandfather grew up with him and they were good friends waaayyy back in the day

2019-05-07 19:33:45 Received

Yes

2019-05-07 19:33:50 Sent

Oh man

2019-05-07 19:33:59 Received

He died in prison

2019-05-07 19:34:09 Sent

Yeah that sucks

2019-05-07 19:34:45 Sent

If you want to know why you don't mess with the mafia, search for "The Iceman tapes" on YouTube

2019-05-07 19:35:08 Sent

That is a former gambino hit man and oh m gee is he scary

2019-05-07 19:35:14 Sent
But anyhow

2019-05-07 19:35:33 Sent
So back to my Facebook

2019-05-07 19:35:55 Sent

Ehhh...he ultimately deserved it and he lived a long life. Wasn't caught until he was in his 80s. Pretty crazy!!

2019-05-07 19:36:17 Sent
I had it on this super

2019-05-07 19:36:41 Sent
My only photo with a like or comment visible
To anyone was my cover photo

2019-05-07 19:37:03 Sent
And you had to have a direct link to me to even see that

2019-05-07 19:37:10 Received
Smart for anyone really.

2019-05-07 19:37:16 Sent
And it had exactly 1 like

2019-05-07 19:37:32 Sent
By this girl named abbey who used to be my biggest fan, or among them

2019-05-07 19:38:03 Sent
But had strangely gone cold
On me for about 3 or 6 months, or maybe longer

2019-05-07 19:38:07 Sent
Inexplicably

2019-05-07 19:38:16 Received
Hmm

2019-05-07 19:38:27 Sent
Well, here's what I'm getting at

2019-05-07 19:38:30 Sent
This is what happened

2019-05-07 19:39:00 Sent
After Jenny had left Wells, several
months after that in nov of 2017, nov 30th

2019-05-07 19:39:15 Sent
She was telling me about her friend

2019-05-07 19:39:20 Sent
This friend drove her nite

2019-05-07 19:39:23 Sent
Nuts

2019-05-07 19:39:35 Sent
And she wanted me to see a picture

2019-05-07 19:40:15 Sent
She wanted to send me a link to her Facebook, but she couldn't find me. So I set it
so that you could look me up by phone number

2019-05-07 19:40:23 Sent
She still couldn't find me

2019-05-07 19:40:37 Sent
So I found hers and was able to see her friend

2019-05-07 19:40:56 Sent
And I saw that the whole
World had full access to
Her stuff

2019-05-07 19:41:29 Sent
So I told her she's a girl and her privacy isn't nearly what it should be, and sent
her a link to mine to show how to make hers

2019-05-07 19:41:58 Sent
And she sent me a photo of her friend there. I might not have saw one on her page
cause for some reason she sent me one

2019-05-07 19:42:26 Sent
But right after that day, I told Tunny that I had a Facebook but that I didn't
trust people on it because people back home hate me

2019-05-07 19:42:50 Sent
She acted funny and said "they hate you ?" Like she didn't understand why

2019-05-07 19:42:59 Sent
Maybe a little curious

2019-05-07 19:43:30 Sent

And then she said "I didn't know you had a Facebook. I can look you up by phone, right?"

2019-05-07 19:43:41 Sent

I can't remember what I said or if I said anything

2019-05-07 19:44:01 Sent

But immediately the next day or so she started acting totally different around me

2019-05-07 19:44:39 Received

Tunny is a sweetheart! She probably just thought it was strange that you'd think everyone hates you back home.

2019-05-07 19:44:49 Sent

Yes

2019-05-07 19:44:57 Sent

It seemed strange to her for sure

2019-05-07 19:45:29 Sent

That's why she acted puzzled

2019-05-07 19:45:40 Received

Maybe I was oblivious, but I never noticed her acting different.

2019-05-07 19:45:49 Sent

Oh she did.

2019-05-07 19:46:04 Sent

But let me keep explaining the situation

2019-05-07 19:46:57 Received

Ok

2019-05-07 19:46:57 Sent

So immediately when she starts acting this way, it was exactly like I'd saw before. People think I'm this terrible person, or that I have a disease, or that I'm whatever

2019-05-07 19:47:11 Sent

Yes please just listen until I'm through

2019-05-07 19:47:37 Sent

I want to explain the whole thing and I very glad you're listening

2019-05-07 19:47:54 Sent

I am traumatized as hell by this

2019-05-07 19:48:59 Sent

I go into a fit of trauma talking to the phone on Jenny. At this point I think that Tunny had looked me up by phone number after I relaxed my privacy and forgot to set it back

2019-05-07 19:49:13 Sent
I mean I am wailing in tears destroyed

2019-05-07 19:49:31 Sent
And others were immediately acting differently too

2019-05-07 19:49:47 Sent
Like whatever changed her mind changed theirs too

2019-05-07 19:50:17 Sent
This girl abbey had heard whatever it was I figured, and that explained her behavior of going cold on me

2019-05-07 19:50:44 Sent
And since she's the only one anyone can see I knew that if something was said it had to be her

2019-05-07 19:51:28 Sent
I send her a message "hey Abbey, been talking to anyone about me lately" and for the first time in 6 months or maybe longer she responds to something I say

2019-05-07 19:51:37 Sent
And she responds instantly

2019-05-07 19:51:55 Sent
So she acts suspicious in a way that I can tell she is lying

2019-05-07 19:52:14 Sent
So this whole thing threw me into a tailspin

2019-05-07 19:52:33 Sent
And what was extremely bizarre, was that Tunny and Jenny and I were mutual friends

2019-05-07 19:53:17 Sent
And when I break down on the phone for an hour or more, and then ask Jenny at the end "will you just please ask her what is going on"

2019-05-07 19:53:37 Sent
Jenny says "I'm trying not to save people anymore"

2019-05-07 19:54:02 Sent
I was too devastated to even say anything back but that was strange as hell

2019-05-07 19:54:28 Sent
Why would she not just ask her for me, after all I had done for them both, when I'm completely devastated

2019-05-07 19:54:54 Sent

So this thing would never rest in my mind for good

2019-05-07 19:55:28 Sent

I knew, just knew that something had gotten up here and I have begged people to tell me what

2019-05-07 19:56:31 Sent

At this point there are several of my doctors involved and they are looking at what Jenny has said on the various times I have brought this up and she is clearly lying

2019-05-07 19:56:36 Sent

She as lied relentlessly

2019-05-07 19:56:51 Sent

And I do not know why. It absolutely breaks my heart

2019-05-07 19:58:10 Sent

I have been suicidal or in extreme trauma on and off over this for 1.5 years almost

2019-05-07 19:58:36 Sent

What I have determined is that it was Jenny who contacted this person

2019-05-07 19:58:44 Sent

And that she told Tunny

2019-05-07 19:59:03 Sent

And I have asked both of them relentlessly to tell me the truth

2019-05-07 19:59:22 Sent

I have also grilled the hell out of Abbey over and over

2019-05-07 19:59:34 Sent

I had no mercy on her very early on

2019-05-07 19:59:48 Sent

It didn't take long before I got ruthless with her

2019-05-07 19:59:56 Sent

Please don't respond yet

2019-05-07 20:00:13 Sent

Let me take another aside here

2019-05-07 20:00:23 Sent

To give a side note background

2019-05-07 20:00:46 Sent

In corporate America we are loaded up with HR rules

2019-05-07 20:01:26 Sent

People have a natural tendency to talk and everything about them almost is banned in the by the book interpretation of things

2019-05-07 20:01:31 Sent

So for instance

2019-05-07 20:01:45 Sent

I would go to Tunny's desk to help her

2019-05-07 20:01:56 Sent

And she would have a book in her native language

2019-05-07 20:02:16 Sent

And tell me it is about some Christian thing

2019-05-07 20:02:43 Sent

I do not believe in deities

2019-05-07 20:03:31 Sent

If I wanted to I could file a complaint and say that Bill was negligent in not taking a flamethrower to that book and also the other English books that had a cross on them at her desk

2019-05-07 20:04:25 Sent

But in my view, these HR, etc laws exist for good reasons, but the good reasons do not include being there for us to beat each other over the head with

2019-05-07 20:05:17 Sent

And I promise you that after 35 years of mostly relentless hell, seeing a book about Jesus Christ in a language I do not understand on my sweet little coworkers desk is a blow that I CAN take

2019-05-07 20:05:29 Sent

And that my life is such that it is not a blow in any sense

2019-05-07 20:06:02 Sent

It wouldn't hurt my feelings if her whole desk or the whole CIC were decorated with 10 commandment wallpaper

2019-05-07 20:07:17 Sent

But for sure I couldn't care any less about what any book on anyone's desk in any language is about period, unless it was something inhuman like a book about what a great guy Hitler was.

2019-05-07 20:07:33 Sent

So that's where I come from in these things

2019-05-07 20:07:42 Sent
So back to our little dilemma

2019-05-07 20:08:14 Sent
It seems irrational as hell to everyone else involved that I would care about this

2019-05-07 20:08:49 Sent
And one reason may be that they know what was said and that it wasn't that bad.
That's where I'm leaning now

2019-05-07 20:10:07 Sent
But for most of the past 1.5 years it has been a matter of life and death because I don't know what is being said and also because as long as I am kept in the dark I don't know who all is being told or how far it has or will be spread

2019-05-07 20:10:25 Sent
And it is not up for people to tell me what matters or should and what doesn't

2019-05-07 20:11:03 Sent
They haven't lived my life and wouldn't survive it if they did, not at their age.
As a child you have no choice but to survive whatever is done to you

2019-05-07 20:11:37 Sent
So that my mind is so destroyed and that I have been traumatized by this so badly makes sense for anyone who could get inside my skin

2019-05-07 20:11:51 Sent
Which is unfortunately only me in an absolute sense

2019-05-07 20:12:05 Sent
So I've been grilling abbey behind the scenes

2019-05-07 20:12:13 Sent
Talking to jenny on and off about it

2019-05-07 20:12:36 Sent
And it puzzled the absolute hell out of me as to why no one would just tell me what was said

2019-05-07 20:13:14 Sent
I got the impression that people didn't believe it later on, or that it wasn't nearly as bad as what my imagination had went to sometimes s

2019-05-07 20:13:24 Sent
But they will not

2019-05-07 20:13:44 Sent
And then Jenny had a Freudian slip a while back

2019-05-07 20:15:03 Sent

Was angry and said "ok, I talked to her and she said you had been in a mental institution". Jenny knew I had been to the hospital at the time Jenny said this. I had told her everything about my life by this point. But at the time this happened she would not have known

2019-05-07 20:15:27 Sent

And for the whole time I thought Tunny was the one who talked to someone

2019-05-07 20:15:57 Sent

Never mentioned Jenny at all, only said that I thought Jenny had to know more than the nothing she claimed

2019-05-07 20:16:19 Sent

And that kind of clicked when I thought of it

2019-05-07 20:17:00 Sent

That would explain why no one would tell me, bc they were worried about some HR rule that might get them in trouble

2019-05-07 20:17:23 Sent

And it could get a lot of people in a lot of trouble

2019-05-07 20:17:48 Sent

So I started just calmly asking to please say what they know

2019-05-07 20:17:58 Sent

I had done this before

2019-05-07 20:18:06 Sent

But now I was especially open

2019-05-07 20:18:25 Sent

And I get the same resistance and refusal and all this other stuff

2019-05-07 20:19:39 Sent

Tunny quit talking to me a long time ago, but Jenny digs her heels in harder and harder everytime, and it's clear that she's lying. No one who can judge this type of thing will think anything different

2019-05-07 20:21:26 Sent

So in my mind sometimes I see Jenny as this extremely deceitful Person. At others I see her as someone who wants to be perfect and cannot admit to herself what she has done with the pain she caused, and sometimes I think she's a good person who just wants to save her own skin like anyone would , and maybe she doesn't believe me when I say that it is all forgiven the second she just tells me

2019-05-07 20:22:46 Sent

It bothers me extremely that I will not be told the truth, as I think that I

deserve it like anyone, and I know for a fact that I have been lied to and that this situation is being discussed among people who will not admit it

2019-05-07 20:23:12 Sent

And my imagination can't stop from running wild at times with what is said and how far it will make it

2019-05-07 20:24:11 Sent

And the situation we have now is Jenny has made it clear that she is being dishonest and has done things to absolve herself of this situation that can get her in big trouble

2019-05-07 20:24:32 Sent

And I have pursued the truth relentlessly and she will not say anything

2019-05-07 20:24:55 Sent

Nor will Tunny or the other people I know for a fact no more about this situation than they say they do

2019-05-07 20:25:18 Sent

And I am left with options I do not like

2019-05-07 20:25:44 Sent

The fact of

The matter is I have been done a terrible wrong almost certainly in the eyes of the law

2019-05-07 20:26:05 Sent

And it has destroyed me over and over on and off for 1.5 years

2019-05-07 20:26:51 Sent

And this is a beating that I cannot just take, particularly when the default response when I try to resolve cordially is to lie more ambitiously

2019-05-07 20:28:46 Sent

So if I can't get the truth, I'm left to fight back somehow, either through the courts or to preempt people that I meet with what has happened and why they cannot believe people and the things have done that tarnish their character

2019-05-07 20:30:09 Sent

In short if the chance of Charlotte or any other city or even one tiny section of one city turning into the hell I lived before is 1 in a thousand, or 1 in 10 thousand, that is far too much and I am left to be aggressive and even ruthless if necessary

2019-05-07 20:30:47 Sent

And people I care about and who ultimately I do believe care a lot about me and have good intentions most of the time will be hurt

2019-05-07 20:31:29 Sent

I can't go on forever asking people for this. But if you will, please think on this for maybe today and the first half of tomorrow

2019-05-07 20:31:58 Sent

Think of there is something, anything you may know about this that can put my mind at ease

2019-05-07 20:32:40 Sent

What I want to know is what was said, all of it, who said it, and roughly who all they said it to

2019-05-07 20:32:51 Sent

And get back with me tomorrow

2019-05-07 20:33:03 Sent

I will not
Let it
Get past us

2019-05-07 20:33:04 Received

Let me catch up. Was eating dinner and getting kids ready for bed.

2019-05-07 20:33:28 Sent

Unless you give me permission if you can just respond my end of tomorrow night

2019-05-07 20:36:45 Sent

It will be like it never happened to the rest of the world except who you give me permission to. The offer isn't good forever. I
Trust you very much. But if you can get back by tomorrow night with the truth I am looking for by any means this will be over for me and everyone else.

2019-05-07 20:37:17 Sent

And thank you. It has been an hour or two. I really appreciate it

2019-05-07 20:39:18 Received

I'll read through and catch up. Like I said not sure I have an answer or the one you're looking for, but I'm happy to listen!!

2019-05-07 20:39:38 Sent

Yes you are fine. Just do your best

2019-05-07 20:39:54 Sent

And if you have nothing in the end that is fine too

2019-05-07 20:40:24 Sent

I'm just trying everyone who may know or have access to know

2019-05-07 20:40:49 Sent

I will give you a steak for trying

2019-05-07 20:41:03 Sent
Whether you succeed or not

2019-05-07 20:41:13 Sent
I've got some steaks from a high end meat shop

2019-05-07 20:42:17 Sent
This thing has killed me. It has destroyed me and I can't wait for it to be over somehow

2019-05-07 20:42:18 Received
Based on the little I did see as it came through, I think it's about Jenny. If so, I probably won't be of much help. I haven't spoken to her since she left.

2019-05-07 20:42:25 Sent
Yes I know that

2019-05-07 20:42:36 Sent
But just do your best

2019-05-07 20:42:47 Sent
If you can't find anything that is fine

Hahaha! You're too funny! I'm a vegetarian 🌱

I got the steaks as a bonus for helping program the website for a company that sells meat to the pga tour

That's awesome!

Trying at least

2019-05-08 12:14:46 Sent
Hope your day is going good

2019-05-08 12:31:30 Received
I've been running around like crazy! I haven't forgotten about you. I read through it all late last night, but didn't want to text you back so late.

2019-05-08 12:31:39 Received
Hope yours is too

2019-05-08 12:31:53 Sent
Oh you're fine

2019-05-08 12:32:00 Sent

I'm taking today off

2019-05-08 12:32:20 Sent
Been working and/or stressing myself to death 14 hours a day for 10 days

2019-05-08 12:37:41 Received

That's a good idea. Not worth stressing yourself too much!!

2019-05-08 12:42:22 Received

Once I get the baby settled, I'll respond to the texts from last night. It was a lot, so forgive me if I miss acknowledging anything!!!

2019-05-08 12:42:42 Sent

Take your time!

2019-05-08 12:49:06 Sent

And you are doing me a favor. All I am asking for is anything you know about this.

I had another breakdown over it last night after I talked to you, or maybe while. I can't remember. I just remember being destroyed again. That was two breakdowns I had over it yesterday

2019-05-08 12:50:29 Sent

And again, any info you give me I will share with anyone unless you give me permission.

2019-05-08 12:51:05 Sent

Not*

2019-05-08 12:51:11 Sent

My brain is fried

2019-05-08 12:52:00 Sent

Any info you give me about what happened or any notion you have of what might have

2019-05-08 13:05:02 Received

I'm sorry to hear how much this is impacting you. It's also horrible to think that someone might spread misinformation or even real information that isn't there's to discuss. I haven't heard anything other than what you've told me. I'm not sure if that's good news to you or not, but I'd like to think it maybe gives you some peace of mind to know that people maybe aren't spreading things or as far as you think.

2019-05-08 13:05:47 Sent

Yes it is ok

2019-05-08 13:05:58 Sent

And I appreciate your reading the whole thing

2019-05-08 13:06:03 Received

I didn't know that you had been hospitalized until you told me. I knew nothing of your past until you shared it with me.

2019-05-08 13:06:15 Received

Of course!

2019-05-08 13:06:18 Sent

And that was just the past few days right

2019-05-08 13:06:37 Sent

I don't think I told you until I brought this up

2019-05-08 13:06:52 Sent

When I left I remember I told you my diagnosis

2019-05-08 13:07:08 Sent

And that is comforting

2019-05-08 13:07:11 Received

Yes. You mentioned your diagnosis, I think shortly after I became your manager.

2019-05-08 13:07:45 Sent

Yes but the actual hospitalization wasn't until the past 2 or 3 weeks right

2019-05-08 13:07:50 Received

And before you left you mentioned medication adjustments and your sleep issues

2019-05-08 13:07:55 Sent

Yes exactly

2019-05-08 13:08:13 Sent

And it doesn't really matter. I am just thinking out loud

2019-05-08 13:08:18 Received

Yeah, it wasn't until you texted me about it within the last week or so

2019-05-08 13:08:43 Sent

Yeah. My life is a twilight zone in many ways

2019-05-08 13:09:02 Sent

I'm unique. I've got that going for me

2019-05-08 13:09:27 Received

Yes, unique is good. Who wants to be like everyone else anyhow?

2019-05-08 13:09:57 Sent

Well everyone else are pretty much identical relative to me

2019-05-08 13:10:09 Sent

They look different from one another

2019-05-08 13:10:39 Received

I'm glad it's comforting. People always shared a lot with me as an analyst, maybe not as much as a manager, but I can assure you no one ever spoke anything about

your past 😊

2019-05-08 13:10:45 Sent

But placed next to me it's clear

Who's from the same planet and who lives on one somewhat differ

2019-05-08 13:11:08 Sent

Yeah and it's not that they shared anything

2019-05-08 13:11:43 Sent

I am an open book. It is just that if it was something bad I want to know and be able to respond and contain it

2019-05-08 13:12:12 Sent

And like I said before, I am an open book but I have to leak things out one drop at a time

2019-05-08 13:12:21 Received

I guess I should say, no one ever spread misinformation/rumors about your past either.

2019-05-08 13:12:38 Sent

Time. My life is too different and too extreme to dump on someone at once

2019-05-08 13:13:09 Received

Not to say that people didn't say things amongst themselves, but I never heard anything nor was any of it shared with me

2019-05-08 13:13:31 Sent

That was where I was going several

Weeks ago, explaining to you how I convey my situation very very slowly so as not to overwhelm

Or turn them away

2019-05-08 13:14:29 Sent

I drop little hints and then after a series of those drop a little bit of the situation. And unfortunately as a result of these repeated breakdowns I've let it go on many people

2019-05-08 13:14:42 Sent

Just lose control of myself and say way more than I should

2019-05-08 13:14:42 Received

You're right, it is a lot and people often don't understand when people have lived through horrible things and the impact that can have. A lot of ppl live with rose colored glasses on.

2019-05-08 13:14:58 Sent
Yes and it can make you look bad

2019-05-08 13:15:15 Sent
When people hear of the circumstances I was raised it

2019-05-08 13:15:18 Sent
In

2019-05-08 13:15:44 Sent
They can easily have a thought of "be must be really messed up from all of that" in a bad way

2019-05-08 13:15:57 Sent
That is actually rational

2019-05-08 13:16:34 Sent
So that's why like before, I soften the blow by casually mentioning things about how I've been studying psychology for 26 years

2019-05-08 13:16:49 Sent
People will do the math in their head and figure out somethings odd There

2019-05-08 13:16:59 Sent
Puts me at 12 or 13

2019-05-08 13:18:13 Sent
And I can say "I didn't start reading books about it until 20, but I was watching and listening to tv and radio shows when I was much younger, and I count the time I first started studying as when I talked To this smart PhD every few weeks as a child"

2019-05-08 13:19:00 Sent
And then I can say "I ended up Talking to several of them every month without missing a month for 16 years"

2019-05-08 13:19:12 Sent
Drop little hints like that one at a time over time

2019-05-08 13:19:34 Sent
Then when partial details of The horrific abuse I suffer come up

2019-05-08 13:20:42 Sent
It doesn't hit so hard because a) they've been wondering for a while and b) they think "that must be why he saw those doctors" and they get the idea that I am not actually a bad person

2019-05-08 13:22:26 Sent

In other words, it is not bigoted at all but a plain acknowledgment of reality that people, men in particular, that have been horrifically abused as I have are best to stay away from.

As a group we behave very badly. There are exceptions and the ones who get professional help have the best chance of being an exception

2019-05-08 13:22:27 Received

I would hope that people don't think you're a bad person for seeing mental health providers. It's as important, if not more, than seeing a GP. Although I realize the stigma surrounding it.

2019-05-08 13:22:37 Sent

It is not that

2019-05-08 13:23:02 Received

It just sucks that we live in a world where it is still stigmatized!

2019-05-08 13:23:17 Sent

It is more this "boys who see their moms get beat grow up to beat women" type of mentality

2019-05-08 13:23:38 Sent

Well the mental illness stigma
Is one thing

2019-05-08 13:24:00 Sent

That is totally wrong and driven by ignorance

2019-05-08 13:26:16 Sent

But as I say it is a
Statistical best bet for anyone to stay away from grown men who were horrifically abused as
Children. They tend to grow
Up to be not nice people.

Psychologists will actually advise

Women to stop seeing some guy if he has extreme abuse in his past. It's too big a risk because you make

The wrong assumption and you're going to be living in hell

2019-05-08 13:26:45 Sent

So that part is not so much bigotry as it is an accurate apprehension of reality

2019-05-08 13:27:06 Sent

I cannot fault someone for
Thinking that way and I wish my mother would have.

2019-05-08 13:27:15 Sent

So that's why I've
Got to
Soften that blow

2019-05-08 13:27:55 Sent

The way it works is women who are abused as children turn it against themselves

2019-05-08 13:28:22 Sent

Men develop outward hostility,
Cruelty, and violence as a tendency

2019-05-08 13:28:39 Received

Ahhhh...ok. I see what you're getting at. I know ppl who have lived through abuse (abused mothers too) who have gone to have healthy(ish) relationships. They are at least healthy in the sense that they didn't themselves become abusers.

2019-05-08 13:29:05 Sent

Yes exactly

2019-05-08 13:29:48 Sent

And the very gradual introducing of this idea that I was seeing psychologists regularly since age 12
Or 13

2019-05-08 13:30:22 Sent

And did so for 16 years barely missing a month

2019-05-08 13:33:01 Sent

But as I have said before, my story is quite extreme. One of
My doctors told me
It was the most horrific abuse story she had heard from
All her clients. That's when I was 28 and that doctor was young with not a
tremendous amount of experience. But it says something. And I do not tell people
the whole story unless they hear the whole
Story for a living. I learned better bc it would put people in tears and they would
be disturbed a very long time afterwards

It is not something you could hear and think that the person had a remote chance of
being normal without a hell of a lot of help

I'm glad that you at least have doctors you can share your story with. It would be

Yeah, that's fine! I just wanted to make sure you weren't exhausting yourself reaching out to lots of people. I know it's not my place to tell you how to process your feelings or the situation, but it might make things better to not overthink it too much. It's hopefully not as bad as you think!

My doctors say I am ruminating which is accurate but I can't help it. And I've been preoccupied for a good bit now. And been asking her questions left and right, having appointments with my dr, etc.

2019-05-08 19:27:00 Sent
But the thing is after talking with everyone, including you, and thinking I think the whole thing is fine

2019-05-08 19:31:00 Sent
And I'll amend my original request to say that you are free to share this with any management within wfb if they ask about me because I message people on my phone. That may help them understand.

I've been within inches of death over this several times, I'd say about 3 or 4, and when I get in that intense moment I become cruel in the things I say. I don't want a blanket share with anyone who asks but for specific management who have a reason to understand and who respect my privacy I am fine with them, and they can share some of the details with their employee in question as long as it can be assured it will be confidential

2019-05-08 19:31:41 Sent
I have no idea if I even have a right to such privacy messaging you on my personal phone, but that is what I would ask

2019-05-08 19:32:51 Sent
I've also broken down completely without being cruel quite a few times

2019-05-08 19:46:39 Received
I'm sorry it has consumed so much of your life. I would agree that it sounds like it is not as bad as you first thought. I'm sorry to hear that it has brought you to the point of contemplating taking your life. I know that I can't tell you how to feel, but know that whatever anyone else thinks of you, it is not worth that. You

have endured far greater than people saying cruel things or potentially thinking of you differently than you'd like them to.

2019-05-08 19:46:59 Sent
Yes I am fine

2019-05-08 19:47:19 Sent
I am telling my doctors and this is over

2019-05-08 19:47:22 Received
I will keep what you said in mind about others in management should they ask. Specifically those that know you and care about you.

2019-05-08 19:47:42 Sent
It is literally this one thing that has turned me upside down

2019-05-08 19:48:13 Sent
I withheld how bad it was causing me pain to them until recently

2019-05-08 19:48:46 Sent
The reason is the people at this ping pong fun center I told you about eventually became abusive

2019-05-08 19:49:24 Sent
And they have absolute power over you and I didn't want to risk ever going to a place like that again

2019-05-08 19:51:16 Sent
But I am talking to them about it and they have a place here that is more like a hospital. It is right next door to where I see my doctor. Those people are nice and if for some reason my doctor ever thought I was in a condition to be admitted to a hospital I would be fine with them. It's like a vacation from what I can tell

2019-05-08 19:52:35 Sent
And I recently learned that the doctors at that hospital violated procedure. The place I went when I was 18

2019-05-08 19:52:47 Received
I'm sorry to hear that place was abusive. It's distressing to know that "professionals" can do such things!

2019-05-08 19:53:05 Sent
Well it is the technicians mostly and not the doctor

2019-05-08 19:53:37 Received
I'm glad to hear that there's an option you are comfortable with should you need it

2019-05-08 19:53:43 Sent
But the thing is due to the reasons you are there in the first place, anything you claim took place will likely hold no weight in court

2019-05-08 19:54:08 Sent

But the doctors violating procedure actually makes my situation better

2019-05-08 19:54:17 Sent

My mom said "she was worried about me"

2019-05-08 19:54:26 Received

Yeah, it's really sad that people take advantage of those that have no power in the situation they are in.

2019-05-08 19:54:37 Sent

They took me to this place and I signed a voluntary agreement to stay there for 21 days

2019-05-08 19:54:54 Sent

I asked to go home and was denied repeatedly

2019-05-08 19:55:21 Sent

At that point, what was supposed to happen was I was supposed to have a court hearing

2019-05-08 19:56:00 Sent

They had no right to hold

Me against my will without going to a judge. But that doctor I guess knew he would get away with it

2019-05-08 19:56:29 Sent

And was busy and probably hated me for verbally abusing him and also disagreeing with his diagnosis

2019-05-08 19:57:04 Sent

That was a hit to his ego that I would challenge an M.D. with extra training to work as a psychiatrist

2019-05-08 19:57:40 Sent

At minimum I can instantly think of 6 M.D.s that agreed with me and that is my current diagnosis

2019-05-08 19:58:21 Sent

But the fact that he violated procedure means I have in the eyes of the law ever been held against my will and I do not lose constitutional rights

2019-05-08 19:58:26 Sent

Never*

2019-05-08 19:59:27 Sent

All that is on file are my voluntary agreements to stay there

2019-05-08 20:01:51 Sent

I'll sell my second amendment rights for \$15 if I get hard up. Guns aren't my thing. But for some irrational reason I like the fact that my rights haven't been taken.

2019-05-08 20:05:16 Received

Ugh...I'm sorry. That's terrible. He let his ego get in the way. Maybe he really thought he was trying to help you. Either way, it was wrong.

2019-05-08 20:05:29 Received

That is understandable

2019-05-08 20:05:29 Sent

Yeah well it doesn't matter

2019-05-08 20:05:35 Sent

It works out for me now

2019-05-08 20:06:09 Sent

I had to stay there longer but I have more rights, and it is unlikely the judge would argue with this ultra educated doctor

2019-05-08 20:06:16 Sent

His word would rule the day

2019-05-08 20:06:36 Sent

I would argue with him all day long and it turns out I was right

2019-05-08 20:07:34 Sent

So if I go to court all that means is I'm missing ping pong and I'm going right back. Might as well skip the court and hold my spot at the ping pong table

2019-05-08 20:15:02 Received

I suppose that's a good outlook

2019-05-08 20:15:39 Sent

I'm jk

2019-05-08 20:15:46 Sent

This is funny

2019-05-08 20:16:33 Sent

When I went there I was not sleeping much, and I would be up early in the morning, like 6 am with the ping pong table turned up on one side beating the hell out of it

2019-05-08 20:18:22 Sent

It sounds like a machine gun with that ball smacking the table over and over. The guys in the rooms right next to it were furious. One of them was this huge guy

named Jeff that was about 7ft tall literally. He started catching the balls and crushing them

2019-05-08 20:20:42 Sent
So I had literally several gross of ping pong balls in my room and I could keep 14 in my pockets. So one would go off the table and he'd catch it and crush it and I'd just pull out a new one from my bottomless supply and keep going

2019-05-08 20:21:20 Sent
And these people apparently figured out how I work and that I have an irrational tendency to win any power struggle

2019-05-09 21:41:18 Sent

It is like the world can never be brutal enough. Every time I kid myself it comes back to show that is still worse yet than I ever had imagined

2019-05-09 21:41:43 Sent

And I don't know what all was said

2019-05-09 21:42:00 Sent

Probably a lot of untrue stuff that I will never be able to answer to

2019-05-09 21:42:52 Sent

But I hate the thought of going on the aggressive with people I care about, and I think that all people involved care about me or did at some point.

2019-05-09 21:45:50 Sent

This Abbey girl's sole source of information about me other than me is an ex friend who is far past having any feelings or concern for anyone.

He never has anything good to say about anyone when they are not in his presence, or almost never. He talks about all his friends like they are dogs behind their back.

And he was very mad at me at the time he would have been talking to her, and I guarantee you he has told her completely malicious lies. So she may at some point have believed whatever he said was true, and possibly repeated it.

2019-05-09 21:47:00 Sent

I had told her that I had been to the hospital I am pretty sure. She got that from me. But this guy has told her god knows what. She has since learned that she's dealing with a monster as far as he is concerned, but that wasn't the case around when this had happened

2019-05-11 06:09:29 Sent

I'm going to move to another country

2019-05-11 19:16:35 Sent

Very sorry to text that to you so early in the morning. I had another breakdown over that situation

Yes that is what made me feel better about it

2019-05-11 20:32:59 Sent

Reflecting on her behavior

2019-05-11 20:33:44 Sent

The reason she repeatedly lies to me is because she is psychologically traumatized by what she has done and her defense mechanisms are in full force

2019-05-11 20:33:51 Sent

Or she would be traumatized

2019-05-11 20:34:12 Sent

But she cannot accept that she did something wrong because it would destroy her

2019-05-11 20:34:26 Sent

She tried too hard to be perfect.

2019-05-11 20:34:30 Sent

Tries

2019-05-11 20:34:49 Sent

But it does me no good until people
tell me the truth

2019-05-11 20:35:02 Sent

So I am going to move very far away

2019-05-11 20:35:23 Sent

Probably my own mother and the rest of my family won't even know where I am

2019-05-11 20:35:38 Sent

But I don't think she is deceitful because she doesn't care

2019-05-11 20:35:48 Received

Are you certain she knows more than she's already told you?

2019-05-11 20:35:54 Sent

Yes

2019-05-11 20:35:59 Sent

No doubt at all

2019-05-11 20:36:23 Sent

She has never admitted to knowing or hearing anything and she is lying her ass off
repeatedly

2019-05-11 20:36:33 Sent

No question about that at all.

2019-05-11 20:37:06 Sent

So I am forever in the dark.

2019-05-11 20:37:15 Received

Ok, just be sure you aren't letting your own anxiety over the possibility of her

about the hospital.

2019-05-11 20:37:26 Sent

She did

2019-05-11 20:37:34 Sent

That was her Freudian slip

2019-05-11 20:37:43 Sent

So yes I know she heard that

2019-05-11 20:38:01 Sent

Which I later several months later told her myself anyways

2019-05-11 20:39:04 Sent

I am an open book, I just wanted things to come out slowly for the reasons I gave. Telling Tunny people hate me was also deliberate but maybe too fast. I wanted people to know that too

2019-05-11 20:44:41 Received

Understandable. Will moving away from Charlotte really make you feel better though?

2019-05-11 20:45:05 Sent

Yes because then I won't have to worry what people are hearing

2019-05-11 20:45:34 Sent

Here now everywhere I go I will have to worry about what some person might say about me

2019-05-11 20:45:47 Sent

It is just like the mountains

2019-05-11 20:46:24 Sent

And that people have been contacted and are still in communication is not something I can handle

2019-05-11 20:46:39 Sent

Jenny has destroyed my chances for a life up here

2019-05-11 20:46:56 Sent

And there is no prayer of getting the truth from her

2019-05-11 20:46:58 Received

Charlotte is a pretty big city. I doubt Jenny is spreading information about you and even if Tunny knew more than you said, she's sweet and has never been one to spread information about others.

2019-05-11 20:47:15 Sent

Yes but I will never know

2019-05-11 20:47:27 Sent

Think that is the most probable thing too

2019-05-11 20:47:54 Sent

But the fact that everyone won't tell me leaves me in permanent limbo and I'll never have peace

2019-05-11 20:48:06 Sent

And that they let me suffer like this is horrible

2019-05-11 21:56:35 Sent

Ands it's not what they know per se. I guess that is part of it. We have one fact that I was in a mental hospital, which people will sometimes call a mental institution, and that term just sounds bad.

It may be that the plain fact was said like that. Or it may be that some horribly exaggerated thing like I thought was being said back home was. The way the exaggerated thing would have gotten said was if my ex friend deliberately said that to Abbey and she said it.

I told him when we were friends the things I thought people might be saying. He is plenty cruel enough to say that to spite me.

Outside of that there isn't anything I have told Abbey about myself that could be all that damaging, or at least that I wouldn't be able to explain to people and be comfortable with.

And since her sole source of info was this extremely cruel person who tells horrible lies about people, she has certainly heard some bad things about me that were not true and god only knows what they were.

After he booted me from his life I saw first hand how ruthless he was. I had saw it before but not like then. I was in contact with this girl he was deceiving and leading on. She shared with me some of his texts. I've never seen such cruelty in my life

2019-05-11 22:29:38 Received

I'm sorry to hear that and I'm sorry you are suffering. I hope you are able to reach a resolution with the situation and find some peace with it all.

2019-05-11 22:30:18 Sent

Yeah it's not good but I think I will be fine if I just move

2019-05-11 22:31:06 Sent

For the time being I will just have to deal with it. It is terrible. But I will live I think

2019-05-11 22:38:54 Sent

And it may be something else true. I don't know. There isn't much about me that I'm that I would be ashamed for people to know. So we have all kinds of scenarios. The 1 truth, the 1 truth exaggerated with lies, the 1 truth plus 1 or more lies, the multiple truths, the multiple truths with lies, or the multiple truths with one lie.

Whatever it is it had the same exact effect as back home. People have the same reaction and they refuse to tell me at all costs.

2019-05-11 22:40:40 Sent

I tend towards 1 truth or 1 truth + one or more lies.

I understand the stigma with mental hospitals especially if the term institution is used. Other than that I do not know of anything that would really stigmatize me so bad.

2019-05-11 22:48:33 Sent

And I wish I could be as calm as I am now about it all the time. But it always come back

2019-05-11 22:48:35 Received

As I said before, people can be close minded. Especially if it involves things that they've never been exposed or close to in their lives. I have friends that have been to mental hospitals which is likely at least part of the reason why it isn't something I have a negative view towards. That and I have strong feelings towards mental health being extremely important and am truly mind blown that people still choose to stigmatize it. I know it bothers you deeply to know that people might view you in a negative light because of it, but I say screw them. They are not worth a thought. Anyone who could possibly view you in a negative way because of your time in a mental hospital or for any of your life experiences is not worth your time!

2019-05-11 22:49:02 Sent

Yes that is true

2019-05-11 22:49:15 Sent

But otherwise good people change their view about me over whatever it is

2019-05-11 22:49:34 Sent

So those "screw them"

People is 100% of people I've ever met at this point

2019-05-11 22:50:48 Sent

So if I will not be told whatever it is so that I have a chance to respond, and I will not be told at any costs no matter how much I beg and plead and threaten and scream and cry, the only way out is to live somewhere where no one I've ever know in the past is ever at

2019-05-11 22:51:49 Sent

And have no way for people to get in contact with them. Letting Jenny see my Facebook for what I though would be 5 seconds was all it took to ruin my life here and put me through hell.

I cannot live through this many more times

2019-05-11 22:53:37 Sent

And truthfully these people aren't good people for what they've done to me. I give them the benefit of the doubt compulsively and see them in a good light at all costs, but they have not one ounce of reciprocity. It apparently makes them think I'm that much more weak and I might do better by fighting back. That's the mentality I was in but then that ripped my heart out thinking about it

2019-05-11 22:57:05 Sent

I'm learning that there is a big cost to being the bigger person for small and cowardly people. These people have no aspirations for the kind of person they want to be, apparently. They are comfortable being bigots and liars, and comfortable

with causing me enormous suffering and doing nothing to end it, when all it would take is to simply tell me the truth. But they expect some sort of door prize of some massive amount of money I will never have to tell the truth. They are such heartless and deceitful people they don't feel any obligation to tell the truth

2019-05-11 22:57:47 Sent

It's apparently their right to lie and I'm a bad person for ever suggesting so extreme that they tell the truth

2019-05-11 22:57:55 Sent

Something so extreme

2019-05-11 23:05:01 Sent

The horrible things I've been through are worse than at least what 50% of serial killers went through as children, and I wasn't really raised much. My life was more surviving minute by minute like an animal than it was learning how to navigate the world.

But I tell the truth almost always. And I would never let someone go through this. These people are spoiled and privileged for the most part.

2019-05-11 23:07:10 Received

Like I said, I don't think Jenny meant any harm by reaching out to that girl. I'm sure she feels horrible for causing you pain.

2019-05-11 23:07:33 Sent

Not horrible enough to do something so simple as tell the truth

2019-05-11 23:07:46 Sent

Or to not let me bend over backwards to help her all I can

2019-05-11 23:07:57 Sent

I understand she has limitations

2019-05-11 23:08:19 Sent

But I sure as hell do too and sometimes I just don't get it

2019-05-11 23:08:52 Received

I know you think she's withholding additional information, but maybe she truly doesn't have anymore and just seems guilty. I'm not sure why she wouldn't just tell you.

2019-05-11 23:08:58 Sent

And I've told her 1,500 times that if she would just tell me it would be over

2019-05-11 23:09:20 Sent

Well she's withholding everything

2019-05-11 23:09:53 Sent

She denies ever talking to her period and she's lying her ass off clearly according

to numerous experts

2019-05-11 23:10:28 Sent

Exactly that I think has happened has, I just don't know the extent and I don't know the full details

2019-05-11 23:11:28 Sent

But the thing is I still feel bad for hurting her feelings by bringing this up

2019-05-11 23:11:41 Sent

It is a reality she can't deal with

2019-05-11 23:11:52 Sent

And it hurts her big time.

2019-05-11 23:12:48 Sent

But I'm confused as to when it is or isn't ok to let someone just lie to you and not tell the truth. At what point is someone genuinely handicapped enough to not be held accountable the same way I would expect people to hold me accountable

2019-05-11 23:13:17 Sent

So that's another point

2019-05-11 23:13:37 Sent

Don't let what I have told you here get back to her if you can help it

2019-05-11 23:14:06 Sent

I'm letting her live under the impression that I am once again convinced she didn't know anything

2019-05-11 23:14:36 Sent

She talked to no one and knows nothing about anyone who did

2019-05-11 23:15:05 Sent

No point in causing her suffering when it will get me nowhere

2019-05-11 23:21:30 Received

Ahhh...I see. I remember you asking me about my thoughts on her mental capacity a while back. I obviously don't know her that well, so I'm not sure if she has shared anything with you about herself. I suppose that could explain it.

2019-05-11 23:22:04 Sent

She hasn't

2019-05-11 23:22:25 Received

*and I'm not sure

2019-05-11 23:22:42 Sent

I am 100% certain now after thinking about it that it is her inability to admit she has done something wrong

2019-05-11 23:22:59 Received

Ok. Like you said before, it's entirely possible.

2019-05-11 23:23:05 Sent

The way her mind works that would destroy her

2019-05-11 23:23:21 Sent

So she defends against that reality to herself first and then to me

2019-05-11 23:23:54 Sent

But I have all sorts of problems, and I generally am able to live a moral life. So I don't know if I should let her off the hook or not

2019-05-11 23:24:07 Sent

I mean I've nearly died over this

2019-05-11 23:24:31 Sent

But a consequence of my life is that people aren't as tough as me

2019-05-11 23:25:13 Sent

Despite the fact that I get emotionally crushed at times like I do over this, I am kind of fearless in ways. Like I can handle devastation

2019-05-11 23:26:12 Sent

In other words, if I were in her shoes and it would inflict trauma on my mind to admit what I did, I would likely do it anyways because I've been conditioned to deal with that type of thing my whole life

2019-05-11 23:26:31 Sent

I also think my hard life is the reason I can outwork nearly anyone.

2019-05-11 23:26:45 Received

If she has some sort of disability, I would say she gets a pass even though it has caused you to contemplate your life over it. It's terrible that it lead to that. Maybe distance yourself from her.

2019-05-11 23:27:03 Sent

Yes I think so

2019-05-11 23:27:22 Sent

But would you consider that a disability?

2019-05-11 23:27:41 Sent

Having something where it would traumatize you

2019-05-11 23:27:52 Sent

To admit you did something wrong

2019-05-11 23:27:57 Sent

She has that for 100% fact

2019-05-11 23:29:06 Received

I don't know that it alone would be, but it could very well be caused by a disability of some sort

2019-05-11 23:29:41 Received

Or even mental illness...for lack of a better term. I hate to even call it an illness.

2019-05-11 23:30:07 Received

I know nothing of her situation though

2019-05-11 23:30:18 Sent

Yes and her behavior makes sense in light of that fact

2019-05-11 23:30:41 Sent

Everything that has puzzled me about her in general makes sense in light of what I am talking about

2019-05-11 23:30:58 Sent

For sure you can take what I'm saying to the bank in regards
To that

2019-05-11 23:31:04 Received

You are closest to her, so if you strongly feel that way, there's a good possibility. You can't really fault her if there is something going on. You just have to distance yourself for your own wellbeing

2019-05-11 23:31:34 Sent

Yes and the bad thing is I like her as a friend very much and care a lot about her

2019-05-11 23:31:41 Sent

And I believe she does me as well

2019-05-11 23:32:11 Sent

So I think I'll just keep going about it business as usual and not hurt her over it, and then make plans to move

2019-05-11 23:32:27 Sent

Let it hammer me on and off

2019-05-11 23:32:42 Sent

I wish I had some insider who could tell me what she says about it

2019-05-11 23:33:07 Received

Maybe figure out how to work through it with your doctors if you want to continue being friends?

2019-05-11 23:33:18 Sent

Like if i knew she wasn't saying or repeating anything anymore that would give me comfort

2019-05-11 23:33:41 Sent

And if I could be guaranteed that she would quit talking to that girl and anyone else she's met in the process

2019-05-11 23:35:11 Sent

But that won't happen. So I'm just screwed in life again and that's fine. Been there done that. I'll live in misery on and off for a while then move somewhere where I don't have to worry and let this be a hard lesson that I cannot trust any human being for any period of time big or small as far as what is said about me is concerned

2019-05-11 23:35:42 Sent

No one will ever be allowed to go near anyone who has ever known me before, except my kid sister

2019-05-11 23:35:50 Sent

Maybe not even her

2019-05-11 23:37:29 Sent

The clear pattern that will never be broken is this- people say something(s) about me that ruin my reputation and standing in people's eyes in 2 seconds. The people who hear it will repeat it and that effect will spread. I will never, ever be able to respond and will never, ever be told the truth at any cost, including my life

2019-05-12 06:47:22 Sent

And you have no idea how bad it pisses me off to read what I just wrote, in light of the fact that it is the plain and obvious truth.

I don't want to die and go to heaven, I want to die and be reborn in a world that has 1/1000000th the mercy on me as I have on these people.

2019-05-12 11:35:34 Received

I'm sorry you are struggling so much with this Clint. I'd suggest you get in to see your doctor to discuss where you are at with the situation right now. Like I said, I can't tell you how to feel about the situation, but I can tell you that it is not worth the amount of time you have spent stressing over it and it is definitely not worth your life. I don't think your reputation is destroyed. I honestly think that the anxiety over the situation has lead you to believe it is worse than it is. Please speak to someone that can help you better than I can.

2019-05-12 11:37:09 Received

Unfortunately, a bachelors in accounting isn't as effective as a doctorate in psych
☹

2019-05-12 18:14:03 Sent

Yes I am sorry. I keep breaking down over this and I shouldn't send you messages when I do

2019-05-12 18:23:46 Sent

But the only thing that will ease my mind is to know exactly what happened and what was said. I don't care that things have been said about me, all I want to know is what so that I have a chance to respond.

99% of every wrong thing I have done or bad thing about me was before I or around when was 18. And none of it was that bad. I know for a fact that Abbey has been told totally false things about me, and that when she was asked she would have repeated them. I just have no idea what. I will drop the subject with you though as there isn't much more you can do to help me. And again, I apologize. This causes me unbelievable pain at times and I can't fully control myself when I break down over it. You've been my sounding board lately and I end up texting you at the crack of dawn.

2019-05-12 18:55:11 Sent

And I will never get an answer the way I am doing it. Abbey is a fugitive in multiple states according to her sister. The person who would have "informed" her of things about me is the worst person you'll ever meet. He has had intimate relations with underaged girls god knows how many times, against their legal and in one case against their psychological consent, I believe this for certain and will testify to it in any court of law at any level.

So I have a few options. One is to tell everyone I meet about Jenny and Tunny, maybe show them pictures, and explain they may say negative things about me because they have associated with a fugitive and a racist sociopath, and that they are liars and have lied to me repeatedly. Also explain to them that they may be prejudiced against me over my health history, which they had no business of knowing and telling others, particularly if they did it in a pejorative or bigoted way. Tell them to let me know what is said if they hear anything and take anyone who repeats whatever it is to court for defamation. Also explain that they have probably shared false and defamatory things with others at Wells Fargo and to watch out for them.

Another option I have is to tell Jenny's church about this situation and her repeated lying and other ethical problems. Tell her that she has difficulty admitting she did anything wrong and that she needs to work on this cause it has destroyed me and nearly cost me my life. They may be able to fix her.

2019-05-12 18:58:03 Sent

That's my last rant for you unless you bring it up. And I am sorry to take you away from your children for what is now probably about four hours total time invested in this

2019-05-12 18:59:42 Sent

This is going to have you redlining at a solid 10 on your 7 to 10 range for some period of time. Maybe call my office people and say they should see how I'm doing, if some bragging about how awesome you are would do you some good.

2019-05-12 21:49:34 Sent

And since we've had additional discussion, I will ask again if I have permission to share our conversation.

2019-05-13 20:33:54 Sent

I will assume I can since our last conversation was ok. Please keep it from getting to Jenny if you can. I won't see my doctors for a while most likely so if between now and then you change your mind just let me know and I won't say a thing. I probably won't say a thing anyways. And ignore that last message about showing people pictures, etc. I've been a wreck over this and I get in intense emotional places and say things I do not mean. It was the thought of turning against people I care about that had me so broken down the first time I texted you about this in the past week. There is almost no chance I could ever do anything to make life hard for Jenny or even Tunny, although I think Tunny is less handicapped than Jenny. I want good things for them all.

I sent Tunny a message on Facebook the same day I messaged you. I was begging her to tell me. I was in tears and broken down completely. I saw that she had read them and I typed her a message saying if she would tell me it would be between she and I and that I would make her church any kind of website they need for free and also manage their server for free. Website is bare minimum \$5,000 to \$10,000 at the going rate. Godaddy and other companies charge \$120 a month to manage a server. That is a scam and ridiculous but the fact stands that I was going to do it for free of charge for years for her.

She blocked my messages however and when I sent it, it bounced back. That's the kind of person I am. I forgive people and have mercy. They do me wrong I respond with mercy and kindness. That is what happens over the long term, it is always short lived when I am mean about things and start to see people as evil. I think my behavior in big or small ways while at the bank reflects that. I always acknowledged my role in things and I tried very hard to see the other person's side.

On the various times I have been broken down and almost ready to die over this, I have occasionally messaged her and said cruel things about her involvement with her church. My intent after I calmed down was to at some point get ahead and send her church money to make up for that.

I appreciate again your time and that is for sure the last thing I will say unless you bring it back up. I know your life is hard and full of responsibilities.

And please feel free to tell me if you can think of any behavior I had while at WFB that betrays what I just described. Also let me know if you ever recall me doing something dishonest or lying. I do not think there is one single instance but I would be curious to hear if anyone had that impression ever.

2019-05-13 21:11:31 Received

Hey, sorry just saw your other texts. Was Mother's Day and my sister's bday yesterday, so we were doing a combined celebration. Will read through all of the above.

2019-05-13 21:15:07 Sent

Yes you are fine and you owe me no apology ever

2019-05-13 21:26:26 Received

Ok, all caught up. I don't have any issue with you sharing our discussions with your doctors. I won't say anything to Jenny, I don't speak to her. Glad you determined the picture showing and church outreach are a bad idea. The part about information about your health circulating around wells, I would doubt. Tunny has never seemed like the type to talk about others. I have also never heard anyone speak of your health history either. Heck, Christian was oblivious about your diagnosis until I had to loop him in because of his need to know with all of the hr conversations. As far as I know, no one is aware of anything regarding your health. Unless of course Tunny has information like you think, but I doubt she's mentioned it to anyone.

2019-05-13 21:27:37 Received

You never were dishonest. If anything you may have been guilty of oversharing. Not saying that's a bad thing, but definitely no dishonesty.

2019-05-13 21:29:19 Received

I know you are certain Jenny learned information about your past, whether true or false, but are you sure she shared it with Tunny?

2019-05-13 21:30:22 Sent

Yes she did

2019-05-13 21:30:28 Sent

But it is fine

2019-05-13 21:30:39 Sent

I'm trying and trying to get past it

2019-05-13 21:32:13 Sent

And I know you don't talk to her, but it's a small world so was taking precautions. The chances of it getting to her are slight in any case but asking for special care. I don't want to cause her any more pain.

2019-05-13 21:32:54 Sent

The plot about my life back home has layer after layer of thickness

2019-05-13 21:33:04 Sent

That is part of the problem

2019-05-13 21:33:34 Sent

And no one had a clue what kind of twilight zone straight from the pits of hell awaited them one click away

2019-05-13 21:33:57 Sent

And I'm sure what happened is when I was so devastated they thought it would go away

2019-05-13 21:34:31 Sent

So out of embarrassment and maybe worrying about trouble for themselves they just kept quiet about it, then slowly started lying

2019-05-13 21:36:42 Sent

And if someone has trouble admitting they did something wrong, each white lie adds to

The burden and each big lie does.

So after 17 months of this the stakes are too high. It is not only admitting to the original thing but also admitting that you lied about it the whole time

2019-05-13 21:37:32 Sent

And I have a personality that is easy to misinterpret. So Tunny and the others who may not have Jenny's "handicap" probably anticipated me going on the aggressive to the fullest extent

2019-05-13 21:38:02 Sent

And the fact that I was occasionally cruel when I spoke to her didn't help that perception

2019-05-13 21:39:22 Sent

I think I may have come across as seeking some sort of personal gain out of this rather than desperately wanting the truth for its own sake. She may not have even believed that I was on the verge of death

2019-05-13 21:40:00 Sent

This would especially be true if one of the things that was said about me was that I was a dishonest, bad, or mean person

2019-05-13 21:46:36 Sent

When I originally contacted you with the handicap question, I was thinking that maybe she has some sort of emotional or mental problem that is some sort of retardation. She didn't seem that way to me the whole time I knew her. But I thought maybe the reason she won't tell me is that she is unable to really understand what it means when I suffer and hurt like I do.

This last time I text you about it I had dropped the handicapped thing for the most part, but after talking to you and doing my own research that's when I figured it out. She has extreme difficulty admitting she does something wrong. Every single thing about her that has ever not made sense to me made sense in light of that. That and the psychological condition behind it.

And the problem is also that they know what was said and I do not. So it probably

was something fairly benign and to them it's not a big deal. They are probably thinking "it's nothing anyways. So no need to worry about it". But I don't know and this type of thing destroyed my life and has the potential to irreversibly destroy it again. And the continual hiding it from me just made me wonder worse and worse what it could be

2019-05-13 22:08:57 Sent

And it may not have been benign. That may be why they had that reaction but then they realized it wasn't true. I can speculate forever and a day. I guarantee you that Abbey has been told awful things about me that are 1000% not true and horrible by this guy I told you about. And if she repeated them I am sure that would be enough to turn anyone against it. That's the case even though I don't know what was said. I know how this person is. If you want I will give you an example of how he talks. I saw a side by side with this girl he was deceiving that I talked to. I heard about something from him first and then I heard the actual truth from her. This guy is literally Ted Bundy. He has no heart, no soul, and he is unbelievably narcissistic.

So I might actually have that going for me. Whatever was said might be so extreme that it is easy to brush off as false.

2019-05-13 22:12:30 Sent

And I have reason to
Believe Tunny cared about me very much after she heard of the pain it caused me when whatever was said was said

2019-05-13 22:30:48 Sent

And like I say, there is not one thing in my life that I can't defend. I've done plenty wrong and am far less than perfect, but given my situation I think I've managed well and that it would be very unreasonable to expect me to be any better a person today than I am.

I am actually contemplating making my entire life public on the Internet in the next 3 years or so.

2019-05-13 22:31:24 Sent

And all the people who have bad things to say about me are free to say them and I will respond publicly

2019-05-13 22:32:13 Sent

And also I will compile a list of
Everything I have done that is wrong and distribute it online for free

2019-05-13 22:32:34 Sent

And encourage viral respreading

2019-05-13 22:39:03 Sent

And regarding the showing pictures, that was me just being mad. I'm pretty sure I just woke up when I typed that. I get in moments where I feel hostile and say things. It's not like some premeditated thing that I mull over and then later on

decide isn't good. It is a temporary feeling and it goes away fast. Like I say, I need to keep my cell phone away from me when I get in those moods

2019-05-13 22:39:20 Sent
I never really considered doing that

2019-05-13 22:50:39 Received
Like you said, maybe whatever they heard was obviously over exaggerated and they questioned the validity. Maybe they didn't want to tell you because they were worried it would hurt you and they thought they were protecting you from a cruel person's warped commentary about your life.

2019-05-13 22:52:02 Received
Hmmm...that's a thought. Maybe blogging would be a useful outlet for you, if that's something you'd be comfortable with.

2019-05-13 22:52:39 Sent
Yes but it's more than a blog

2019-05-13 22:53:04 Sent
Like I say, back home all of these bad things that were said about me were used as a tactic

2019-05-13 22:53:33 Sent
And this hit and run style is not a game I can win. I was also made a scapegoat

2019-05-13 22:54:00 Sent
But if I'm public on the Internet, there is no hit and run. I'm not going anywhere

2019-05-13 22:54:17 Sent
And the compiling all I have done wrong has many purposes

2019-05-13 22:54:39 Sent
One is it shows that I have nothing to hide

2019-05-13 22:55:18 Sent
Another is that anyone wants to learn about me, anything they want to know will be online and they can look it up

2019-05-13 22:56:54 Sent
There are 3 classes of people who say whatever it is about me back home, 1) people out to destroy me, 2) people who don't know better than to believe #1, and 3) people who use it as a social tactic for the purposes of competing for jobs or girlfriends

2019-05-13 23:00:03 Sent
#1 and #3 are the primary concerns, and they will shut their mouths real fast when they see what happens to them if they try this in the new game. Their hit and run won't work. I will call them out publicly and they will be ruined when they try to squirm out of it. I am thinking of making it a big psychology experiment and invite

behavioral science experts from all over the place to opine on everything. I will have every word that comes out of my mouth or that I type subjected to laser focused scientific scrutiny

2019-05-13 23:01:40 Sent

If I can survive the scrutiny of every credible psychologist and neuroscientist on the planet then no one whose opinion I would care about will be skeptical of me at all

2019-05-14 10:37:51 Received

If you choose to do something like this, just be mindful of what you're writing about/sharing. Obviously you won't share more than you are comfortable with about yourself, but be mindful of what you write about others. You don't want to deal with the possibility of a libel suit.

2019-05-14 13:38:47 Sent

I'm not worried about that at all. When it comes to libel and slander, truth is an absolute defense

2019-05-14 13:44:49 Sent

And if people are saying such horrible things about me that put me through what I went through for years before and what I have went through for 1.5 years here, I have nothing to lose. I almost lost my life in both places.

But the issue I have is that people say this behind my back and then won't tell me or admit to it. So as soon as I leave the room it is said and then I never get a chance to respond. I only speculate about what is said.

Here it was done out of not knowing what is true and what isn't largely, I think. And I'm not sure that anything that bad was said.

But back home it was a deliberate attempt to ruin me that was behind it, and the people involved have plenty about themselves that they like to hide.

So the idea is you want to talk behind my back, but instead let's put both our lives under the microscope in front of the whole world. I'm comfortable with every actual fact about myself, and let's see if you are.

And the "you" is whoever says something about me.

2019-05-14 14:02:31 Sent

And this is a side note, but you are confused about when I told you my diagnosis. That wasn't until I left. I told Jessica about my autism around Dec of 2016. Then when Marco was my manager I called HR and told them I had a mental illness but didn't specify what. Jessica had given me that number and I thought I was supposed to call them. So that was when my "disabilities" were formally documented

2019-05-14 14:06:22 Sent

The reason I told you when I left was I had been talking to a psychologist about how to get along with people better and she had made some observations.

I thought about some of what she said and thought maybe I hadn't been fair to you and Christian or maybe that I hadn't acknowledged my role.

I don't think that anymore. I think I was more than fair and I think it is beyond shameful how I was treated at that bank. But at the time I thought maybe I should explain why I act the way I do. I was also self conscious of somehow coming across as self centered over what Bill said in that meeting. I had no idea what the hell made him think that and I still do not. But I didn't want people thinking that and thinking I didn't care about them.

2019-05-14 14:23:07 Sent

And part of the plan for the website would be to have a place where any lawyer who wants to make legal threats can contact me.

And that section will include a part where they can request whatever type of derisory information they would like about me. I will tell them of where to start looking if they want to hear that I am XYZ or that I have done PQR, on the following conditions- 1) they tell me what was said and who said it
2) their communication telling me what was said and who said it would be licensed to me to distribute publicly, and my license will include rights to sublicense it to every single human being on earth to virally spread everywhere
3) if they have some sort of Audio or video or png or jpeg or any other evidence that supports what is claimed the same terms apply. It will be licensed to me and I will make sure it is spread as far and wide as possible as fast as possible

2019-05-14 15:31:58 Received

You told me about your autism diagnosis before that point. It was not too long after I became your manager, if I remember correctly. Not sure specifically when. You had mentioned it over a lync message one day. You might have mentioned it to Christian around the time you left. As far as you treatment goes, I'm curious about what you think was shameful. Bill? Christian? I'm guessing things that I wasn't involved with because I feel you were treated quite fairly and often afforded a great deal of flexibility. You were never scrutinized any more than any other analyst and treated just as we would the other CAs. I'm glad you thought the legal aspects of the website you are considering creating. I just wanted to warn you what might come of it should you post about others.

I'm sure plenty of people had negative things to say, but it was likely those that were reprimanded or those that I wasn't as involved. I agree that I wasn't as involved as I wanted to be, but I was pulled from management a good chunk of the time. I'm sure at least some of it was Jenny.

2019-05-14 15:55:44 Sent
The one that was way way far out was Julie Bells most complex customer. We spread a whole bunch of companies. I am on the phone with her about it for hours and hours and I get it out to her as fast as possible

2019-05-14 15:56:12 Sent
Which means not waiting to send to her after I add 10 pages of notes in MRA

2019-05-14 15:57:39 Sent
So instead of having an item to push out every day, I would just push it out to the extreme future. That saves me from having to push it out day after day. Then when I add the notes for QA I turn it in. I never let the sit for the whole 4 or 6 months in the future I push them out to

2019-05-14 15:58:39 Sent
There was another one where the office didn't have the correct statement. I rarely terminated anything and just gave them forever and a day to get me the right thing

2019-05-14 15:59:12 Sent

Yeah. The whole EZR madness is a pain. I hope that one day we have an easier way to submit work. I helped create the perfect plan for future workflow and a massive list of must haves in a future workflow tool, but who knows if we'll end up with something as intuitive as we hope!

2019-05-14 16:17:37 Sent
Lol!

2019-05-14 16:17:44 Sent
That's awesome

2019-05-14 16:29:45 Sent
And just so you know, related to my plan to make a public website with every detail about me and hammer people if they say something about me, it is extremely and I mean very extremely unlikely that it will ever involve the people here who have heard things or who might have.

I agree with you that they probably know any horrible thing about me is not true by now, if they heard it. I also agree that they will not repeat anything that will be damaging due to people's biases, even if true.

The latter I don't care if they repeat and they'll have a hard time beating me to the punch cause I'm going to clear up everything.

The former, the only way they would be involved is if they said something about me that was untrue again. Then I would have to address them publicly.

I told you before that my fear was that they have heard some exaggerated thing about my hospitalization. The reason for that was that is what I think people say back home. Abbey hasn't lived in that area for a long long time. So whatever she heard she had to get from elsewhere. Her sister is in the mix in that area pretty frequently. So in Dec 2017 when this first happened I thought she had heard something from her.

But I recently talked to her sister. We were friends in high school. She thinks very well of me and says she never talks to Abbey bc Abbey is a sociopath and stole her identity.

So that rules her out and that sort of rules out what was said being this exaggerated thing about my hospitalization. The only way the exaggerated thing about my hospitalization was said was if my ex friend said it to spite me. He knew of the things I had speculated people said and he might have told Abbey that, or he might have said something like "he claims that he was there cause his mom was worried but I guarantee you the real reason"

So we have what Abbey knows, which is that I was at a hospital. He has without a doubt made me out to be the devil and said god knows what. Between those two I can pick apart what was said but nothing specific on what he said.

This girl he was deceiving told me that he didn't care about me at all and I would know if I knew what he said to her about me. But she wouldn't tell me because "I don't want to hurt your feelings and it is so horrible"

2019-05-14 16:31:44 Sent
And by the way, it begs the question very strongly why I was ever this persons

friend.

Another bad thing about me that can be explained and that no reasonable person would fault me for once explained

2019-05-14 16:32:21 Sent

But here is an example of the type of things he says. I will censor it since it's your work phone

2019-05-14 16:37:46 Sent

When I contacted this girl that my former friend was deceiving and manipulating, we talked for weeks and weeks, and one of the things she told me about was that she had some health condition where she has to get infusions. She told me about how she would tell him about it on the phone and would often be balling her eyes out over how sorry she felt for the people in this clinic.

Well, I had heard this same thing from him, when they were on supposedly good terms. He told me about her infusions several months before.

Here is how he put it-

"She has to go get some kind of injections and I'm pretty sure that the reason is that she has gotten AIDS from getting A#####D by (insert racist slang for African American men here)"

2019-05-14 16:38:55 Sent

This guy is vicious and the most narcissistic person I've ever met in my life, and he has no soul. No heart. No humanity.

2019-05-14 16:39:49 Received

Wow...sounds like it!!

2019-05-14 16:39:54 Sent

Yes.

2019-05-14 16:40:07 Sent

I can tell you all about him

2019-05-14 16:45:59 Sent

The short story is I met him first when I was 15 and he was 22. Me and a few of my friends went to his place fairly regularly until I was 17 and now and then to about 18 to 19.

Every single person who knew him knew that there was something extremely bad wrong with him. He tortured animals for a hobby for one thing.

Around the time I was 26 he and I started hanging out again and he acted different. He wasn't being racist or anything. Told me he didn't want to be that person

anymore. He was a great friend to me and would do all kinds of stuff to help me.

Then he had to have brain surgeries. He had one after another and he started being the bad version of himself again. He became intolerable to be around. I thought that when I moved to Charlotte I would be rid of him. But nope he wanted to drive 2.25 hrs on the weekends to come up here.

The whole county has something against me, except him, for the most part. His family is very well respected and powerful up there, and he is the most vengeful person you will ever meet. They are well connected with law enforcement in multiple counties in that area.

So he could burn down my families property if he wanted

2019-05-14 16:47:38 Sent

So I didn't want to piss him off cause out of the whole county he would be the worst person to have as an enemy. So I tried to manage the situation. Tried to change him. Then he got mad at me and booted me from his life. Surprisingly, other than what we're talking about here, he doesn't seem to be doing anything too extreme to get back at me.

2019-05-14 17:01:31 Sent

And if someone from my work or personal life up here said that they "heard such and such" from "so and so" to someone, but didn't state it as being true, they would quite likely be exempt from getting hammered publicly. The real culprits I am after are the "so and sos" who spread this garbage in the first place.

I'm sure that I could track down the paperwork my mom filed to get me hospitalized. It will snow the "she's worried about me" and whatever things I was doing that worried her.

I can also document that I have saw probably close to dozen different doctors on a regular basis for over 2 decades, and that not one of them thought I was dangerous to people in any way.

And if I get ahead I might contact the police in the various states abbey is a fugitive in and offer to help find her by paying for detectives. If anyone could get it out of her they could.

2019-05-14 17:15:17 Sent

My various doctors have almost all spoken of me in the best way.

And that is part of the reason I want to get behavioral science experts involved in my web project. They can verify if what I say is credible and if what others say about me is credible. I think I have a possible incentive to offer them, in that I am a pretty good clinical specimen due to the circumstances that I was raised in and my reaction to them and how I ended up. From day one of seeing this counselor at age 12 or 13, I was different from other children who had my behavior problems. The way I acted towards him is not typical at all. I diverge very sharply from the

path that most who have my background and my severe childhood behavior problems take. I diverged within probably 15 minutes of the first visit with that doctor.

2019-05-15 18:59:58 Sent

This is the last I am speaking of this to you, or I hope so. You have asked me to get help from my doctors and I will.

But they won't be able to help me. This whole thing has continued to destroy me day after day.

I have no option but to seek the answer somehow.

What do you think the possibility is to get all people who have heard whatever it was that was said together and have a call with me?

My priorities are:

- 1) I want to make sure that no one ever talks to any of these people again
- 2) I would very much like to know what was said, as it is being said elsewhere I am sure
- 3) I would like to make sure that whatever was said doesn't make it any farther.

Those are my priorities in order. I feel I deserve all of them but will take what I can get.

We can all sign a nondisclosure agreement and if people are concerned about some HR provision I can sign something releasing all parties from responsibility or obligations.

There is no help for me until I get my answers. I will be in hell for the rest of my days is how it's looking. There is more to this than can be explained in any short time.

2019-05-15 20:34:47 Received

Hi! Sorry I didn't get around to your other texts yesterday. The later half ended up being a cluster eff because of school madness. I'm glad you're going to talk to your doctors and I hope that they can help you in some way with the situation. Regarding a call with the involved parties (I'm guess Jenny, Tunny, maybe Abbey?)... I would doubt that all would agree if you had been aggressive towards them at any point. I know you said you lashed out at them. People tends to become defensive and guarded after that. I think it would be unlikely.

Never will get it willingly but if I fund the effort to capture her they might give her leniency on her other various criminal charges

2019-05-15 20:41:05 Sent
I was extremely happy when I came to the conclusion that the reason I wasn't being told was some HR thing. I thought that all I would have to do is make everyone understand that I'm not going to use HR stuff to beat them over the head and ruin them somehow. But that wasn't the case.

This was around Feb to March of his year. I have done so much to help both of them, Jenny and Tunny, but Jenny has a much bigger balance. I was more and more baffled by why Jenny wouldn't tell me, and at times I thought that she was this person who just didn't care and who had exploited my kindness and the situation she created

2019-05-15 20:42:15 Sent
I have been devastated by this and on the verge of death constantly, and she has been my only friend for the most part. So she's got to monopolize all of my problem solving and people helping stuff that I am always doing

2019-05-15 20:44:47 Sent
That's why this last time when I text you I thought I could get over it for good.

I had figured out why she wouldn't tell me. It is because she can't admit she did something so wrong to herself. I have determined that Jenny tries to be perfect in everything she does because to her to not be perfect in thought and deed and everything else makes her a bad person. In other words, she cannot separate her actions from who she is.

So that made me feel much better, that I hadn't been brutalized by someone who didn't care about me

2019-05-15 20:48:18 Sent
And the thing is this is not something all that wrong, what she and Tunny and whoever else heard it and possibly repeated it did.

There might be some HR rule that would allow me to whack them over the head with a

ton truck, to speak metaphorically. But I don't care. I am not someone who looks for reasons that my rights were violated so that I can take advantage of any and all situations.

She had very understandable and very typically human curiosity. What is wrong is letting it go on for so long and letting it destroy me more and more. And I have even forgave her for that.

The issue is that a good number of people back home are out to destroy me

2019-05-15 20:50:07 Sent

And they do not need to be talked to about me with anyone. The major problems with that are 1) they are going to paint me in the worst light possible, deliberately and even when they know it isn't true and 2) they have made multiple attempts on my life and will use any info they get about me to further terrorize me or try to kill me again

2019-05-15 20:51:33 Sent

I have no idea who all is being spoken to. All I know is that save possibly Abbey, none of them are concerned at all with the truth about me, and a good portion of them are trying to ruin me and/or kill me

2019-05-15 20:52:10 Sent

I didn't really do anything wrong, but with the circumstances I left, it was stupid for me to have a Facebook period

2019-05-15 20:52:21 Sent

And again, I am an open book

2019-05-15 20:53:00 Sent

2019-05-15 20:53:42 Sent

2019-05-15 20:54:09 Sent

And yes, the bat**** insane plot just got thicker

2019-05-15 20:54:32 Sent

And this is why the SBI might be knocking on Jenny's door one day

2019-05-15 20:55:17 Sent

The police back home were willing to cover it up, I am certain by things that I know

2019-05-15 20:57:11 Sent

If you want to know the story behind that, I will tell you. You just ask. It's nothing to do with you but I have no problem telling anyone

2019-05-15 20:57:27 Sent
Or at least anyone I know up here

2019-05-15 21:01:19 Sent
And I don't mean to dump it on you. And we can drop the subject any time. But this might get to be a much bigger problem and that's why I'm trying to solve it and get everyone here out of it.

I get the impression that people don't really believe what I say and my reasons for wanting to know this

2019-05-15 21:01:27 Received
I don't think anything about you is circulating around the bank. Were most of your discussions with Tunny while you were still at the bank and she was still with the department? If so, I never heard of any of the conversations or any of what you think she's heard. By saying people are out to kill you do you mean through spreading things that have caused you pain and make you want to take your life?

2019-05-15 21:07:02 Sent
The owner blames me for ruining his business and harming his reputation, and several of the employees were out for me over what I said making it impossible for them to get jobs

2019-05-15 21:07:37 Sent

2019-05-15 21:09:47 Sent

He had a guy that brought a concrete mixing machinery from his construction job and thought it was great to use to mix pizza sauce

2019-05-15 21:10:25 Sent

Same guy gutted a deer in the same sink the kitchen and dining room ware were in

2019-05-15 21:10:49 Sent

He also had way jacked up prices relative to what stuff cost him

2019-05-15 21:11:29 Sent

When had my first breakdown, I was spilling the beans on some of this stuff, not all of it. I would bring this up in conversations with people.

2019-05-15 21:13:05 Sent

So now all of the sudden people know about all sorts of illegal activity that these people are involved in, and in a small place that means everyone knows. The owners business went way down, and he blamed it on me.

It in fact wasn't me, or even mostly me

2019-05-15 21:13:31 Sent

There was a 15 year old kid who was invited by a coworker to our Xmas party

2019-05-15 21:13:48 Sent

He went back to high school talking about "getting wasted" there to everyone

2019-05-15 21:14:10 Sent

I was the only employee there who wasn't stealing from him when it was all over

2019-05-15 21:15:02 Sent

This owner was a nice guy in most ways, and that was his problem. These people plowed all over him.

2019-05-15 21:15:25 Sent

So then they get some more people pissed at me and bring them in the mix

2019-05-15 21:16:02 Sent

And at this point I've got a coalition out to destroy me, and a county full of people who don't know better than to believe and repeat what they say

2019-05-15 21:16:43 Sent

This assistant manager stole \$120 a week from the register

2019-05-15 21:17:18 Sent

And ended up going to Vegas with the owner and gambling with money he stole, and winning \$700

2019-05-15 21:18:01 Sent

He also drank moonshine at work, smoked Marijuana in the kitchen during open hours, and committed sex crimes with female employees in the bathroom

2019-05-15 21:19:21 Sent

But it's me and my big damn mouth. Not the owners incompetence, or the fact that every single day almost I had people telling me that they would never be back over the poorly prepared or cold food, or the obvious health code violations

2019-05-15 21:19:43 Sent

I was complimented by most of the customers that told me they were leaving

2019-05-15 21:21:22 Sent

And this asst manager stole a bag full of \$120 in quarters one night and then tried to blame it on the other guys 13 year old son. The guy that gutted his deer in the sink.

That guy was actually a hell of a nice guy. He just didn't see anything wrong using a concrete mixing tool, etc.

2019-05-15 21:23:32 Sent

But all I spilled the beans on were the huge profit margins, which others also spilled, and the party environment of the workplace. I was far from the only one to speak of the latter.

But in the owners mind he can just direct it all at me. In reality it is a good thing for him that the IRS came to shut down his business

2019-05-15 21:24:10 Sent

It will not last forever running a business like that. Something bad is bound to happen and there is plenty going on there that could get him in huge trouble

2019-05-15 21:24:12 Received

2019-05-15 21:24:16 Sent

I'll make your case for you "I'm calling bullshit on the germ theory of disease. What could deer blood and deer guts possibly do to harm humans exposed to that by a pizza pan? This is a hoax to take down the family owned enterprise."

2019-05-15 21:28:03 Sent

"These laws about 16 year old girls not dating their 26 year old manager is a bunch of cold hearted scientists who don't believe in fate. Fate knows no numbers and we've got to let it unfold naturally, including in the employee restroom during working hours"

2019-05-15 21:28:23 Sent

This is apparently the world he lives in

2019-05-15 21:28:44 Sent

These things aren't a problem, it's me telling people 10% of the story when my mind isn't working right

2019-05-15 21:29:24 Sent

So let them make up whatever garbage it is that they tell everyone. I'll address it in front of the world and we will see who is right.

2019-05-15 21:30:50 Sent

And also not the various other people who have said what goes on there. Those guys somehow aren't involved. It's all me.

2019-05-15 21:39:05 Sent

In the first two weeks that I worked there at age 15 I was personally offered marijuana at work, and another 15 year old kids parents called and said their son wasn't coming back because when his ride dropped him off at his house he had wine coolers from the restaurant in his backpack.

Me and this kid started at the same time. I told an employee about my situation and the owner was told. He should have done something about this whole thing right then. But he didn't, over and over for years.

2019-05-15 22:10:05 Received

Wow! That's crazy! Beyond the fact that it was ridiculously unprofessional and immoral of him not to do anything about the work environment of his own establishment, he set himself up for serious legal repercussions!

Yes

2019-05-15 23:02:11 Sent

Lol

2019-05-15 23:02:32 Sent

But in his feeble mind he can call himself a good business man if he just blames it all on me

2019-05-15 23:02:56 Sent

And at the time he thinks he can just have me put in the ground so I'll stop talking and things will be ok

2019-05-15 23:18:33 Sent

So you think there is no chance of whoever heard all of this getting on a call with me under the terms I laid out?

2019-05-15 23:19:15 Sent

I believe that most likely plenty of people at Wells Fargo heard and that plenty are aware of the situation, including people at some level of management

2019-05-15 23:28:14 Sent

If I seek legal help over this all bets are off the table once they get involved.

I've made 3000 attempts to settle this peacefully. I've begged on the verge of death for help. I've offered multiple times repeatedly to just let people explain and no harm will come to anyone. I've compulsively made excuses for grown adults as to why they shouldn't be held accountable for their behavior, including the consequences that any reasonable person would say they should face.

In return for this I have been lied to and left to be in misery over and over. I don't want to go to battle over this but at this point I see no choice and I have less and less reason to feel sorry for all involved.

The fact of the matter is that I have been done a massive wrong in the eyes of the law, almost certainly. I am being extremely generous on the terms I am offering to put this behind me, and I am holding the people responsible to a 10,000,000x lighter standard that has ever been applied to me anywhere, including at this bank that treated me so shamefully awful many times.

Had I went outside the workplace to get information about Tunny's health and false things about her life, then spread them all over the place and it destroyed her, we wouldn't be having this conversation. It wouldn't be at all questionable whether it is or is not a good thing for my church to be notified of my shortcomings. This is all in the light that I suffer from multiple conditions that are labeled as disabilities, and that no such generosity has to be applied to my situation as I apply to Jenny to make a psychological trait a disability.

This is not how anyone else would handle this situation. I cannot be more willing to work with people.

2019-05-15 23:30:27 Sent

I have mercy on people or at least try to, but this is not going to go on forever. There is no need for me to have this discussion and I do it out of kindness and of not wanting to hurt people, who are quite comfortable letting me live in misery.

2019-05-17 11:23:17 Sent

Or maybe we could do this. If someone can send me an anonymous email to

brokerc3@gmail . com with what "might have been said"

I don't want to cause a big ruckus over this. It destroys me on and off. I actually was pretty ok yesterday and am getting better I think.

Now I am not so much worried about something horrifically false that people are believing as I am just hurt that I wanted to keep all that place away from Charlotte and that has been ruined.

I know that many people in wells

Fargo heard whatever it was. The extreme reluctance to talk about it worries me at times. I can only imagine what horrible things might have been said.

I would by far prefer to have a call with everyone involved. Jenny won't join I don't think. We probably wouldn't even tell her until it already happened, at the most. I think that if she sees that I am cool as a cucumber after the fact and that I don't hold anything against anyone she might be easier to get to talk.

I want to be at home if we have a call so that I can record it for my records. Also so that I can be where I am comfortable. I will likely break down at some point when we talk. I might break down several times. But it will solve my issue. I will be a ok after the fact.

2019-05-17 13:00:30 Received

I'm sorry this continues to cause you suffering, but like I said, I haven't heard any discussion (whether true or false) about your health or past. I know you think whatever it was has spread around Charlotte and/or the bank, but I really think it is much more isolated. I highly doubt Tunny would share any such information if she had it. I'm also not sure what she would have to gain from sharing it. She has been in another department for well over a year at this point. I'm not sure if the timing at which you think she heard information about you (was it told to her by Jenny?), but I never heard anything of it while she was with or since she's left us. I also don't remember seeing her act any differently towards you. From my interactions with her, I believe she is a person of integrity that wouldn't spread other people's business whether true or false. Also, I'm still curious about the comments regarding your treatment while you were at the bank. I believe you were treated fairly and often afforded additional flexibility with your schedule to accommodate any of your health needs because we believed that was the right thing to do. Regarding a call, I honestly don't think those that you believe might know information (other than Tunny, Jenny, and the Abbey girl) would agree, especially if these are people you have lashed out at and demanded information from. How do you know that this isn't isolated to just Jenny and her inner circle of friends and/or family that she may have shared this with...possibly extending to Tunny since you believe Jenny shared with her? Who else are you wanting to involve? Aren't you ultimately worried about sharing details of your life with people that likely don't already know and have no business knowing?

2019-05-17 13:01:19 Received

I know you said that you are an open book. I'm just concerned about you stressing yourself out about the whole situation more if you start asking more people that

might have heard anything.

2019-05-17 13:02:43 Sent
Let me explain

2019-05-17 13:03:03 Sent
I have numerous concerns. But for now let's forget about any of that

2019-05-17 13:03:32 Sent
So my first concern when this happened was that whatever overblown thing that was said about me in the mountains was said up here

2019-05-17 13:03:45 Sent
That was before I knew who Abbey was getting her info from

2019-05-17 13:05:05 Sent
The reason that stresses me out so much is back home, whatever it was that was said, no one would tell me and I could tell that it was getting all over the place.

So it was that I never had the chance to respond and that I had no idea how far it would follow me.

Some of this was a deliberate attempt by people out to destroy me

2019-05-17 13:06:20 Sent
So the fact that people from there have been contacted makes me feel like I am tethered to Charlotte forever until I figure out what happened. I feel like I've got to babysit this situation because I have no idea if people here have been recruited into the effort, by being told whatever it was

2019-05-17 13:06:31 Sent
And absolutely I am an open book

2019-05-17 13:06:56 Sent
But I am not comfortable with horrible lies being told and people believing them with me having no chance to clear it up

2019-05-17 13:07:25 Sent
I have reason to believe that the people back home were telling people that I was a psychopathic killer

2019-05-17 13:07:35 Sent
And that they should warn people about me

2019-05-17 13:07:45 Sent
As a way to spread it as far as possible

2019-05-17 13:08:01 Sent
And that that was the reason no one would tell me. They literally believed this

2019-05-17 13:08:16 Sent

So idk if someone has been duped into thinking that here

2019-05-17 13:08:36 Sent

And any info people up there get about me will be used to destroy me more

2019-05-17 13:09:14 Sent

And the second they get a hint that they've got someone on the line that knows stuff about my daily life and where I work, etc they will be on that person like no tomorrow

2019-05-17 13:09:20 Received

I completely understand your concerns, but I doubt people here are as close minded than the folks back home. If Tunny, Jenny, or anyone else heard anything like that they'd know it wasn't true. Banks and most large corporations do background checks!

2019-05-17 13:09:49 Sent

Jenny has a quality similar to what narcissistic people have, except she has a conscience and a heart

2019-05-17 13:12:05 Sent
That is what I have determined

2019-05-17 13:12:16 Received
I honestly think she cares about you. I could always tell while you two worked together.

2019-05-17 13:13:13 Sent
She has to maintain a perception of herself that she is perfect, but it is not out of self absorption, it is out of her inability to separate her actions from her as a person

2019-05-17 13:13:37 Sent
She feels like if she does something wrong she IS something wrong, and she does this subconsciously

2019-05-17 13:13:50 Sent
Maybe partially consciously

2019-05-17 13:14:14 Sent
So for her to make a mistake is to BE as mistake

2019-05-17 13:14:23 Sent
A mistake* not as

2019-05-17 13:14:33 Received
I'd kindly ask her to please stop speaking to anyone from back home because it causes you pain. Let her know that if she's your friend and truly cares, she would stop. See where that goes.

2019-05-17 13:14:44 Sent

And yes those people were terrible

2019-05-17 13:14:54 Received
Are you sure she's still speaking to someone?

2019-05-17 13:14:55 Sent
That place is full of rotten people

2019-05-17 13:15:08 Sent
That she has at least once in the past month

2019-05-17 13:15:16 Sent
It's complicated

2019-05-17 13:17:11 Sent
But basically I reopened that Facebook account and made a dummy post that sounded like it was all about Jenny, and said that this person had spread stuff about me and that I was going to post all the details of her personal life.

I befriended myself on several old profiles that I have so that it looked like it was a general post for my friends, but in reality it was only shown to abbey and me

2019-05-17 13:17:41 Sent
I was going to see what happened because if no one is talking to her then I shouldn't hear a peep in Charlotte

2019-05-17 13:17:57 Sent
But that's not what happened, as I knew it wouldn't

2019-05-17 13:18:22 Sent
I do things to stir the pot sometimes when I get desperate to find out what happened

2019-05-17 13:18:52 Sent
But we will forget it for now. For any plans to do anything about it

2019-05-17 13:19:20 Sent
I do not think there is a statute of limitations on attempted murder and these people will be held accountable one day

2019-05-17 13:19:27 Sent
All of their lies will be exposed

2019-05-17 13:23:04 Sent
But if someone were to find out what was said if they would send an anonymous email that would help a lot.

I have told Jenny every single thing about me since this all happened and I would likely have anyways.

I at some point figured that everyone in Wells Fargo had heard every true and also every untrue thing about my life, so I saw no point in not telling her all of it.

I wanted to do it more slowly. Part of the reason that I am an open book is that I can defend my life. I cannot defend many of my actions in the past. They are inexcusable. But I can defend me as a person for how I have managed my life given my limitations

2019-05-17 13:23:44 Sent

I am the only person I know that has reached out and offered money over abuse he dealt out to other kids when he was 11 years old

2019-05-17 13:24:29 Sent

Most "bullies" as they call them today go about their lives. Some probably never feel bad about it. The rest just chalk it up to being a kid and feel no responsibility

2019-05-17 13:25:30 Sent

But me it bothers me and I want to be even with everyone when I leave this earth forever. I don't want anyone to have been worse off because of Leonard Clinton Williams III.

2019-05-17 13:26:18 Sent

So it's not the truth at all. It's the active campaign to destroy me by telling lies

2019-05-17 13:27:04 Sent

And the fact that people don't understand why people go to hospitals like I do, so they are easy to buy some load of garbage about me being a psychopathic killer, or a future one more likely

2019-05-17 13:28:36 Sent

And when it all comes out, there will be several super model looking girls that will see that their initial perception of me was right and that these people are just pathetic human beings

2019-05-17 13:29:15 Sent

Also some standard issue hotties that don't quite hit a 10

2019-05-17 13:29:44 Sent

I really don't give a crap about most of the guys up there. They're worthless for the most part

2019-05-17 13:31:19 Sent

But I have never done anything that wrong. I am more innocent than 50% of the people I know, at minimum, and more innocent than 90% of people in that hell hole where I lived

2019-05-17 13:47:21 Received

Ahhh...ok! Definitely no statue of limitations and I hope whoever was involved with that situation is punished to the full extent of the law! I can appreciate the wanting to be even before you leave the earth! It's great that you reached out to people that you were mean to as a kid! Glad you moved away from there. Definitely sounds like lots of evil people live there.

2019-05-17 13:48:43 Sent
Yes they are rotten

2019-05-17 13:48:50 Sent
I don't fully understand why

2019-05-17 13:50:07 Sent
It is corruption everywhere. I think that somehow there is some genetic thing for people that have lived there for generations. It is also just the worst, most tribal aspects of human nature being brought out by the contained small environment

2019-05-17 13:50:15 Sent
I could go on for days

2019-05-17 13:50:49 Sent
There is one place up there called Buck Mountain that is famous for having utterly depraved people

2019-05-17 13:52:11 Sent
But what outsiders don't realize is that the people living in the main area aren't what they're cracked up to be. It seems like this nice place where people have a twang sound when they talk and there is a church every 4 miles, and all this beautiful scenery. But stick around and you'll realize you are in hell

2019-05-17 13:53:35 Sent
I heard word of mouth recently, that I am sure is true, that a high school girl claimed to have been gang raped and that it was video recorded. This was by other high school boys at a party. The Sheriff refused to investigate because "I know those boys and they're good boys"

2019-05-17 13:54:58 Sent
Wtf is wrong with these people. If I had a nickel for every time some "good boys" as they are perceived by people, were involved in something like that I wouldn't have to worry about money ever again

2019-05-17 13:55:41 Sent
And when I was in high school a police officer in his late 30s was dating a 15 year old girl in our school. It was public knowledge and no one batted an eye

2019-05-17 13:56:27 Received
That's horrible! How can he just decide not to investigate. Disgusting!

2019-05-17 13:56:37 Received
Wow! That's crazy!

2019-05-17 13:57:09 Sent

Yes. It's who you are and who you know and if you're on the good side you get away with anything.

2019-05-17 13:57:18 Sent

They play by their own rules

2019-05-17 13:57:35 Sent

The narc detective was friends with the owner of that restaurant

Of course! Unfortunately, a lot of small towns have those flaws.

2019-05-17 13:58:20 Sent

He would go around asking these 16 year old girls voyeuristic questions about what all they had did with the various grown men that were preying on them there

2019-05-17 13:59:43 Sent

One of them was a guy named Doug who was nicknamed, by himself as "Pedophile Doug" and they joked that he should wear a cape and have PD in a diamond on the front, and he would hold his arms out like Superman flying when they talked about it as a joke

2019-05-17 14:00:53 Sent

So this narc detective, who by the way also directly propositioned girls who worked there right in front of everyone, would be asking some 16 year old girl "did Doug ever...."

2019-05-17 14:03:47 Sent

He offered one girl some stereo equipment for "one time in the cooler" and I guarantee that stereo equipment was stolen from some drug bust he did. People complained about him robbing them when he pulled them over. And he always had stuff to sell that make no sense in any light other than that he was selling for personal gain stuff he had taken from people he arrested.

He resigned over a slew of charges they made against him, including hosting "sex and drug parties" with high school girls, using stuff from the evidence room

2019-05-17 14:22:33 Sent

But word of advice, if you're ever up there sight seeing, which I encourage you to do if you have the chance because it is gorgeous up there, stay away from a place called Buck Mountain. It is halfway on the NC line and other half on TN and part of the Appalachian trail crosses near it believe. You will end up on a milk box

2019-05-17 14:23:23 Sent

The people in the movie deliverance are a disney cartoon compared to the people who live on that mountain, some of them anyway

2019-05-17 14:47:09 Received

That's crazy! Ahhhh...so real "mountain people". I'll be sure to avoid it. I'm out in the mountains all of the time hiking. I've never been to beech mountain, but I frequent the linville area.

2019-05-17 14:47:21 Sent
Oh nice

2019-05-17 14:47:25 Sent
That is right there

2019-05-17 14:47:56 Sent

Please don't speak my name lol

2019-05-17 14:48:35 Sent
State and Federal level law enforcement might want to see what you've told them at some point

2019-05-17 14:48:51 Sent
But yeah, Buck Mountain is notorious

He was a real nice guy but tough as hell

2019-05-17 14:50:02 Sent
He said how it was the people up there would try to plow all over you and you had to come back at them like hell to keep them off

2019-05-17 14:51:02 Sent
Told me about how this guy named Billy Johnson stopped him in the middle of the road and "not asked me, but informed me that I was taking him to the beer store, or he's going to kill me"

2019-05-17 14:52:05 Sent
This dudes name was mike and he said he proceeded to make Billy Johnson terrified for his life chasing them through the wildness or something. I can't remember what he said he did but it was pretty extreme and let him know that he better not try that on him again

2019-05-17 14:52:17 Sent

The main family that lives up there is the Oakes family

2019-05-17 14:53:50 Sent

This dude that threatened him with his life over the beer store, Billy Johnson, had gotten out early on a 10 year prison sentence for participating with 4 of the Oakes brothers in gang assaulting and torturing 4 high school girls on the Appalachian trail, at shotgun point no less

2019-05-17 14:54:35 Sent

They tortured those girls horrifically, aside from the sexual assaults over a period of hours

2019-05-17 14:54:59 Sent

Put fish hooks in their eyelids and then poured moonshine in their eyes

2019-05-17 14:55:32 Sent

And why the hell you only get 10 years or that and then get out early is beyond me

2019-05-17 14:55:32 Received

Holy crap

2019-05-17 14:55:45 Sent

It was in the 70s if I remember right

2019-05-17 14:55:55 Sent

Back then that crime wasn't taken as seriously

2019-05-17 14:56:17 Sent

Yes. What this guy told me was that for most of the time he lived up there the police refused to go up there

2019-05-17 14:57:30 Sent

Then this sheriff named Sheriff Henson who knew some family up there took over and they felt better about going. He said they found bodies in the woods where it was clear by the temperature that they had been kept in freezers

2019-05-17 14:58:10 Sent

And if you buy land up there and build a house, like some unsuspecting outsiders have done over how beautiful it is, dont piss them off

2019-05-17 14:58:39 Sent

Quite likely they will burn your house down whether you make them mad or not, but they are much better about that now

2019-05-17 14:59:19 Received

Yikes

2019-05-17 14:59:26 Sent

An old man I know that lived up there told me about this man from Florida came up there and bought a big swath of land and put a house and some cattle behind a fence

2019-05-17 14:59:38 Sent
This was in the past 10 years

2019-05-17 15:00:03 Sent

The Oakes own that mountain, no matter how much you pay for any piece of it

2019-05-17 15:01:24 Sent
Tell them they can't do anything on THEIR mountain and watch what happens to you

2019-05-17 15:04:27 Sent
When I was in real estate in that area there was this realtor in Roan Mountain who someone said they're looking for a place to build a house on Buck Mountain. This is almost verbatim what he said

"Well, Buck Mountain is it's own nation. So here's what I'd advise you to do. Go find you the meanest damn Oakes boy you can and tell him you're buying some land and you're going to split your lot and build him a house too. And hang you a (somebody) out in your front yard too."

2019-05-17 15:05:54 Sent
Hanging someone in your front yard is apparently a gesture that you share the community spirit and will help your house survive getting torched

2019-05-17 15:10:14 Sent
Yeah Gatlinburg is nice

2019-05-17 15:10:38 Sent
Probably more affordable than the N.C. mountains and for sure more safe than Buck

Mountain

2019-05-17 15:11:02 Sent

So since you've been up there have you heard of a place called Seven Devils?

2019-05-17 15:15:16 Received

Wow! Yeah, it's pretty affordable. Yes, but I've never been before.

2019-05-17 15:16:16 Sent

I recently learned that I am a direct descendant of one of the seven Devils the mountain is named after

2019-05-17 15:18:55 Sent

The legend goes that they had heard all of this references to 7 and the devil. There were seven mountain peaks, and the wind blowing in the winter was supposed to sound like the whistling of the devil, and then there was a story about one of the original families to Live there. A man named Billy Winters was supposed to have 7 sons who were mean as the devil

2019-05-17 15:20:01 Sent

My grandfather had apparently told us this and I was just too young to remember, but about a year ago I was talking to my aunt and William Winters son Daniel is my maternal grandfathers 4th or 5th great grandfather

2019-05-17 15:20:25 Sent

But all of that repeated seven and the devil was what they named it after

Other than that I had some vaudeville performers on my dad's side and a famous trick pool player, Joe Hood.

2019-05-17 15:43:38 Received

My dad has Joe's pool cues, an old original copy of the book he wrote, and some other stuff. It's pretty cool, but it's clearly not an inherited skill because I'm not that great at it 🙄

2019-05-17 15:46:39 Sent

That is awesome!

2019-05-17 15:46:59 Sent

I have almost certainly saw or read about Joe at some point

2019-05-17 15:47:06 Sent

Saw pictures that is

2019-05-17 15:47:29 Sent

It's not an inherited skill for anyone

2019-05-17 15:47:40 Sent

I used to play 18 hours week

2019-05-17 15:47:54 Sent

You spend your first 2 years doing that mostly racking balls

2019-05-17 15:48:12 Sent

If you play in a real pool hall

2019-05-17 15:48:46 Sent

I won quite a bit gambling in the beginning though

2019-05-17 15:49:07 Sent

And that is rocking about the first pilgrim

2019-05-17 15:50:13 Received

That's great! It's definitely fun, but like you said, you have to spend a lot of time.

2019-05-17 15:50:52 Received

Yeah, my mom's family on her mom's side spent a lot of time documenting the family lineage. It's cool to know so far back

2019-05-17 15:51:10 Sent

When I started the pool hall I went to was mostly a bunch of wussies that were afraid to gamble. All good players constantly wanted to gamble and me being one of the few that did and being a beginner, I would get handicaps that were so extreme they had no chance

2019-05-17 15:51:30 Sent

Yeah it is

2019-05-17 15:51:38 Sent

It is very interesting

2019-05-17 15:54:18 Received

I wish I knew more about my dad's side, but his mom died and I know nothing about his biological dad. I know his step father was a horribly abusive alcoholic. Oh yeah

2019-05-17 16:46:56 Sent
He's the one from late 18th century who wrote at least one book I believe

2019-05-17 18:03:06 Sent
I'm crushed like hell right now

2019-05-17 18:03:26 Sent
This is what I just typed to
Jenny

2019-05-17 18:03:46 Sent
You would understand if you were me and you couldn't get a girlfriend for 15 years
over these people and what they did to you, and the same garbag they say made it up
here and you could see it in the way people treated you instantly

2019-05-17 18:04:02 Sent
I will never have another girlfriend for the rest of my life and I will never know
what it is like to be in love, because this hell finds me wherever I go, and there

is no peephole to small for it to plow through like a freight train straight out of hell. and there doesn't exist such a thing as a person who could care any less what happens once it does.

2019-05-17 18:04:09 Received

Yeah, he was from way back! I hope you can find a way to move past the thought that anything has spread!!

2019-05-17 18:04:46 Sent

What?

2019-05-17 18:05:06 Sent

Oh I see

2019-05-17 18:05:18 Sent

But I am not in the mood for anything light hearted

2019-05-17 18:05:38 Sent

There is no help for me so I'd might as well stop talking about it

2019-05-17 18:05:59 Received

I mean throughout Charlotte and potentially in the bank. I really think it is more contained.

2019-05-17 18:06:17 Received

What'd Jenny say?

2019-05-17 18:06:22 Sent

It is a small world

2019-05-17 18:06:43 Sent

I will not be able to avoid these people in this city

2019-05-17 18:07:12 Sent

And whatever it is that goes around, the default action is for whoever someone sees around me, to tell them

2019-05-17 18:07:19 Sent

I only have one planet

2019-05-17 18:07:25 Sent

Jenny says nothing

2019-05-17 18:07:40 Sent

She is taking a nap and she will be pissed at me for bringing it up

2019-05-17 18:08:09 Sent

She needs to live in a world where this didn't happen and I screw that up every time I bring this up

2019-05-17 18:08:38 Sent

And she knows no boundaries to the lengths she will go to find back at this perceived aggression

2019-05-17 18:10:16 Sent

Like I say, it has something to do with me being a dangerous person I think

2019-05-17 18:10:22 Sent

Or dishonest

2019-05-17 18:10:36 Sent

Or something that would make people feel obligated to tell someone else

2019-05-17 18:10:50 Sent

Jenny is replying

2019-05-17 18:11:26 Sent

Her reply will come from this planet she lives on where the hell I'm in has nothing to do with her and she didn't do anything

2019-05-17 18:11:59 Sent

It will totally disregard the truth and probably be an attack at me

2019-05-17 18:12:07 Sent

She is very selfish

2019-05-17 18:12:46 Sent

She's giving and caring until her own lot is at stake and then she's like a bear protecting its cubs and all bets are off

2019-05-17 18:13:12 Sent

No amount of bloodshed is off the table if it is necessary to keep her from feeling less than perfect

2019-05-17 18:15:36 Sent

It's going to piss me off to read this crock of shit she comes up with. It is just a waste of my time

2019-05-17 18:33:06 Sent

Ok so she actually had something decent to say

2019-05-17 18:33:32 Sent

I threw in there "I know it wasn't you but ..." before I went on a rant

2019-05-17 18:33:44 Sent

So that puts her in the sandbox where it's safe to play

2019-05-17 18:34:34 Sent

And I do think my lecturing her about the fact that she doesn't have to be perfect to be a good person is having an effect. I think she is getting an insight from what I told her

2019-05-17 18:35:05 Sent

Normally throwing in "I know it wasn't you.." doesn't immunize me from an attack

2019-05-17 18:35:41 Sent

This whole thing causes her terrible emotions and it feels to her like an attack when I bring it up, when I'm just trying to find the truth

2019-05-17 18:36:12 Sent

Lol she actually has cheered me up temporarily, which is nice for change

2019-05-17 18:37:07 Sent

And I get into some pretty profound moral philosophizing at times when we talk about this. I tend to make a big deal out of life

2019-05-17 18:42:53 Sent

This is what I typed her after I figured out what her issue was. It was several days later, but she said she felt like I was trying to make her a witch like the Salem witch trials

2019-05-17 18:42:59 Sent

But I will tell you this. I never thought you were a witch. I thought you were a good person who cares about people but for some very strange reason wouldn't tell me.

You are human Jenny. To be human is to do things that are wrong in big or small ways. There is no one who is exempt. Jenny the good person can and will do things that can be seen as morally wrong and are hurtful to others.

The things like this Jenny does say nothing whatsoever about Jenny the good person. Jenny is a good person before she does them and Jenny is still a good person after she does them. Jenny is a human being just like me and the limitations that all human beings have will make it inevitable that she will not be perfect in thought or deed.

The destruction I caused others before I had reached my 15th birthday is impossible to measure. I was absolutely horrible to other children from the ages of 9 all the way into high school. Some of these children had to talk to school counselor over what me and my friends put them through. One came to school crying in fourth grade. Without a doubt I have caused one or more of them pain and emotional problems that they still suffer from today. I cannot imagine the pain of being a child who only wants to have friends like all the other children, but who is instead made a sport to entertain me and the rest of the children who got entertainment out of being cruel to them. I cannot imagine that pain; I only know that it has to be unbearable. I did that. I did that to innocent little children. I took part in

ruining their childhood and messing them up for life.

After all of this I still say I am a good person today. It is because my mistakes do not define me. My actions were not so much a reflection of me as they were a reflection of my limitations. To be that person who hurts children is not much less than the best I could have aspired to given my life and the fact that my brain wasn't half developed at my age.

I am a good person because I have enduring qualities of trying to do the right thing, and of caring about others. That I cannot escape my limitations 100% of the time and that I do things that are hurtful and cruel does not make me any less a person, it just makes me a person.

This is how you are too Jenny. You have good intentions for everything you do. You are as good as a person can get. I think you have a different definition of what doing something wrong means than I do. According to your definition I can tell you 100% you have never done anything wrong in your life, period. Not a chance. Would bet my immortal soul.

2019-05-17 18:43:37 Sent

It seems to have worked like magic in solving some of her psychological quirks. She's acting quite differently

2019-05-17 19:37:20 Received

Hmmm...well, I'm glad she's cheered you up and what you said to her seems to have helped

2019-05-17 19:37:48 Sent

Yeah I'm going to ask my ex friends victim what he told her

2019-05-17 19:38:07 Sent

Cause I'm pretty sure that is the ultimate source

2019-05-17 19:39:02 Sent

I am not sure that Abbey would exaggeratedly make up stuff about me being at the hospital. That's the only thing I recall telling her that might sound bad to someone who didn't know better

2019-05-17 19:39:47 Sent

He would be the only source of info Abbey has about my life

2019-05-17 19:40:06 Sent

I can't think of anyone else now that her sister is out of the possibilities

2019-05-17 19:40:46 Sent

He claimed not to have a clue what it was that other people were saying about me when we were on good terms

2019-05-17 19:41:02 Sent

Claimed it made him mad too

2019-05-17 19:41:42 Sent

But his Victim told me "he doesn't care about you" and "he couldn't and say something like what he did" or something like that

2019-05-17 19:42:18 Sent

She refused to tell me because she said it would hurt my feelings but I will ask her and tell her about this situation

2019-05-17 19:42:21 Sent

She will tell one

2019-05-17 19:44:40 Sent

Like I say, I don't care what was said. I care about knowing it. There is nothing so bad about my life that I cannot defend. Whatever I am accused of doing or being is garbage, I think. It is this hit and run, I tell people this and it ruins your reputation among the people I tell, then I exit stage left and somehow engineer the situation that it is impossible for you to respond to what I say, because the people I say it to will never, ever, ever, ever tell you

2019-05-17 19:45:16 Sent

I mean this is fucking ridiculous

2019-05-17 19:46:37 Sent

One of these days I'm going to take a blow torch to someone's face, or hold them over a Volcano. At this point I'm doubting that will work. For sure the past 700 people who have been told this would let me fall into a volcano before they told me

2019-05-17 19:50:41 Sent

I mean I get mad as hell

2019-05-17 19:55:40 Sent

I mean it is worth my life and the lives of potentially dozens of people to keep whatever the hell is being said about me from me. What could this bullshit be?

I cannot think of a sentence that could be constructed that does not directly threaten the creator of the universe that would be so taboo as to take five million years effort to still not get.

It is no problem for people to repeat this bullshit to any and everyone they meet, but they will never tell me

2019-05-17 19:57:01 Sent

I'm going to have to get legal help

2019-05-17 19:57:04 Sent

This is garbage

2019-05-17 19:57:59 Sent

Maybe I can get the U.S. Military involved and see if the world's only superpower can get it out of these chickenshits mouths in front of me

2019-05-17 19:59:24 Sent

I am apparently someone so bad that it cannot be spoken. Some strange voodoo rule dictates that it is to be blasted to the known universe every time I walk out of The door

2019-05-17 20:00:15 Sent

I'm being too big of a wussy about it

2019-05-17 20:00:27 Sent

I'm asking people. Forget that. Hasn't worked for 15 years

2019-05-17 20:00:42 Sent

Actually scratch that, we're not at 22 years

2019-05-17 20:00:49 Sent

Now

2019-05-17 20:16:31 Received

It's probably something obviously untrue to anyone with half a brain

2019-05-17 20:17:20 Sent

Well the other half of their brain doesn't know better than to treat me like a criminal with a terrible disease and tell other people

2019-05-17 20:17:52 Sent

And I'm mad as hell right now and am about to speak in very negative terms about Wells Fargo

2019-05-17 20:18:08 Received

Well, you did say the people back home weren't the sharpest

2019-05-17 20:18:26 Sent

Have already texted some very true and not flattering things about the banks

2019-05-17 20:18:28 Sent

Bank

2019-05-17 20:18:34 Sent

Singular

2019-05-17 20:18:44 Received

Why wells?

2019-05-17 20:18:52 Sent

And am waiting for my friend to respond

2019-05-17 20:19:04 Sent

Well I'm doing everyone favor

2019-05-17 20:19:20 Sent

First I tell you that I'm saying something bad

2019-05-17 20:19:35 Sent

Second what I am saying is 100% true in my mind

2019-05-17 20:19:59 Sent

And now I'm asked to take the extraordinary step of telling you what I am saying about you and why

2019-05-17 20:20:35 Sent

Because this shit was spread there and I know it

2019-05-17 20:22:00 Received

Speaking about me? For what? Being a decent human being and responding to your texts? Not telling you what you want to hear even though it is the truth?

2019-05-17 20:22:12 Sent

No not you personally

2019-05-17 20:22:29 Received

Ok, I was scratching my head there for a moment

2019-05-17 20:22:45 Sent

But the fact that I have begged people at this bank to tell me on the verge of death and they will not

2019-05-17 20:23:00 Received

Who? Tunny?

2019-05-17 20:23:04 Sent

If the bank doesn't like how that reflects on them then sorry

2019-05-17 20:23:10 Sent

Yes and also Nikita

2019-05-17 20:23:14 Sent

Terra one time

2019-05-17 20:23:17 Sent

Ryan

2019-05-17 20:23:27 Sent

But Tunny for sure knows

2019-05-17 20:23:47 Sent

The facts are not going to be censored

2019-05-17 20:24:04 Sent

I am sorry but I live through too much hell over this

2019-05-17 20:24:31 Sent

And as long as it is only my problem it will be my problem

2019-05-17 20:24:45 Sent

That's is what is obvious

2019-05-17 20:24:59 Received

I would say that it is highly unlikely that they know nothing. I'd be surprised if they did. They likely would have spoken to a member of management if you approached them while you were still there, but none of them did.

2019-05-17 20:25:49 Sent

And you and everyone else that hasn't had this happen should be glad that you've never sat in tears and thought of how you couldn't take it and that your poor mother would have to sell everything she owns to give you a burial

2019-05-17 20:26:05 Sent

You don't know what pain is until
You've been there

2019-05-17 20:26:10 Sent

And that's where I've been over this

2019-05-17 20:26:24 Received

And say they did hear something, how would they be of fault if it was simply spoken by someone else (i.e. Jenny since you think she would be the source) without them inquiring?

2019-05-17 20:26:45 Sent

I have no idea

2019-05-17 20:27:02 Sent

I am not talking of being at fault

2019-05-17 20:27:10 Sent

And it is pointless to bring that up

2019-05-17 20:27:22 Sent

But Tunny knows and she won't tell me

2019-05-17 20:27:41 Sent

Despite that I have told her on the verge of death that it would be forgiven instantly

2019-05-17 20:28:05 Sent

I see no reason to excuse an adult human being for this behavior

2019-05-17 20:28:28 Sent

I am apparently less than human over whatever garbage has been said about me

2019-05-17 20:28:52 Sent

And I'm not human enough to be given the opportunity to respond

2019-05-17 20:29:13 Received

I'm so sorry that the evil from home haunts you so much that you think it would follow you here and spread across your previous place of employment. I'm unless Jenny shouted it from the rooftops (she definitely didn't), I doubt it's farther than her or maybe Tunny since you are pretty convinced she knows.

2019-05-17 20:29:33 Sent

I don't even deserve to know what was said. It's apparently gratifying to add that extra torture to the mix

2019-05-17 20:30:01 Received

I don't think anyone thinks that of you, aside from the evil ppl back home who really don't matter anyhow

2019-05-17 20:30:14 Sent

Yeah but can you not see how I would be in permanent limbo over the fact that they won't tell me

2019-05-17 20:30:29 Sent

It is a total mystery

2019-05-17 20:30:51 Sent

I cannot think of anything at all that would merit these circumstances

2019-05-17 20:31:07 Sent

And the next time someone says it, or one of the next 1,000 times I need to be able to respond

2019-05-17 20:31:46 Sent

I mean anything I can think of that bad I would have been nabbed by the FBI before anyone had a chance to tell a soul

2019-05-17 20:32:06 Received

If I knew whatever it was, I would surely tell you. I would hope the same of others. Those that you listed are people of integrity. Many don't sugar coat either, so I don't think they'd avoid telling you.

2019-05-17 20:32:12 Sent

I have hints of what it might be and theories

2019-05-17 20:32:29 Sent

But i can't run down the list with everyone I meet

2019-05-17 20:33:00 Received

I understand how torturous it must be to know that ppl might have heard something that is untrue and you can't defend it.

2019-05-17 20:33:01 Sent

I can't say-

Just so you know I'm not a psychopathic killer.

2019-05-17 20:33:17 Sent

Yes and the fact that it ruined my life

2019-05-17 20:33:32 Sent

I am not overreacting to this 1%

2019-05-17 20:33:51 Sent

It would seem that way to someone who didn't live through that I did down there

2019-05-17 20:35:02 Received

I can tell you that I come from a small town too and I know people have spread lies about me and I can tell you I don't know all of them. Small towns are brutal.

2019-05-17 20:35:57 Sent

I spent years in bed at night thinking this exact thought "where could I get a gun? My grandfather used to have one and I bet it's at his house somewhere. Or I could Tell my friend that I want to shoot his cig and then turn it on myself before he can do anything about it. But it would suck if I didn't aim right because I would be a vegetable and I would be even more miserable"

2019-05-17 20:36:32 Sent

This was my life on and off for years

2019-05-17 20:36:44 Sent

Almost entirely over
This issue

2019-05-17 20:37:41 Sent

And actually I'm not sure when it started, but for sure by the time I was 26. And there were people who used similar tactics at least since i was 16 I am sure

2019-05-17 20:38:14 Sent

So if it seems like I'm
Making a big deal out of nothing, imagine living a solid 5 years of
That

2019-05-17 20:38:24 Sent

Dying like hell to know wtf people say

2019-05-17 20:38:30 Sent

Then you come here

2019-05-17 20:38:45 Sent

Whatever it is makes it here 2 seconds after someone has the opportunity

2019-05-17 20:38:56 Sent

You show your Facebook page once and boom!

2019-05-17 20:39:01 Sent

Instant hell

2019-05-17 20:39:10 Received

I'm sorry to hear that and I hope that you find a way to channel your feelings towards the situation in a constructive way. I know it likely doesn't feel this way, but the situation is not worth your life!!

2019-05-17 20:39:11 Sent

But you trust the people involved

2019-05-17 20:39:24 Sent

You will ask them

2019-05-17 20:39:43 Sent

Finally you will know what it is or at least stop it in its tracks

2019-05-17 20:39:53 Sent

But hell no!!!'

2019-05-17 20:40:01 Sent

What are you thinking

2019-05-17 20:40:16 Sent

That's the world everyone else lives in, not you

2019-05-17 20:40:37 Sent

And THEY WILL LET YOU DIE before they tell you

2019-05-17 20:41:07 Sent

Then lie their asses off for a year and a half

2019-05-17 20:41:12 Sent

For no apparent benefit

2019-05-17 20:41:32 Sent

Other than some trivial having to admit they did something wrong

2019-05-17 20:42:20 Received

You seem pretty convinced that Jenny has some sort of psychological condition that would prevent her from being truthful, so that would be a pretty good explanation of why she won't/can't tell you. Maybe she is truly the only one that knows

anything here.

2019-05-17 20:42:32 Sent
Yes she does

2019-05-17 20:42:46 Sent
It is puzzling and took me a while to figure out

2019-05-17 20:42:55 Sent
But that's it

2019-05-17 20:43:15 Sent
And I think she has read my thing a few times cause she's being a little different

2019-05-17 20:43:19 Received
I know it's painful, but if that's the case, you're kind of between a rock and a hard place.

2019-05-17 20:43:50 Sent
Yeah well the hard place is not doable

2019-05-17 20:44:01 Sent
Cause it makes my life hell

2019-05-17 20:44:43 Sent
And there is some amount of legal or other force that can be applied to someone somewhere to tell me what the hell was said

2019-05-17 20:45:08 Sent
And I am sorry for going off

2019-05-17 20:45:19 Sent
But this is the stupidest thing I've ever seen

2019-05-17 20:46:16 Sent
And like I say, to do this to someone cannot be legal. I have not much idea why, but there is no way it is in accordance with the law for this to happen

2019-05-17 20:47:03 Sent
And that is a very probable explanation or potential explanation for why people won't tell me, that's an alternative and I was actually happy when I thought that was the case

2019-05-17 20:47:23 Sent
The people know they've violated some law

2019-05-17 20:47:28 Sent
And that's why

2019-05-17 20:47:59 Sent

So all I have to do is emphasize that it is ok and I don't want to get anyone in trouble and will not

2019-05-17 20:48:13 Sent

But nope. Dead end there

2019-05-17 20:48:37 Received

I understand. I'm certain I've suggested this before, but maybe your doctors can help you work through some sort of strategy that can help you fixate less on the situation. If there's a good possibility it lies with Jenny only, that's a plus! I know it bothers you what she might have heard, those back home, and the potential that others here have heard it, but maybe they can help you strategize. Maybe they can give you some direction...like trying to ask the one guy's "victim" what he's said about you since you think he's the source

2019-05-17 20:49:06 Sent

Yes that's what I'm doing. I'm asking her

2019-05-17 20:49:20 Sent

But there is no chance it is Jenny only

2019-05-17 20:49:59 Sent

There is a remotely remote chance it is Jenny as Tunny only but I'm doubting that in the extreme

2019-05-17 20:50:13 Sent

And you don't have to put that in quotes

2019-05-17 20:50:29 Sent

If this girl isn't a victim I don't know who is

2019-05-17 20:51:01 Sent

He led her on like he was going to marry her at the same time he led another girl on with the same thing, not having one drop of intention

2019-05-17 20:51:33 Sent

She quit her awesome paying job in N.Y. To move to the mtns to be with him

2019-05-17 20:51:36 Sent

Was going to move

2019-05-17 20:51:42 Received

I think Tunny (and maybe anyone close to Jenny) is the farthest it really is.

2019-05-17 20:51:56 Received

I didn't mean it that way ☺

2019-05-17 20:52:10 Received

I have no doubt

2019-05-17 20:52:25 Sent

He had no intentions other than to use her for obvious purposes and also for the less obvious purpose of using her fat paychecks

2019-05-17 20:52:28 Received

Wow

2019-05-17 20:52:41 Sent

Which he would use to lure other women behind her back

2019-05-17 20:53:02 Sent

So then this really attractive girl gets interested

2019-05-17 20:53:09 Sent

She's girl number 3

2019-05-17 20:53:24 Sent

He instantly dumps his other two soulmates

2019-05-17 20:53:30 Sent

Her included

2019-05-17 20:53:34 Sent

They are devastated

2019-05-17 20:54:22 Sent

Then he deletes a Facebook post where someone had left a comment about him torturing animals, she sees that it was deleted and he blames it on me and throws me under the bus

2019-05-17 20:54:32 Sent

So I'm out of his life and I contact her

2019-05-17 20:54:44 Sent

The victim

2019-05-17 20:55:12 Sent

Not the other Victim or the new girl that I knew would see through his bs in no time

2019-05-17 20:55:27 Sent

That's when I saw him in his full glory

2019-05-17 20:55:51 Sent

And oh my god is this guy heartless. Ted Bundy 100% not from concentrate

2019-05-17 20:56:15 Sent

Like when she told me about infusions and I got a side by side of the truth vs what he says

2019-05-17 20:57:21 Sent

And then I told her that the girl he claimed he just was out to dinner with as friends was actually another soul mate just like her, who had also been discarded for the new girl.

2019-05-17 20:57:53 Sent

This woman is so pitiful and humble that words cannot describe

2019-05-17 20:58:23 Sent

Repeat domestic violence victim and multiple times rape victim

2019-05-17 20:58:49 Sent

I think something like 6 or 7 different men had raped her, this is soul mate #2

2019-05-17 20:59:34 Sent

Soul mate #1, the victim, I call her, had been so thoroughly manipulated that even though she believed me, she wanted proof for herself

2019-05-17 20:59:55 Sent

So she contacts soul mate number 2

2019-05-17 21:02:25 Sent

I was trying to find some copy and paste

2019-05-17 21:02:35 Sent

I've told this to others

2019-05-17 21:05:01 Sent

But soul mate #2 tells the Victim that "I believe many women think they are in a relationship with (him). He invited me over and had me on his bed eating pizza, on the first date!! He pressured me and I finally (did this minor thing). I wanted so bad to believe that he was the nice person I thought he was, and that his brain surgeries had brought out something predatory that would go away."

2019-05-17 21:05:50 Sent

So Victim asks soul

Mate #2 for Permission to confront him that they have talked

2019-05-17 21:06:06 Sent

And you will not believe what this heartless bastard did

2019-05-17 21:06:23 Sent

Let me find a copy and paste of this

2019-05-17 21:10:52 Sent

Well shit I can't

Copy and paste. He tells Victim that soul mate #2 (remember this is the chronic domestic violence survivor who has been beaten nearly to death and raped by more than a half a dozen men) was his standby that he had in case Victim didn't move to

the mountains, and that she used him and was a compulsive liar, and that the minor things they did were her manipulating him and that she was so easy he could have had anything he wanted anytime

2019-05-17 21:11:34 Sent

Basically attacking the virtue of a rape victim that he had deliberately manipulated and used, with not an ounce of heart holding him back

2019-05-17 21:11:59 Received

That's terrible

2019-05-17 21:12:00 Sent

And she is partially right. The brain surgeries did do something

2019-05-17 21:12:24 Sent

Looking back, he was a psychopath from hell from day 1

2019-05-17 21:12:29 Sent

When I met him at 15

2019-05-17 21:12:58 Sent

He told me when we started to hang out again, that he didn't want to be that person

2019-05-17 21:13:44 Sent

Didn't want to be mean. And that he didn't want to discriminate but that he had to fight it, because for instance the immigrant workers that worked for his tree business, he hated them just by seeing them

2019-05-17 21:14:12 Sent

Like hatred and racism were both in his blood and he had to fight it

2019-05-17 21:14:54 Sent

And I think these repeated brain tissue extractions have depleted his ability to control himself and he is worse than he ever was

2019-05-17 21:16:46 Sent

He told me near the last time I talked to him that he knew he could kill someone and not feel bad about it, and hide the body no problem. Said that one time him and his brother found this guy who had hung himself, and it didn't disturb him at all. He said "and i think I'm a sociopath. I don't like to see myself that way...."

2019-05-17 21:17:06 Sent

And victim knew a childhood best friend of his

2019-05-17 21:18:18 Sent

She told me that this guy told her that the last time he saw my ex friend would be the last, because he and his wife were very uncomfortable with how overly friendly he was playing with their 10 year old daughters

2019-05-17 21:22:57 Sent

His family is super powerful. He gets these girls and uses them, then gets rid of them and tells everyone they were Meth w***s. One of them made a public post on Facebook about how he had duped and abused her and how "I didn't know I was dealing with a freaking psychopath". He had his family get a lawyer to threaten her, then told everyone she sold cocaine.

He has to the best of my knowledge never had a regular girlfriend that uses or sells any kind of illegal drug. But he uses that type of thing all the time. It is full on narcissistic attack mode.

2019-05-17 21:34:50 Received

Wow!! That's crazy! It's horrible when people throw around their money and/or weight to protect their not so innocent children who are actually horrible human beings. They should quit enabling him and find a way to help him. I'm sure the brain surgeries have changed him, but you can't use that as an excuse for absolutely horrible behavior.

2019-05-17 22:18:52 Sent

Well the brain surgeries didn't change him

2019-05-17 22:19:04 Sent

It just took enormous willpower to not be the person he really was

2019-05-17 22:19:24 Sent

When I met him I was 15 and he was 22

2019-05-17 22:19:40 Sent

He tortured people and animals

2019-05-17 22:20:35 Sent

And had relations with underaged girls against legal consent and in one case against psychological consent, I am almost certain

2019-05-17 22:20:55 Sent

And he still gets off on torturing animals and has the whole time apparently

2019-05-17 22:21:15 Sent

He just used the guise of hunting to keep it under wraps

2019-05-17 22:22:17 Sent

Me and a bunch of friends went out with him one Halloween. He says all of the sudden "guys it's Halloween. We can't sit around and do anything. Let's see if (his youngest brother) has a cat"

2019-05-17 22:22:58 Sent

So he goes to his brothers place, and his brother isn't home, but sure enough there was a cat in a cage

2019-05-17 22:24:06 Sent

He put the cage in the back of the truck and back at his place him and my one

friend tortured that poor cat to death. Me and my other friend just sat on the couch listening and horrified, talking about how he was going to hell for what he's doing

2019-05-17 22:25:35 Sent

So that's how Jacked he and his brothers were. They would stock up on animals to torture. If you don't have one stop by your brothers place. That was the only time I saw that happen but I'm sure there were others, where they had animals stockpiled. He bragged about this thing where he played kitten baseball

2019-05-17 22:26:10 Sent

And horrified some girl by putting a kitten in a vase with water up to its chin and letting the girl find it

2019-05-17 22:27:00 Sent

I didn't see him hardly at all after about age 18 and then when I was 26 we started hanging out and he was a good person

2019-05-17 22:27:58 Sent

I may have been the first person he ever spoke well of behind their back. I have reason to believe. But like I say, he is composed as a human being to be full of hatred and cruelty and it takes too much effort for him to be anything else

2019-05-17 22:28:56 Sent

He had the willpower to do it 8 brain surgeries ago. But not now. And his apparent attraction to literal children is something he hid from the get go. Never let on in any way that he had that when I first met him

2019-05-17 22:30:02 Sent

He's a bad example but like I say there are plenty of rotten people up there and I don't know why that is. There are a lot of good people too. But it's like a 60/40 or 70/30 and the bad ones are often not a little bad but very much so

2019-05-17 22:55:23 Sent

But I would like to know why "the church outreach is a bad idea"

2019-05-17 22:55:41 Sent

That kind of makes it clear who you're worried about

2019-05-17 22:58:49 Received

That's absolutely horrible 🤢

2019-05-17 23:00:37 Received

With Jenny?

2019-05-17 23:01:12 Received

I just wasn't sure how much that would really help.

2019-05-17 23:03:01 Received

That doesn't mean I'm worried about her. Just unclear what the church will really

do other than say something to her about honesty and sins.

2019-05-17 23:03:42 Received

I'm in the same camp as you regarding religion 🙏

2019-05-17 23:10:23 Sent

In the same camp as me

2019-05-17 23:10:35 Sent

Warning: smoking reality will shorten your afterlife

2019-05-17 23:13:34 Sent

So you can see how my imagination runs wild with what this guy might have said

2019-05-17 23:14:00 Sent

But I will never have peace with the situation as long as I am in the dark

2019-05-17 23:14:16 Sent

And I cannot live through much more of it, is my fear

2019-05-17 23:14:54 Received

I hope you are able to find peace whether you are in the dark or not

2019-05-17 23:15:13 Sent

He was pissed at me. He doesn't say nice stuff about people when he's on good terms with them

2019-05-17 23:15:22 Sent

It won't happen. But thank you

2019-05-17 23:15:30 Sent

I cry or almost cry every single day

2019-05-17 23:15:39 Sent

It has destroyed me

2019-05-17 23:15:48 Received

And that you can find a way to cope...maybe with the help of your doctors or through your own perseverance

2019-05-17 23:15:53 Received

I'm sorry 😊

2019-05-17 23:15:55 Sent

It won't happen

2019-05-17 23:16:03 Sent

Yeah what can you do

2019-05-17 23:16:33 Sent

I want Tunny and Jenny and whoever else to be at my funeral whenever it happens

2019-05-17 23:17:10 Sent

I want them to see my poor mother obliterated when she puts me in the ground, after selling everything she owns to afford to do so

2019-05-17 23:17:38 Sent

So that they can see what has played in my mind on and off for 1.5 years

2019-05-17 23:18:12 Sent

And whatever they get from keeping the truth from me, I hope they get a lot of out it because it has been at an enormous price.

2019-05-17 23:18:25 Sent

The problem is I am the one who pays the price

2019-05-17 23:18:38 Sent

And I'm so subhuman that the fact that I am paying it doesn't matter

2019-05-17 23:18:45 Sent

Not to them

2019-05-17 23:19:19 Sent

So it doesn't matter how much torment I go through. It all amounts to nothing no matter how much piles up

2019-05-17 23:19:33 Sent

Tunny is a nice and caring person

2019-05-17 23:19:42 Sent

....to everyone else

2019-05-17 23:19:54 Sent

Which does me no good

2019-05-17 23:20:03 Sent

I'm like a black man at a KKK rally

2019-05-17 23:20:22 Sent

That everyone pats each other on the back does me no good

2019-05-17 23:25:27 Sent

And sorry I take that back

2019-05-17 23:25:46 Sent

I shouldn't say such things. But this drives me insane.

2019-05-17 23:26:15 Sent

I cannot believe that people do this to me and then value me so little as to not just tell me so I can go on

2019-05-17 23:37:04 Sent
But sorry to go on a tirade with you

2019-05-17 23:37:22 Sent
I get caught up in this and I don't know how to deal with people

2019-05-17 23:38:07 Sent
It's so hard to try to judge what is right and wrong for someone else when you are so different than everyone else. It's like the best I will ever be able to do is to take a stab in the dark

2019-05-18 09:56:37 Sent
Sorry, went off the rails again. I'm going to try to drop this subject again.

2019-05-18 10:21:20 Sent
It won't happen. I'll be tormented by it sometime today or tonight. But I will try not to talk to you about or at least put down my phone when I start hyperfocusing on it

2019-05-18 10:21:55 Sent
I get on some pretty bad downward spirals and say stuff that is nuts

2019-05-18 11:29:13 Sent
So Victim is getting back to me and has apparently fallen for his spell again.

Here is what she says he said

2019-05-18 11:29:40 Sent
It really wasn't anything that bad. Most of it was how he had to clean when he was at your place. Just petty things like that

2019-05-18 11:29:50 Sent
This is a load of shit

2019-05-18 11:30:16 Sent
This is my reply

2019-05-18 11:30:18 Sent
I cannot imagine his cruel, narcissistic ass only saying something so benign that my apartment is messy.

I promise you he never had that much mercy on you even when you were on good terms

2019-05-18 11:31:38 Sent
I get the idea that you are talking to him again and that he has duped you for the 50th time. In that case you are probably sending him screenshots of what I say, just like you sent him screenshots of what others say and nude photos of yourself, all of which he shared with me.

I'm not out to start a war with anyone and I feel sorry for you if you've fallen again. Unfortunately my life has little chance of not being a war at this point.

2019-05-18 11:32:05 Sent

This woman has been fooled by him 5000 times

2019-05-18 11:57:02 Sent

But we will drop the subject

2019-05-18 11:57:15 Sent

I'm not making excuses for people anymore

2019-05-18 11:58:45 Sent

There is no chance of resolving this the way I am going about it. I'll let adult human beings accept responsibility for what they have done and if they can live with themselves good for them

2019-05-18 13:39:28 Sent

And I will tell you completely honestly, I had hoped that you knew more about this. You seemed to have a lesser opinion of me after this happened, and so did other managers. This being seen as a bad or stigmatized person seemed to be all over the place. I saw it as another example this blatant disrespect you and Christian had for me the day I walked out, and this disrespectful attitude and way of being treated is the big reason behind why I left that bank.

It was all of management as far as I could tell, and then Tunny, Ryan, Terra, and some others in their circle seemed to have this perception of me.

I don't know what it is, and I leave open the possibility that I have had a misperception somehow, but it seemed no mystery to me at the time and I have trouble seeing it any other way.

I stick to my words that you were a good manager and I will still say that to everyone, and I don't mean it as a personal attack at all. I am just being honest with what I think.

I thank you again for taking time to talk about this. If this conversation has been dominated by addressing my needs, I am sorry. It has been I think and I don't mean to be self centered. I am very impressed with your history and your pool trick shot heritage.

I tend to dominate every conversation I have as a rule and I don't mean to always have the spotlight on me. I just never run out of stuff to say and I have been not doing well over this

2019-05-19 07:58:03 Sent

I just had to get that off my chest. Sounds like you've taken the weekend off. I'm starting to try to see this as something positive. I break down almost every day still but I think I had to confront all the stuff I tried to leave behind. These people will follow me to the ends of the earth and I've got to do something about

them. It sucks that it had to be this and I don't know how I will get the truth of it. I would like the idea of a call or something with people. Or if someone could send me an anonymous email with what was said and/or assurance it isn't being said any more. Both would be preferable but anything is better than nothing.

If people are worried that they have violated some law or some HR something which would mess up their career I will sign whatever they need to make sure they don't worry about it.

That's just an offer because I think at times of getting legal help over this and I would prefer not to. I try to drop it over and over, but it comes back and it would get rid of it if I could just talk to people. And I want to tell Tunny I am sorry for being cruel to her. I'll do that at some point in the distant future. I will send money to her church. So for the umpteenth time I'm going to try to drop it. And it's your turn to unravel or at least dominate the conversation for a bit. I've enjoyed hearing about your history and lack of religious convictions

2019-05-19 10:09:17 Sent

And forget all of that. It is becoming clear that Jenny has used me and never cared about me for a second. I have been plowed all over by your bank and almost everyone in it that I worked with.

2019-05-19 11:11:35 Received

Hey sorry, I was at my sister's house and in the pool all day. I'll read through and reply when I get a moment. I'm trying to get ready to go back to work tomorrow, so it might be a little bit. Regarding the last text...I'm sure Jenny cares about you. You definitely weren't plowed over by the bank and I never witnessed anyone treating you unfairly.

2019-05-19 11:14:05 Sent

Yes sorry

2019-05-19 11:14:15 Sent

I'm going nuts thinking about this

2019-05-19 11:14:41 Sent

For sure you didn't plow over me and for sure Shana didn't, or Christian or Jessica or Marco

2019-05-19 11:14:59 Sent

Or Bill. Plowed over is an overstatement in any case

2019-05-19 11:15:14 Sent

And I am sorry for saying something that may be hurtful

2019-05-19 11:15:55 Sent

But Jenny has started this "I need to take care of me" thing, that seems to suggest I have used her or imposed on her

2019-05-19 11:18:00 Sent

And to me it is quite the opposite. She has taken advantage of all my kindness. She has done a lot for me too. But she is saying that this situation has made her realize she needs to take care of her. But all I have been doing is trying to get the truth that she has, and she is the one who started this destruction. Had she not done what she did this situation would not exist. Had she told me the truth at any point and I was able to resolve it by that it would have been over

2019-05-19 15:53:49 Sent

And I am very very sorry for anything I said that was hurtful. I try not to get in places where I act like that

2019-05-19 15:54:57 Sent

To me in the moment it is as real as night and day and I appreciate you listening to all of this.

But I must be honest and say that I thought you had probably heard this at some point when I worked there. My imagination may have run wild

2019-05-19 15:56:02 Sent

But I drove up to the mountains to stay with my mom and meet my web design client.

I've been thinking all the way here and it is clear that I am traumatizing Jenny

2019-05-19 15:58:10 Sent

I've read up on this condition that she has, which doesn't have a name but is just described as a trait.

What these people do is they are so terrified of being exposed as a bad person over something they did wrong, their mind distorts facts to make them seem like they did nothing.

What has happened is I have pursuing the truth and I keep exposing the mismatch between reality and what she says. It is putting her mind in overdrive and it is killing her

2019-05-19 15:58:25 Sent

And make no mistake that I never doubted that you cared about me

2019-05-19 15:58:45 Sent

It just seemed like your opinion of me changed in a negative way

2019-05-19 15:58:57 Sent

I am sure I was just hyper sensitive

2019-05-19 15:59:05 Received

I haven't had a chance to read back yet. Between the endless laundry you can imagine for a family of 5, general tidying, and trying to get my daughter to sort through and get rid of some stuff, I haven't had a minute yet. I will read back for sure. I'm glad you drove out to see your mom and get away!

2019-05-19 15:59:32 Sent
Ok perfect

2019-05-19 16:00:09 Sent
But here is my problem with this situation. Jenny has gotten back in touch with these people out of something I did

2019-05-19 16:00:25 Sent
And I need her to quit talking to them immediately

2019-05-19 16:00:39 Sent
And she is disabled and I am putting her through hell

2019-05-19 16:00:59 Sent
And I owe you a big damn favor

2019-05-19 16:01:07 Received
My opinion never changed. Maybe you just sensed my need for a vacation after all of the project madness.

2019-05-19 16:01:25 Sent
I suck at laundry but if you need a website for some thing I will give you a bunch of free time

2019-05-19 16:01:31 Sent
Not sure what else I could do

2019-05-19 16:01:51 Sent
I offer accounting and tax work to other friends but in your case you've got that covered

2019-05-19 16:02:03 Sent
But I am traumatizing Jenny

2019-05-19 16:02:12 Sent
I broke down over it on the way over here

2019-05-19 16:02:36 Received
I appreciate that! I know that it bothers you that Jenny said that she needs to focus on her because of what she's done to you, but it's a good thing she realized it.

2019-05-19 16:02:36 Sent
And you want to know who I think is really at fault

2019-05-19 16:02:53 Received
Maybe that means you are closer to closure!

2019-05-19 16:02:55 Sent

After thinking about this

2019-05-19 16:03:07 Sent

Well she says she needs to focus on her

2019-05-19 16:03:37 Sent

Like that she has neglected herself out of caretaking me

2019-05-19 16:04:08 Sent

And she has but she doesn't acknowledge at all that the caretaking was triggered by what she did

2019-05-19 16:04:25 Sent

But here is who is responsible

2019-05-19 16:04:25 Received

Ohhh....I thought maybe she was realizing she had things she needed to work on

2019-05-19 16:04:40 Sent

Yeah she denies the whole thing

2019-05-19 16:04:55 Sent

She defends against this at all costs

2019-05-19 16:05:34 Sent

And what happens is she constructs ever more intricate behaviors to make a reality where she did nothing wrong

2019-05-19 16:05:59 Sent

I found a guy whose books I own a few of

2019-05-19 16:06:13 Sent

That is an apparent expert on her thing

2019-05-19 16:06:39 Sent

And it's like a literal reality warping mechanism that operates in people like hers brains

2019-05-19 16:07:38 Sent

They are so terrified of what it would mean if they were less than perfect and did something wrong, their mind bends the facts and alters them to the extent that they can halfway consciously believe they did nothing

2019-05-19 16:08:12 Sent

This doctor had diagnosed me with autism is sharp as hell and seems like she needs some business. I can get her for an hour for \$120

2019-05-19 16:08:27 Sent

I bet she would know exactly what to do

2019-05-19 16:09:35 Sent

If she doesn't I will email Guy Winch who is an apparent expert on this and offer him a bunch of my money for an hour of his time. He seems pretty high tier so I'd say it's going to take \$500 to get him on the horn for an hour

2019-05-19 16:10:49 Sent

But here is who is to blame- the nameless, faceless, and quite probably dead people who put in place all of these hypersensitive laws about HR, privacy, people with disabilities, blah blah blah

2019-05-19 16:12:36 Sent

They were probably a bunch of ignorant bureaucrats like all people who make this crap.

They have no clue how people and workplaces work, obviously.

Another big culprit is lawyers who are money hungry to hammer someone every chance they get

2019-05-19 16:12:55 Sent

These laws have good intentions and good purposes

2019-05-19 16:13:37 Sent

But in my case they have made my life hell. They have made it so that something totally innocent my friend didn't know better to do was wrong, or at least potentially so

2019-05-19 16:14:53 Sent

And my friend happens to have this thing about never admitting to doing something wrong, and these people put it on paper that what she did is.

And I don't want to get in a legal discussion but let's just say that's the case hypothetically. It makes my point because this is what I believe

2019-05-19 16:16:08 Sent

So in the age where every company on the face of the earth knows everything about me through internet tracking cookies and artificial intelligence, a bunch of useless laws that are supposed to protect me in a bunch of idiots minds have caused this shit show mess

2019-05-19 16:16:44 Sent

And you don't have to address the legal aspect of this at all. Ignore the whole thing since you're on your work phone. I'm just ranting and this is exactly how I see it

2019-05-19 16:16:59 Sent

In no other context could this behavior be seen as wrong, period

2019-05-19 16:17:35 Sent

So now I've got to fix this situation

2019-05-19 16:18:16 Sent

My goals are to a) somehow get Jenny to drop communications with people and b) reverse the trauma I caused her

2019-05-19 16:19:04 Sent

B) can be accomplished in the short term by using reality deflecting language and saying that me thinking this is my "illness"
Which seems to comfort her

2019-05-19 16:25:07 Sent

And if you could possibly do this little thing for me when you get back. The people who I believe have heard these things are Ryan, Terra, Tunny, possibly some management, and some in that circle of the other three. Nikita may have

If you could let them know that I suspect that people outside of the bank have said some things about me that made it inside the bank, and that they are very hurtful no matter what they are, and that anything extreme is definitely false, and tell them I have good intentions and mean no one no harm. Apologize to Terra for the message I sent her. Apologize to Tunny also, and let her know that I wasn't joking at all when I told her I was in tears. That I had broken down repeatedly that day and on the other times I talked to her. And ask them to please keep whatever it was to themselves. If any of them have any influence over Jenny, see what they can do to keep her from talking to these people. Explain to them that people have bad intentions towards me, etc.

I think you are right that this can be contained. The only issue now is I have hit Jenny's reality warping mechanism with a sledgehammer day and night and it is killing her. So I've got to get her better

2019-05-19 16:25:27 Sent

But I will write you something to send to each of them

2019-05-19 16:26:37 Sent

I am pretty sure that Terra was told
And it made it to Ryan through her. Jenny has given definitely false info regarding how much she talks to Terra and I think she hides it for a reason

2019-05-19 16:27:50 Sent

Like I say, there is no point in you addressing this, but I do think that is what it is. I think she has gotten the idea on her own or been given it by someone else that she has done something legally wrong

2019-05-19 16:28:48 Sent

If that is the case I wouldn't have boo hooed over it for a second, and the only reason I've ever thought of
Getting any legal people
Involved was to pry the truth out of people

2019-05-19 18:40:09 Sent

At one point I was threatening legal action at Tunny and Jenny.

I got so unbelievably mad that they wouldn't tell me the truth and were apparently cool with me dying, in my mind. I had told them both it would all be forgiven.

At some point around this time Jenny said she wanted to talk to my doctor. I told her they wouldn't let her but I could record us talking and they could see how "delusional" I was.

This accusing me of being "delusional" was a reality altering tactic to preserve her sanity, but I didn't recognize it at that time.

So I recorded a bunch of phone calls where I basically took the role of an interrogator. I talked to her exactly like an FBI agent talking to a top 10 fugitive would. That's how I sounded to myself. All of her explanations were obvious crap and her story got mixed up. She showed every sign of deception in the books. Every behavior you expect from someone who is lying their ass off she had, persistently over each conversation.

Then I worked it out in my mind that she didn't think I was being truthful when I said I wouldn't do anything. I told her I would just tell her what I thought happened and get it off my chest. I deleted the recordings. She went into bs mode again and I didn't know why, but I thought it was a sign she was totally self centered. I hyperfocused on the situation the rest of the night until it drove me mad and I started saying terrible stuff to her and calling her names that I never want to come out of my mouth again.

I had told her the process to get someone involuntarily hospitalized and she did that. Told the people a bunch of stuff about me having delusions. The first doctor was biased against me and I was worried, so I halfway agreed. Then they put me in "observation", which is what they do when someone contends that they are fine and its questionable if they have a problem.

I was of the mentality that if I had to halfway agree with them that's what I'd do, because I've been in that situation before and when a doctor gets biased against you it is hopeless to change their mind. They will keep you forever.

Over a period of 2 or 3 days a series of M.D. psychiatrists and psychiatrist assistants (I think they are some kind junior doctor like a physicians assistant) determined that I was my normal self and that my thoughts made sense. One of them told me "we put you in observation, which is what we often do in 'he said, she said' disputes like this. And it's a good thing that you were brought here because you've been examined and there is nothing"

So that's when I started being more honest as opposed to halfway saying I had some problem.

2019-05-19 18:42:36 Sent

At that time I had the mindset of all out war on all involved and of holding any and all involved over a barrel since that's what it would take. I'd take whatever

damages I get and use them to hire private detectives to see if people involved still say stuff to others, and also spend it on myself for whatever it was I wanted. I had determined that people knew what was up and that they were all self centered

2019-05-19 18:44:51 Sent

So I had no reason not to go at people full force and hit them as hard as I can. And I would be justified over the suffering this had cost me.

I went back and forth with this in my mind, and got Jenny on another phone call since I deleted the old ones. I was the same interrogator. But when I hung up I felt absolutely terrible and started breaking down. That's when I text you the second time to discuss this

2019-05-19 18:47:18 Sent

And I thought I was over it after talking it through and figuring out what motivated her. Seeing that she has a disability of sorts and that she cares about me.

But the pain of it didn't go away. I kept thinking of how I couldn't believe that people did this to me and wouldn't tell me. I felt like I was nothing to anyone.

And now this whole situation has ruined my life. In all likelihood I will break down over this at least 6 times a week for the rest of my life.

2019-05-19 18:48:31 Sent

I go back and forth in my mind as to what these people think and why they do what they do, and back and forth about am I making excuses for people. I see people as mean liars one second and as nice people

2019-05-19 20:38:30 Sent

This is going to kill me

2019-05-20 17:52:02 Sent

Ok so I'm trying to be done with this again. I'm going to amend and say please don't share this with anyone

2019-05-20 17:52:30 Sent

Unless it is a manager at WfB who asks about me texting their employees

2019-05-20 17:52:40 Sent

I feel very bad for being aggressive with Tunny

2019-05-20 17:52:50 Received

Sorry long day yesterday and work was nuts today! I didn't forget about you

2019-05-20 17:53:06 Sent

You are fine. And I appreciate your help

2019-05-20 17:53:42 Sent

This has been very hard for me due to my psychological traits

2019-05-20 17:53:47 Received

Ok, no worries. I don't intend on sharing it. Of course!

2019-05-20 17:53:56 Sent

I have extreme difficulty understanding other people

2019-05-20 17:54:16 Sent

And when I get really bad sometimes I see other people as mean or immoral

2019-05-20 17:54:36 Sent

I also systematically make people to be out worse than they are all of the time

2019-05-20 17:54:52 Sent

It is because of my childhood and the extreme abuse I suffered

2019-05-20 17:55:38 Sent

My brain is hyper focused on finding the danger and hostility in every person and situation, and I see it where it isn't really at as a consequence

2019-05-20 17:56:04 Received

That is understandable

2019-05-20 17:56:16 Sent

I make benign or ambiguous statements and behaviors out to be malicious

2019-05-20 17:56:25 Sent

I see people as insulting me when they are not

2019-05-20 18:00:13 Sent

I have 2 modes of existence that I often go to, in an emotional sense. One is where I am totally dead to the idea that the world has any feelings at all. I get in that space. It is like this thing is so mean and cruel that it poses far greater threat to me than I do it, and so I am not held back from lashing out at a monster that has no feelings.

Then I have a mode where all I see is suffering. All the time it is all there is. I see everyone else's pain and heartbreak and torment, and my own.

A third mode I get into is where I am just freewheeling and having fun.

But I don't often get in any state of mind where I see the world as a good place. It is either cold and mean or full of unjust and unspeakable suffering

2019-05-20 18:00:54 Sent

And this is how I feel, not how I see things intellectually

2019-05-20 18:03:18 Received

I'd say that the world isn't really a great place as a whole, so I can see that. Not everything is bad, but there is plenty of terrible things to go around!

2019-05-20 18:24:06 Sent
Yep

2019-05-20 18:24:30 Sent
This is my view- suffering is and always has been the dominant activity on planet earth

2019-05-20 18:25:01 Sent
The amount of suffering so overwhelms everything else that it's not too far from the truth to say that it is all that is

2019-05-21 11:03:25 Sent
So I'm telling Jenny that she never said anything or talked to anyone and that I believe that.

This has destroyed me and I will never recover. I will have Jenny as a friend for however long I live as long as I deny that I believe she talked to someone.

I see it as very probable that this costs me my life within the next 1 to 2 years. But thank you again for your help. It very much helps to have people to talk to.

So I like I say, just keep all I said between you and I, please.

2019-05-21 11:03:58 Sent
And stay in touch. We can talk about happier subjects like your heritage, etc.

2019-05-21 12:24:51 Received
Hey, sorry working on hiring. Don't let it destroy you.

2019-05-21 12:25:41 Received

2019-05-21 12:57:04 Sent
Yeah I will

2019-05-21 12:57:24 Sent

What's!

2019-05-21 17:17:37 Sent

How many you hiring?

2019-05-21 17:17:42 Sent

What!

2019-05-21 17:17:44 Sent

No s

2019-05-21 17:17:54 Received

At least 15, we might be able to do more.

2019-05-21 17:18:04 Received

Waiting on the final number

2019-05-21 17:18:04 Sent

For Charlotte only?

2019-05-21 17:18:22 Sent

The balance of India/onshore is changing?

2019-05-21 17:18:27 Received

Yeah. We have 9 finishing training Friday.

2019-05-21 17:18:36 Received

Denver is hiring too

2019-05-21 17:18:41 Sent

It used to be downsize downsize downsize

2019-05-21 17:18:58 Received

Yeah, sr leadership finally realized that it wasn't the answer.

2019-05-21 17:19:06 Sent
So you have potentially 15 in Charlotte

2019-05-21 17:19:13 Sent
And even more in Denver

2019-05-21 17:19:55 Received
Fewer in Denver will be hired

2019-05-21 17:20:04 Received
I think they're getting 10

2019-05-21 17:22:27 Received
We will have hired at least 24 in Charlotte

2019-05-21 17:22:32 Received
This year

We have had a bunch of changes in leadership structure

2019-05-21 17:23:06 Received
So that has helped a bit

2019-05-21 17:25:26 Received
I think we'll be getting closer to 20 out of this round though. We'll be closer to our regular staffing

2019-05-21 17:26:13 Received
Before the additional move to add more in India

2019-05-21 17:35:01 Sent

Got a call

2019-05-21 17:35:10 Received
No worries

2019-05-21 17:35:23 Sent
Good that senior leadership finally figured that out

2019-05-21 17:36:00 Sent
Which they could have done years ago by merely listening to what every single RCBO and every single WLS analyst said from day 1

2019-05-21 17:37:12 Sent
You don't have to comment on this, but the way that whole India situation was

handled is a textbook demonstration of total incompetence

2019-05-21 17:38:02 Sent

And at the senior leadership level that place was ran terribly. Absolutely laughable incompetence, except that it isn't funny at all the misery it caused so many analysts

2019-05-21 17:45:17 Sent

And I'm sorry if the truth as I see it is harsh. It is harsh but it is true and I don't know how to not tell the truth.

2019-05-21 17:46:49 Received

It was definitely tough on everyone! Still is. I'm just glad we're ramping back up.

2019-05-21 17:46:57 Sent

Yes!

2019-05-21 17:47:11 Sent

So what changed in leadership?

2019-05-21 17:47:18 Sent

Is Pete still in charge?

2019-05-21 17:53:07 Received

A lot! Peter's boss has changed a few times. His current boss was pushing for more India too (and above him too) and was behind our last addition there, but he realized it wasn't a great move.

2019-05-21 17:54:06 Sent

Anyone who wants more India is our to lunch

2019-05-21 17:54:08 Sent

Out

2019-05-21 17:54:25 Received

Peter is not anymore. I think the change is official next week, but we've been loosely reporting to our new leader for a month or so.

2019-05-21 17:54:58 Sent

So is bill still 1 level
Below Pete's role

2019-05-21 17:55:27 Received

They've restructured how all of the functions from the operating groups in are reporting now. It separated by pre and post close.

2019-05-21 17:55:28 Received

Yes

2019-05-21 17:55:37 Sent

That's cool

2019-05-21 17:55:46 Sent
IMO they only need one senior leader

2019-05-21 17:55:59 Sent
That whole hierarchy is a waste

2019-05-21 17:56:18 Received
Yeah, they are streamlining more each quarter

2019-05-21 17:56:34 Received
Peter will be on a leadership assignment likely until he retires

2019-05-21 17:56:36 Sent
Like you could have one guy over all of WLS and one guy under him/her over each segment

2019-05-21 17:56:58 Sent
You don't have to manage people if you know what you're doing

2019-05-21 17:57:15 Received
There will be one over all of spreading. Not quite sure how it will all work

2019-05-21 17:57:46 Sent
You hire smart people and get out of their way

2019-05-21 17:57:56 Sent
That is the best most efficient way to manage

2019-05-21 17:58:01 Sent
At least that I know if

2019-05-21 17:58:02 Sent
Of

2019-05-21 17:58:22 Sent
And WLS does the opposite in many ways, or did when i was there

2019-05-21 17:58:28 Sent
So does BAC

2019-05-21 17:58:43 Sent
They hire smart people and get in their way at every opportunity

2019-05-21 17:58:51 Received
I don't know who my manager will be in n the next few months 🙄

2019-05-21 17:58:58 Sent
And I'm not talking about your level

2019-05-21 17:59:20 Received
Oh yeah, I know. It's about time they streamline

2019-05-21 17:59:21 Sent
If you know how to manage you can put a business on autopilot

2019-05-21 17:59:26 Received
Too much redundancy

2019-05-21 17:59:27 Sent
Yes totally

2019-05-21 17:59:48 Sent
Gray Bennet knew exactly how to do things

2019-05-21 17:59:59 Sent
He was sharp as a tack and knew what to do

2019-05-21 18:00:19 Received
Yes, Gray was amazing!

2019-05-21 18:00:22 Sent
I had lunch with him 3 times

2019-05-21 18:00:52 Sent
And lol I watch what I say cause it magically appears in the workplace

2019-05-21 18:01:25 Sent
The 2nd lunch we had I said something about India not leaving enough notes and not enough notes on certocs in general

2019-05-21 18:01:32 Sent
Just casual conversation

2019-05-21 18:02:16 Sent
Next day a team meeting was called and Shana said

"Make sure you leave notes. It got up to somebody high up somehow that we're not leaving enough notes"

2019-05-21 18:02:33 Sent
I tried not to act guilty lol and I didn't mean for that to happen

2019-05-21 18:03:22 Received
Lol

2019-05-21 18:05:39 Received

He was a great guy. Incredibly down to earth. When Anthony Ballard was deployed, Gray came to manage my team in Winston for a week. He got us lunch and we ate together in our large conference room and he had a few meetings to speak to us. I was thoroughly impressed with how much he wanted to interact with us.

2019-05-21 18:08:21 Sent
Yes

2019-05-21 18:08:48 Sent
He told me "if you want to know how to make your business better you ask your desk level employees"

2019-05-21 18:09:05 Sent
That simple insight is so hard for leaders to get and it baffles me

2019-05-21 18:58:55 Received
For sure! Desk level and front line managers (especially those that have done the desk job) are a great source of information!!!

2019-05-21 19:10:14 Sent
Yes I consider managers like you to be the same

2019-05-21 19:10:42 Sent
I guess the way to put it is people who do the job or have done the job on a daily basis

2019-05-21 19:15:49 Sent
This is victims last text to me

2019-05-21 19:15:52 Sent
I've spoken with him off and on but not anything in depth. I know him for what he is. I went all winter without a single word to him. Literally from like October till March. I kind of thought he would try to contact me but he never did. I was in a hospital in Ohio for over 7 weeks in Jan and Feb for a surgery to help with my blood condition (which he told people was aids). Never heard a word from him...but didn't hurt my feelings. I guess he was seeing someone during that time. Once that started to go bad back in March or April he contacted me... so over the last 2 months or so we have had a conversation here or there but nothing major. Also, I would never tell him anyone said anything about him cause I know how he can be since I've been on the receiving end of his wrath

2019-05-21 19:16:41 Sent
And I don't particularly talk very nice about him

2019-05-21 19:16:50 Sent
Unfortunately what I say is the truth

2019-05-21 19:25:23 Sent
That's the thing. If anyone wants to know the real scoop about who and what I am and what I have done, including my worst deeds, they can just ask Jenny cause I've

told her the whole thing. The good, the bad, the especially bad, the ugly

And she doesn't Judge me for any of it. Whatever he has said about me that got up here by means of Abbey cannot be true. He is so ruthless and cruel with everything he says and if you have a scar on your character or even a freckle he makes it out to be a malignant tumor. So the mere fact that he said it means it is not true.

So whatever I am accused of doing or being isn't true. Jenny apparently knows now. I wish I could make up an example of what he might say but I can't. I know how he blows up everything about everyone else but I'm not sure how he would twist some harmless or sort of harmful thing Ive done to make me out to be Satan. I've done plenty of wrong in my life, and when I say I can defend my life I don't mean all of my actions. I can merely defend that the actions I did were wrong but that I haven't fallen shorter than any other human being would have had they been in my shoes.

My joke is that I quit drinking when I turned 21 and it's not really a joke. I was a party animal for a good bit of my teens and would have racked up plenty of citations during those years.

But outside of that and the one time I punched a guy in the face I've not done anything in my life that would even get me jail time if I were caught

2019-05-21 19:40:05 Sent

For some reason I'm getting the feeling that whatever was said people thought it was true and still do. Anything other than the plain fact that I went to a hospital Bc my mom said she was worried about me is almost certainly crap. Abbey knew that and the only other person I know she would get info from was this guy

2019-05-21 19:41:26 Sent

I'm feeling better about it now and idk what I'm going to do. I would so like to know

2019-05-21 19:43:47 Received

I'm glad you're feeling better about it now!

2019-05-21 19:43:55 Sent

Yes let's hope it lasts

2019-05-21 19:44:09 Sent

And here's the thing

2019-05-21 19:44:29 Sent

Remember I told you that people started saying whatever it was about me around the time I was 26

2019-05-21 19:44:42 Sent

That's when it seemed to have started

2019-05-21 19:44:57 Sent

That was the same time I started hanging out with him again

2019-05-21 19:45:12 Received
So clearly he was saying false things

2019-05-21 19:45:30 Sent
I know the people at the restaurant had used some similar stuff in the past

2019-05-21 19:45:53 Sent
Yeah so he might be the main guy behind this last round. Idk

2019-05-21 19:46:11 Sent
But it's probably between him and the others

2019-05-21 19:47:09 Sent
All I know is I had banging hot girls all giddy about me left and right from about age 23 and then when I started pursuing them at 25 and 26 this campaign started

2019-05-21 19:47:32 Sent
Without a doubt the restaurant people were out to get me

2019-05-21 19:47:59 Sent
And I don't tend to fight back. I kind of live in my own world and don't pay attention to others

2019-05-21 19:49:17 Sent
So I let whatever it was get way too much momentum.

And whatever it was, it was something where people felt obligated to tell others. That was the big problem. It didn't have to be one of the originators, anyone who had heard whatever from anyone would warn people or tell them

2019-05-21 19:49:56 Sent
And I have a general trait of women liking me, women and girls since about age 16

2019-05-21 19:50:02 Sent
When I quit high school

2019-05-21 19:50:59 Sent
In high school I had no success or middle school either cause I wanted the two hottest girls in the school and no less in middle school and maybe I had a handful in high school.

But all the girls at the restaurant liked me

2019-05-21 19:51:15 Sent
It is some quality I have that I cannot fully pin down

2019-05-21 19:51:40 Sent
It could be that I like them and share their low opinion of the typical man

2019-05-21 19:53:08 Sent

I generally got to hating almost

All guys up there. That was part of the problem. I didn't care what they thought of me so they end up my enemies by default. I have maybe 2 male friends from the mountains that I talk to still

2019-05-21 20:02:34 Sent

Because of this I couldn't get a consistent girlfriend the entire time I lived there and I got one almost as soon as I moved to Charlotte. The difference is obviously whatever garbage people there said, and the same garbage that people here have now heard and are possibly repeating

2019-05-21 20:04:40 Sent

Had a girl that was cheating on her fiancé with me that I saw in Johnson City TN for a time. That was one thing I did, cross state lines and go there where these people weren't at so much. But it is a 1 hr + drive

2019-05-21 20:05:46 Sent

But she was like a 4 week adventure and done. At the time I was looking for a girl to eventually marry. My mindset has changed since and I'm not sure I ever want to be married

2019-05-23 14:50:22 Sent

How has your day been? Crazy?

2019-05-23 17:04:56 Received

Understatement

2019-05-23 17:49:50 Sent

They're always changing something

2019-05-23 18:06:20 Received

Oh yeah. That's the one thing you can guarantee about banking!

2019-05-23 18:16:25 Sent

I like this latest change

2019-05-23 18:16:48 Sent

Less India = bright idea that was almost too late

2019-05-23 18:17:03 Sent

Are they upping the CAII promotions again too?

2019-05-23 18:17:27 Sent

Before they were saying those were going to halt almost completely

2019-05-23 18:29:59 Received

Who knows about promotions! That part frustrated me the most. Ppl will stay with progression. I'm hoping it goes back to what it was.

2019-05-23 18:30:24 Received

New leadership says we will not get low on the staffing again.

2019-05-23 18:30:30 Sent

Yeah they kind of fixed something that wasn't broken

2019-05-23 18:30:55 Received

Clearly not worth the saves since we are currently undoing them with all of our hires

2019-05-23 18:30:59 Sent

Meaning the onshore people are here to stay as a percentage

2019-05-23 18:31:27 Received

Yes, I think we'll say close to 60 onshore

2019-05-23 18:31:41 Sent

Which Is what? About 70/30

2019-05-23 18:32:08 Received

Close to 50/50. Not sure what the India plan is.

2019-05-23 18:32:25 Received

They've got 50-something

2019-05-23 18:32:36 Sent

So you think they may let go of some India?

2019-05-23 18:33:00 Received

I'm thinking that they won't backfill when they leave. Not sure.

2019-05-23 18:33:13 Sent

Yeah sounds like a full roster

2019-05-23 18:33:44 Sent

And of course "new

Management"

Will be "the last people" at some point

2019-05-23 18:33:51 Received

Yeah

2019-05-23 18:34:11 Sent

And the new people after them might get a bright idea

2019-05-23 18:34:34 Received

I'm just glad that they get it now. Some of them were part of the push for offshoring.

2019-05-23 18:34:34 Sent

There's a nearly fool proof way to run that Dept and never screw up this bad

2019-05-23 18:34:53 Sent

It's called, listen to the offices and listen to the analysts

2019-05-23 18:35:30 Sent

Did it screw up quality and piss off the offices really bad? Is that what triggered it ?

2019-05-23 18:35:43 Sent

I had an interview at BAC

2019-05-23 18:35:58 Sent

Their India people aren't allowed to do certocs

2019-05-23 18:36:41 Sent

What apparently happened is they had a massive push to offshore

2019-05-23 18:36:41 Received

They've always been concerned about perceived quality. Many thought onshore were wrong too, but a lot of it was preference. The big thing is timeliness

2019-05-23 18:36:53 Sent

At BAC

2019-05-23 18:37:02 Received

Quality is always a concern though

2019-05-23 18:37:20 Sent

And their India people were missing violations chronically

2019-05-23 18:37:38 Sent

So they put all the certocs onshore and India can only do spreading

2019-05-23 18:37:48 Received

Not surprising. It seems all of the banks try it.

2019-05-23 18:37:54 Sent

Yes and they fail

2019-05-23 18:37:57 Received

Everyone wants to save money

2019-05-23 18:38:03 Received
BB&T failed

2019-05-23 18:38:06 Sent
BB&T had the same thing

2019-05-23 18:38:07 Sent
Yep

2019-05-23 18:38:33 Sent
The big problem is the lack of human capital on the production floor

2019-05-23 18:38:43 Received
We should have learned, but they don't pay me the big bucks to make these decisions

2019-05-23 18:39:05 Sent
It takes a good 10 years minimum to build that up and more like 15 to 30

2019-05-23 18:39:18 Sent
You can have QA train people

2019-05-23 18:39:40 Sent
But QA can only do so much. They can't be at everyone at all times

2019-05-23 18:40:46 Sent
Whereas I started with nothing but finance and accounting knowledge just like they did, but I had Paul Burke and other people who could pass down tidbits of decades worth of know how that they had accumulated and that had been passed down to them

2019-05-23 18:41:18 Sent
So I was well poised to have an accelerated learning curve and be really good really fast

2019-05-23 18:41:43 Sent
Had all I had been the training by QA I wouldn't have had a prayer to ever get as good as I got

2019-05-23 18:42:17 Sent
Not to disparage them, just to say again that they only have so much knowledge and so much time

2019-05-23 18:42:48 Sent
The collective knowledge of the dept is massive in Charlotte, Winston, etc. or was when I was there

2019-05-23 18:43:16 Sent
Yeah exactly

2019-05-23 18:43:29 Sent
And they should pay you the big bucks!

2019-05-23 18:44:06 Sent
They should put your salary and the senior person who wants more India in the first places salary together

2019-05-23 18:44:12 Sent
Divide by 2

2019-05-23 18:44:33 Sent
Make the result your salary and then axe him

2019-05-23 18:44:58 Sent
The dept would save money, the job would be done better, and you would make more.
It's a win, win, win

2019-05-23 18:50:11 Sent
I mean for real, would it ever have taken you this long to realize it wasn't working

2019-05-23 18:51:47 Received
Bahahaha!!! Right?

2019-05-23 18:52:21 Received
Enough escalations had to make it that high for it to be an issue.

2019-05-23 18:52:31 Received
It took longer than I anticipated too

2019-05-23 18:52:39 Sent
Yeah I can imagine

2019-05-23 18:52:47 Sent
So some LTMs got mad

2019-05-23 18:53:06 Sent
And got on a warpath, I imagine

2019-05-23 21:57:46 Sent
I'm glad your day was productive

2019-05-23 21:57:55 Sent
Mine sure as heck wasn't

2019-05-24 12:42:31 Sent
Ready for the weekend?

2019-05-24 13:17:01 Received

So ready

2019-05-24 14:00:44 Sent

I'm ready sort of. It's going to be a bunch of work for me

2019-05-24 14:00:50 Sent

I can't get anything done

2019-05-24 14:03:44 Sent

I won't talk about it any more but this situation with what happened has destroyed me. Every single day it hits me like a ton of bricks and I feel paralyzed.

2019-05-24 16:35:59 Sent

But sorry to bring that up

2019-05-24 16:36:06 Sent

It's Debbie downer for sure

2019-05-24 16:36:28 Sent

I feel better now. I just hope that no one still believes whatever was said

2019-05-24 16:37:38 Sent

And that they do not repeat,
Or that they do repeat it and whoever they repeat it to tells
Me.

I'm the exact opposite of your bank. WFB is sick of being front page news. If whatever was said about me was on a 90 second commercial during the super bowl it would make my year

2019-05-24 16:37:48 Sent

Or if it was CNN headline news

2019-05-24 16:51:23 Sent

But it was him. I was thinking about it and I would see mutual friends of ours and they would have a lower reputation of me in their mind. One guy sticks out in particular. So the whole time I've thought he was my friend he's been saying god knows what behind my back.

2019-05-24 16:51:39 Sent

So he was one of the main guys behind it from age 26 onward

2019-05-24 21:51:05 Received

I'm sorry it's still impacting you. It sucks when ppl you think are your friends turn out to be shitty human beings

2019-05-24 22:23:39 Sent

Yeah it hits me every day

2019-05-24 22:24:18 Sent

But you can forget whatever it is being true and anyone who has or does repeat it has broken the law

2019-05-24 22:27:13 Sent
And I will take anyone who does to court

2019-05-24 22:27:38 Sent
And I'm thinking I will show pictures of people who have said this or that I think have

2019-05-24 23:07:37 Sent
Tunny and Jenny are no better than him

2019-05-24 23:08:15 Sent
I did so much for both of them and they have ruined me and won't even tell me the truth

2019-05-24 23:08:20 Sent
Rotten people.

2019-05-25 16:19:53 Sent
It infuriates me

2019-05-25 16:20:27 Sent
I can only imagine what horrible hell he has said of me and these rotten little girls have repeated it

2019-05-25 16:21:21 Sent
What in God's name am I doing saying anything good about them. Tunny is a self centered liar and a bigot with no character who holds herself to no standard of what it means to be a moral person

2019-05-25 16:21:45 Sent
She will get what she deserves and I will not feel sorry for her

2019-05-25 16:22:08 Sent
Just like she doesn't feel sorry for me when I'm on the verge of death over what SHE did

2019-05-25 16:22:16 Sent
Her and her little buddy Jenny

2019-05-25 16:23:00 Sent
They have ruined this city for me, or at least came close by trying . But they will not do it

2019-05-25 16:23:10 Sent
It will be hell for them before it will be hell for me

2019-05-25 16:23:21 Sent

Same thing for the country and every other city

2019-05-25 16:24:45 Sent

I will stop her lying little tongue right in its tracks. I have never seen such a moral coward in all of my life such as her and the rest of the people who have heard and/or repeated whatever garbage it is

2019-05-25 16:25:28 Sent

All of the above have violated the law

2019-05-25 16:26:09 Sent

I am in hell over this every other day and playing the nice guy is part of what has gotten me here

2019-05-25 16:27:33 Sent

They are exploitative people without character or moral courage and it just awakens the lion in them every time I try to be the bigger person. They see bigger as weaker because in their mind it is foolish to care about what the right thing to do is

2019-05-25 16:28:09 Sent

They think I should

Be a chickenshit and take advantage of people like they do.

2019-05-25 16:28:59 Sent

It is about appearances, not about what they actually do. If they look fine then that is all that matters. They do not care about the kind of person they are.

2019-05-25 16:29:12 Sent

Or the consequences of their actions

2019-05-25 16:46:44 Sent

Very sorry. I really need to stop

Texting anyone when I'm in a bad mood. I obviously don't think these things when I've got an even mood.

2019-05-25 16:47:04 Sent

This thing just hits me and I get in a really bad place

2019-05-25 17:50:17 Sent

But it is absolutely ridiculous how Tunny will not talk to me. I would never let her suffer like this

2019-05-25 17:51:27 Sent

I am destroyed every single day over this, over what she done. And she somehow is comfortable living in life knowing what I she has caused me without doing anything about it

2019-05-28 12:52:15 Sent

Do you agree with me?

2019-05-28 12:52:36 Sent

That it is very immoral and cruel for Tunny not to tell me when I am begging her on the verge of death?

2019-05-28 12:53:18 Sent

I did so much for her and she has destroyed me with what she has done. I see her as a very immoral person given the way she behaves.

2019-05-28 12:53:41 Sent

Between her and Jenny. It is going to take me years to recover from this

2019-05-28 14:03:25 Sent

I'll try not to type any more novels until you respond. And sorry if I disturbed your Memorial Day extended weekend with my others. I get so mad about this

2019-05-28 14:04:33 Received

Sorry Clint work is beyond crazy today and I was at my sister's house all weekend. I will take a look when I get a minute. Hope you are doing well today.

2019-05-28 14:04:51 Sent

Thank you

2019-05-28 15:20:34 Sent

I am absolutely destroyed

2019-05-28 15:31:58 Sent

And plowed over is an understatement of what has been done to me

2019-05-28 15:32:13 Sent

I could never treat someone so horrible like everyone has me

2019-05-28 18:56:15 Sent

I mean you people are horrible. Unbelievable

2019-05-28 18:56:52 Sent

Every last one of
You

2019-05-28 18:56:53 Received

Clint, I don't think I've ever treated you poorly.

2019-05-28 18:56:58 Sent

I do

2019-05-28 18:57:34 Sent

The whole bank disrespected me and treated my like I was a nobody after this happened

2019-05-28 18:57:56 Sent

And I beg and plead for help for 1.5 years and do not get it

2019-05-28 18:58:19 Sent

How humiliated would you be begging on your deathbed and no one cares

2019-05-28 18:58:24 Sent

Over and over

2019-05-28 18:58:39 Sent

Instead they lie to you and belittle you and block you

2019-05-28 18:58:55 Sent

Like you're not worth anything more than a flea

2019-05-28 18:59:06 Sent

I will never recover from this

2019-05-28 18:59:17 Sent

Not in the next 5 years I do not think

2019-05-28 19:01:46 Sent

And I'm not worth the truth. My life isn't worth the truth. No one but me cares about my suffering or my life or my poor mother.

2019-05-28 19:02:23 Sent

If people do not know what they have caused by now it is because they do not care.

2019-05-28 19:20:36 Received

Clint, I know nothing of what you believe was said other than what you've shared with me. I don't know what may have been said between those you believe were involved. The whole bank has not disrespected you. Maybe a few individuals may have that happen to work or have worked there in the past. I'm sorry that this has caused you such anguish. I wish I could help you more than I have, but I've done all that I can. I have offered up a great deal of my time to offer you support. I haven't had a chance to look back at your new texts because I'm still working as we speak.

2019-05-28 19:21:38 Sent

Yes I appreciate your time

2019-05-28 19:21:57 Sent

I am going to have to go to therapy for this

2019-05-28 19:22:18 Sent

Most likely for years so I will try to leave you alone about it soon

2019-05-28 19:22:32 Sent

And I will

Try now but I never succeed

2019-05-28 19:22:45 Sent
I am absolutely destroyed about this

2019-05-28 19:23:14 Sent
It is getting clear that I will not recover anytime soon. I am sorry for anything I have caused you

2019-05-28 19:23:26 Sent
I have been traumatized by this

2019-05-28 19:34:22 Received
I understand that it has caused you a lot of pain. I don't think therapy is a bad idea. It would definitely help you work through it all.

2019-05-28 19:34:48 Sent
I am traumatized

2019-05-28 19:35:00 Sent
It's beyond pain that is clear

2019-05-28 19:39:50 Sent
I am paralyzed by this every single day

2019-05-28 19:40:02 Sent
It hits me at some point and it is devastating

2019-05-28 20:10:01 Sent
The only thing I have in my life is ironically the person who started it all

2019-05-28 20:10:29 Sent
It makes me feel better when I talk to Jenny. I am so destroyed and I have no one

2019-05-29 06:19:54 Sent
What are the chances of me getting hired back on?

2019-05-29 13:21:41 Sent
I am terrified that they are about to kick me out of my apartment when my lease is up

2019-05-29 13:22:42 Sent
I am not the same as I was. I would be just as good an employee but I would have to miss meetings, not answer phone calls immediately, etc at times because I break down crying multiple times almost every day

2019-05-29 13:22:56 Sent
And I am generally feeling like I'm in shock

2019-05-29 13:24:47 Sent
I'm different now. My personality is different. I am withdrawn and shattered. But

if I were left alone I could be just as good an employee as before. I cannot move back to the mountains. I cannot go back to that hell under any circumstances

2019-05-29 14:34:10 Received

Hey Clint. Sorry for the delay, working through the training details and stuff today. We're only hiring temps right now and we've already got them locked down to start Monday. I'm sorry that you think they might kick you out when your lease is up. I hope that's not the case!!

2019-05-29 14:34:34 Sent

I bet that is why Alice farmer contacted me

2019-05-29 14:34:45 Sent

They denied it today

2019-05-29 14:34:48 Sent

I asked

2019-05-29 14:34:53 Sent

But something fishy is up

2019-05-29 14:35:14 Received

Alice Farmer?

2019-05-29 14:35:16 Sent

They are making measurements to remodel my unit and they don't do that with me in it

2019-05-29 14:35:21 Received

Ohhhh

2019-05-29 14:35:26 Sent

She is the one that got me on as a contractor the first time

2019-05-29 14:35:35 Received

Ahhh ok.

2019-05-29 14:35:43 Sent

In August 2013

2019-05-29 14:35:58 Received

We're not working with her.

2019-05-29 14:35:59 Sent

It was her and her firm

2019-05-29 14:36:05 Sent

Yeah then hmmm...

2019-05-29 14:36:17 Sent

I think she passed it to another guy though

2019-05-29 14:36:18 Received
Unless we're working with someone else on her team.

2019-05-29 14:36:26 Sent
Named Ryan, in 2012

2019-05-29 14:36:28 Sent
2013

2019-05-29 14:36:51 Received
Oh did you go through mindseeker?

2019-05-29 14:36:52 Sent
So you're hiring a bunch of contractors to see how the onshore thing works

2019-05-29 14:37:04 Sent
Actually I may be getting confused

2019-05-29 14:37:10 Sent
She was Mergis

2019-05-29 14:37:26 Sent
And now that I think of it it was Randstad that got me on

2019-05-29 14:37:32 Sent
Or some offshoot of them

2019-05-29 14:37:37 Received
We've already hired 9 FTEs

2019-05-29 14:37:50 Sent
And you are hiring 6 more contractor

2019-05-29 14:37:53 Received
But these guys are being brought on as temps because it's faster

2019-05-29 14:38:04 Received
22 in CLT and 15 in Denver

2019-05-29 14:38:09 Sent
And they will be eventually hired most likely

2019-05-29 14:38:10 Received
Denver's already started

2019-05-29 14:38:32 Sent
When does the new spreading software get implemented?

2019-05-29 14:38:55 Received

It's happening in phases

2019-05-29 14:39:07 Received

GIB is first if I remember correctly

2019-05-29 14:39:15 Sent

I thought MRA was nice

2019-05-29 14:39:26 Sent

I hope this is as good or better. The plan is better I am sure

2019-05-29 15:09:04 Received

It seems better from what I've seen

2019-05-29 20:18:18 Sent

What does it do differently?

2019-05-29 20:18:36 Sent

Bank of America went to ncino but is keeping their spreading with MRA

2019-05-29 20:20:38 Received

BoA just got Moody's CreditLens. It is the latest and greatest spread platform

2019-05-29 20:20:55 Received

What we almost went to

2019-05-29 20:21:07 Sent

So it's the best bar none?

2019-05-29 20:21:14 Sent

Without question?

2019-05-29 20:22:08 Received

Wells tech didn't like Ncino because I believe the data is housed in the cloud...they seem a huge fan

2019-05-29 20:22:21 Received

The one we went with has much better reporting output

2019-05-29 20:22:25 Sent

What is wrong with the cloud?

2019-05-29 20:22:36 Sent

Could vs being on hardware?

2019-05-29 20:22:45 Sent

Like in-house hardware?

2019-05-29 20:23:59 Received

You'd think they'd be more progressive with technology, but they have major risk concerns for whatever reason. They were ok if we housed it in the cloud (because we could control it), but not the provider.

2019-05-29 20:24:32 Sent
Oh I see

2019-05-29 20:24:46 Sent
So they don't have direct control over the security

2019-05-29 20:25:11 Sent
That makes sense. I wouldn't trust a tech company with a bunch of overseas people

2019-05-29 20:25:35 Sent
I've unfortunately saw how people get screwed in my current business

2019-05-29 20:27:14 Received
Yeah. It makes sense. They need to start considering more internal cloud stuff. It isn't just the future, it's the now!!!

2019-05-29 20:27:35 Sent
I don't know the company

2019-05-29 20:27:53 Sent
Cloud is expensive and it's cheap

2019-05-29 20:28:16 Sent
Expensive for the company that creates it, cheap for the buyers. That's how it works in web hosting

2019-05-29 20:28:31 Sent
I get all my servers from AWS and I am in love with them

2019-05-29 20:29:31 Sent
But idk how WFB could efficiently create their own cloud. They probably have the budget but it's cheaper to go with a company with scale.

AWS is as secure as it gets

2019-05-29 20:29:52 Sent
I need to look at their annual filing and see what their PP&E is but it's massive

2019-05-29 20:29:59 Sent
And I mean massively massive

2019-05-29 20:30:14 Sent
And I'm partially speculating

2019-05-29 20:30:19 Received
Apparently, they have some stuff on an internal cloud. We discovered when

investigating the different tools.

2019-05-29 20:30:32 Sent
Hmmm....

2019-05-29 20:31:54 Sent
The way it works with web hosting is you have a massive set of hardware that collectively creates one could

2019-05-29 20:31:56 Sent
Cloud

2019-05-29 20:32:11 Sent
And that cloud can be sliced up in as many pieces as you want

2019-05-29 20:32:52 Sent
It is like have your own private server hardware.

On my AWS accounts, I am the only one with access to the server. Not even AWS employees can get in

2019-05-29 20:33:25 Sent
They are separated by something called hypervirtualization

2019-05-29 20:35:11 Sent
It's a nice concept. The catch is you have to set everything up yourself.

So I set up the OS, the server hardware, the database connections, all of it

When you go with godaddy you are paying a big fee and that big fee pays for the phone support people who hold your hand 24/7.

When you go with AWS you lose the phone people and the dumbed down setup interface, but you get 3x the performance per half the cost

2019-05-29 20:37:47 Sent
And those godaddy people lose their appeal once you get good. They are no longer people who hold your hand but a bunch of idiots who get in your way.

But setting up servers is kind of hard. It was a good 3 days of hell for me learning how to do it,

You have configuration files that you cannot download but have to edit through an SSH terminal. You have to run vi commands to edit it. Very tedious the first time but you get used to it.

I get all hot and bothered over super high performance and it's enough for me to not care. The docs for AWS are only about 6,000 pages.

2019-05-30 12:27:35 Sent

And I got on a total novel there

2019-05-30 12:27:52 Sent

I tend to do that. I am never at a shortage of things to say

2019-05-30 21:51:58 Sent

Victim has clearly fallen under his spell again

2019-05-30 21:55:37 Received

Oh no

2019-05-30 21:55:48 Sent

Yep

2019-05-30 21:56:13 Sent

She repeatedly falls for him

2019-05-30 21:56:28 Sent

He has latched on to some deep seated need she has

2019-05-30 21:56:58 Received

Some women are drawn to men that treat them poorly for whatever reason

2019-05-30 21:57:14 Sent

I mean he has lied to her, manipulated her, and ripped her heart out so many times, and she has caught him

2019-05-30 21:57:27 Sent

Well the thing is she lives really far away

2019-05-30 21:57:44 Sent

So they've never met in person, or had not when I knew him

2019-05-30 21:58:18 Sent

But he tells her he is in love with her, etc. and the same time tells me about her awesome job and how much money she makes

2019-05-30 21:58:29 Sent

Basically wanting her for sex and money

2019-05-30 21:58:40 Sent

And telling me that he could never fall in love with her

2019-05-30 21:59:02 Sent

And that he could never "get over the fact that she has had dark meat"

2019-05-30 21:59:24 Sent

So she has had only emotional abuse

2019-05-30 21:59:47 Sent

But she is in her late 40s and unmarried, and his flattery is apparently like heroine to her

2019-05-30 22:00:12 Sent
And that "whatever reason"

2019-05-30 22:00:57 Sent
That is women who were abused as children. They subconsciously create the situation they were raised in. They have a subconscious need to gain control over that situation

2019-05-30 22:01:28 Sent
They want to relive it and have it turn out differently, but this all happens almost completely outside of their awareness

2019-05-30 22:01:51 Sent
With her I think he's just tapped into her emotional needs and she is starving

2019-05-31 14:30:53 Sent
Do you have a minute

2019-05-31 16:59:19 Sent
You're probably too busy and it is Friday. Have a great weekend

2019-05-31 17:07:07 Received
Sorry. I hardly have time to breathe these days 🙄🙄🙄

I'm not going to have that concern in the near future is what I worry

2019-05-31 17:07:54 Sent
I am sure a lot is

2019-05-31 17:09:55 Sent
And actually never mind

2019-05-31 17:10:14 Sent
I was going to bring up that topic again but it is hopeless

2019-05-31 17:15:03 Sent
But I hope you find some time for you in the middle
Of all of this

2019-05-31 17:16:55 Sent
3 kids + a household + a full time office job makes for a lot of responsibility and doesn't leave much to spare

2019-05-31 17:35:43 Received

Yes! It definitely does not leave any time! There is no enough time in the day for everything. I hope I can find some time too!

2019-05-31 17:36:43 Sent

I am sitting here watching my life melt because I am too devastated to do anything

2019-05-31 17:37:05 Sent

I am in unbearable emotional pain for a good portion of most days

2019-05-31 17:37:17 Sent

And increasing my medication doesn't help

2019-05-31 17:38:45 Sent

I am on a plan where I can take 5mg to 10mg or more if I want, and I've been on 10mg up from 5 for probably a week or more and it isn't making a difference. I tried 15 mg a while back and that didn't help either.

I have emotional trauma over this whole thing and I am seeing what has happened now. It is worse than I thought

2019-05-31 17:39:04 Sent

But I am literally going to take years to recover from this

2019-05-31 17:39:48 Sent

And my Medication upping has impaired my cognitive functions again, so I'm miserable and stupid

2019-05-31 17:50:25 Received

I'm sorry to hear that. I hope you can find the right balance of everything to get you back where you want and need to be!

2019-05-31 17:51:15 Sent

I am not sure what I am going to do

2019-06-01 17:40:38 Sent

Hey have shared anything I've told you thus far, with anyone other than people in Wells Fargo on your work phone who are listening or watching in without you are I knowing? I know that at one point I said you could share it with managers if they ask about my texting people and then I went back on that and said keep it between you and I

2019-06-01 17:40:53 Sent

And I hope you have a great weekend!

2019-06-01 20:58:21 Received

Hey! Nope. Nothing more than mentioning that I was offering you support during a difficult time in your life when they noticed my phone sitting on the conference room table going off several times. I haven't shared any detail, as you requested. Thanks! I hope you do too!

2019-06-03 06:21:01 Sent

Thank you @ I had teetered back and forth about if I wanted it shared but ultimately decided I did not. I have thought about making my life public over this and the rest of the people who have been so terrible to me in the past, and that is sort of where I was coming from in saying share it with managers if they ask about me texting their employees with despairing pleas and/or cruel messages. I didn't want it out there for the world just yet, but eventually was going to get there. Now I have kind of went back to being a private person, sort of. I'm no longer hiding on Facebook though. I have a profile with 2 friends and am not asking for more, but every single thing except my friends is public. I also have a domain for my own name if I ever decide to go public with my life. People are so unbelievably horrible. So I'm glad that in that slight period where I thought of you sharing with others that you didn't. For now that works out best for me.

I have always been a very private person, largely because there is so much about my life that requires explanation and a gentle slope into understanding.

I am trying to have blind faith against 100% of the evidence that there are people who will not treat me with such ruthless cruelty and then not even admit it to me at all costs.

If I go public with my life then every single good and bad thing about me will come straight from the source and then any and everyone who wishes can challenge me in public with the facts they feel I distorted, left out, or fraudulently came up with.

I do not see that happening just like that though. My health is not good and I am starting to prepare for the worst case scenario. I always wanted to make the world a better place somehow and help people. I wrote a book a long time ago about the mistakes I made as a teenager, that was intended to be given out to teenagers to help them make the right choices in that time of their life. I may edit and make a new version of it and I am also trying to find the strength to write a book about my life and what I have learned from my struggles and what it means to be human. And also how unbelievably cruel people have been to me. I am now of the opinion that the majority of people who have had the least bit of privilege in their lives whatsoever do not know what it means to be a moral person. I am stunned and shocked beyond belief by how selfish and cold hearted people are.

Both of these books with either be distributed for free with an option to donate or be put in my mom's name as the copyright holder and she can get any money made off of them. If it's in my name my creditors will just get it if something were to happen to me like a heart attack. if for some reason a large sum of money came from them I would want a portion to go to children I was cruel to as a kid and my mom would do that for sure.

So I've got 2 websites right now and those 2 books that I need to find the strength to write. I have been paralyzed day after day and having trouble doing much of anything on my new project. But I will do that and I will have something to show for my life no matter what happens. I want to make them all as good as possible.

2019-06-04 15:48:30 Sent

How are you Courtney

2019-06-04 16:36:21 Received

I'm ok. Trying to keep my mind straight through the tornado of things going on. How are you?

2019-06-04 16:36:45 Sent

I'm doing kind of good I think

2019-06-04 16:37:07 Sent

I am less devastated today and yesterday was a better day too

2019-06-04 16:37:40 Sent

I was crushed when I went to bed and crushed when I woke up this morning but other than that I've had 2 days that are so far an improvement

2019-06-04 16:37:58 Sent

What's the tornado?

2019-06-04 16:38:32 Sent

I called a recruiter about a CA role online and it was filled. I said "oh this must have been for Wells Fargo" she's like yep how did you know

2019-06-04 16:38:56 Sent

I told her I used to work there and talked to you still

2019-06-04 16:39:15 Sent

You guys filled that fast. It was only posted 13 days ago according to online

2019-06-04 16:39:39 Received

Yeah. All 22 started and this week

2019-06-04 16:39:48 Received

That's part of it

2019-06-04 16:43:26 Sent
On top of the 9 FTEs you already had

2019-06-04 16:43:32 Sent
Hired

2019-06-04 16:43:39 Sent
You guys are beefing up

2019-06-04 16:46:08 Sent
And do it fast

2019-06-04 16:46:20 Sent
Get rid of 50 and send them to India

2019-06-04 16:46:46 Sent
Then hire 50 back in the space of a month once you figure out that was a bad idea

2019-06-04 18:25:30 Received
Yup!!

2019-06-04 19:06:26 Sent
I'm not going to make it

2019-06-04 19:06:43 Sent
I'm in hell again. It never leaves for long

2019-06-04 19:24:18 Received
I'm sorry! I hope it gets better

2019-06-04 20:12:56 Sent
Thank you!

2019-06-04 20:13:15 Sent
It so drives me nuts how I cannot just have a conversation about this

2019-06-04 20:13:24 Sent
And I do not understand Jenny

2019-06-04 20:14:55 Sent
She lies to me about this and it's obviously because of the terrible feelings she gets from doing something wrong, but I have no idea what she says to others. For

all I know she believes every last thing she heard, still tells people, and puts on show when she talks to Me

2019-06-04 20:15:20 Sent

And she might still be in contact with people who are intent on killing me

2019-06-04 20:16:11 Sent

And who will use every drop of info about my current situation that she gives them to make attempts at my life

2019-06-04 20:16:50 Sent

And to ruin me further and cast me in a worse light than they already have

2019-06-04 20:17:37 Sent

This is all the result of me not fighting back. People are vicious and I let them run wild because I care about them

2019-06-04 20:18:20 Sent

I need to be vicious back.

2019-06-04 22:58:16 Sent

Does it make sense what I am saying?

2019-06-04 22:58:29 Sent

Not counting where I keep getting pissed and saying I need to be vicious, mean, etc

2019-06-04 22:58:56 Sent

But how the fact that I am being kept in the dark is enough to never give me security?

2019-06-04 22:59:34 Sent

They are all lying and/or refusing to tell me what was said, so I have no way of knowing what else they are hiding

2019-06-04 22:59:53 Sent

And I am forever tethered to these people until they tell me the truth

2019-06-05 09:56:20 Sent

Do you understand at all?

2019-06-05 09:56:29 Sent

And you need to check out my Facebook profile

2019-06-05 09:56:34 Sent

It's wonderful

2019-06-05 09:57:06 Sent

All public all day 24/7 . No friends allowed but I post stuff for the world to see

2019-06-05 09:59:03 Sent

I need to get some more. I haven't spent a terrible amount of time

2019-06-07 21:32:18 Sent

And I sent you a novel. This is how it is texting with me.

2019-06-07 21:32:41 Sent

I've been chatting with Shana. Do you ever talk to her?

2019-06-07 21:33:56 Sent

I think she may have left WLS by the time you came to Charlotte. I'm thinking my recent texts may have been while she's on leave . Hope I didn't make her beep while she's on the delivery table like I damn near did you

2019-06-07 21:38:26 Received

Hey sorry! Work has been crazy, as usual! I talk to her from time to time, but it's been a while since we last talked. She interviewed me Ballard and Athey. She left when I was in Charlotte. Jess filled her position. I really thought Shana would get site leader, but it worked out much better for her to move on from the department! Hahaha. Oh no! I didn't know she was pregnant!! I haven't talked to her in long enough for that to be the case though!!

2019-06-07 21:41:07 Sent

Yeah she is my favorite manager of all time

2019-06-07 21:41:15 Sent

Not to put people in a competition

2019-06-07 21:41:40 Sent

But regarding what I said before, does what I am saying make sense to you?

2019-06-07 21:50:07 Received

It makes sense. I get why you'd feel that way, especially with how isolated and in the dark you're feeling, but I doubt that's the case with Jenny. I don't think she'd talk to you if she believed it. Also, I definitely don't think she'd try to do you harm in that way.

2019-06-07 21:50:34 Sent

Yes here is the thing

2019-06-07 21:50:40 Sent

These people are out to kill me

2019-06-07 21:51:00 Sent

The police were willing to cover it up for them

2019-06-07 21:51:31 Sent

Did I tell you about Jenny filling involuntary commitment papers on me?

2019-06-07 21:56:27 Received
No!

2019-06-07 21:56:39 Sent
Yes

2019-06-07 21:56:54 Sent
She got her friend who lives next to her and is a police officer to help her

2019-06-07 21:57:09 Sent
And she has told me about this guy before

2019-06-07 21:57:25 Sent
She has him get information about people if she is worried about them

2019-06-07 21:58:01 Sent
So I have no idea what she has told him and if he has went and contacted the police down there

2019-06-07 21:58:07 Received
I suppose I can understand why. If she knows that the situation has caused you to have suicidal thoughts, it probably worried her. It's possible it was because she cares.

2019-06-07 21:58:21 Sent
He could have called them and said "what do you know about this guy"

2019-06-07 21:58:44 Sent
And in the process initiated a conversation that disclosed details about me up here

2019-06-07 21:59:06 Sent
And disclosed that I know they were going to cover it up

2019-06-07 21:59:28 Sent
That I know the people were out to kill me, which they were not previously aware that I knew

2019-06-07 21:59:41 Sent
Yes it was over me talking suicidal

2019-06-07 22:00:12 Sent
And more about her being mad at me and afraid I would speak about her personal life that she has shared with me

2019-06-07 22:00:56 Sent
Because I was getting fed up with her. At that point I didn't realize that she has this psychological thing and had concluded she wouldn't tell me the truth because she is a deceitful person who doesn't care about people

2019-06-07 22:01:13 Sent
I went off the rails completely

2019-06-07 22:02:12 Sent
But now I am not only tethered to Charlotte, I am tethered to her because I can't safely leave without knowing what they have been told and also without knowing that she won't go and contact any or all of them later after I leave

2019-06-07 22:02:22 Sent
She lies and then pretends like she didn't

2019-06-07 22:03:36 Sent
She has a trait of gossiping like all humans, and it is impossible for me to know what she says and who she talks to because she will say no one by default.

So when she says "I don't talk to any of those people" that is evidence for nothing because that is what she's going to say whether it is true or it isn't

2019-06-07 22:04:32 Sent
And I don't need an army of people who are out to kill me getting allies up here, and I cannot prevent that from happening in any way I see other than to babysit this situation indefinitely

2019-06-07 22:04:51 Sent
I am unfortunately going to have to take this to the courts

2019-06-07 22:04:59 Sent
And whoever gets hurt gets hurt

2019-06-07 22:05:14 Sent
Get the N.C. SBI involved

2019-06-07 22:05:27 Sent
Possibly federal level law enforcement jumps in the mix

2019-06-07 22:05:49 Sent
And it is a felony to lie to them even if you're not detained for questioning

2019-06-07 22:05:59 Sent
So maybe she will tell them the truth

2019-06-07 22:06:28 Sent
And I will not have any mercy and any and all involved. That game is up and I'm done begging

2019-06-07 22:06:37 Sent
Begging gets me nowhere

2019-06-07 22:06:52 Sent
Threatening legal action gets me nowhere

2019-06-07 22:07:02 Sent
Asking calmly gets me nowhere

2019-06-07 22:07:15 Sent
Being cruel gets me nowhere

2019-06-07 22:07:52 Sent
The response to all of the above is a tacit "I don't give a shit about you" along with explicit lies on and on forever

2019-06-07 22:08:06 Sent
And I have nothing to lose at this point

2019-06-07 22:09:26 Sent
The truth about my life, including the things I wish weren't true, is nothing for me to be ashamed of taken as a whole, and cannot compare to whatever lies have been told about me.

I am in a race to see who offs me first, the people up there or me and I'm being called evil and pathetic in mutually exclusive ways

2019-06-07 22:10:21 Sent
So let the whole world see it all and let the people who lie to me lie to the courts. If I get some negative consequence I am not forced to live

2019-06-07 22:12:15 Received
While I don't know Jenny that well, I don't think she'd do anything that could potentially cause you harm . Maybe she poked around trying to seek information about you and unknowingly caused harm in the process.

2019-06-07 22:12:42 Sent
She already has if she's told her police officer friend

2019-06-07 22:12:50 Received
But I don't think she'd do anything beyond that

2019-06-07 22:13:02 Sent
And whatever she has told Abbey has made it back to the people back home

2019-06-07 22:13:16 Sent
It doesn't matter what she knows or what she intends

2019-06-07 22:13:30 Sent
So she has ruined my life completely

2019-06-07 22:13:40 Sent
Her and whoever else might have been involved

2019-06-07 22:13:42 Sent

And I like her

2019-06-07 22:13:53 Sent

That is the thing. I care about her and she cares about me

2019-06-07 22:14:46 Sent

But this aversion she has to admitting anything wrong, which makes this impossible to talk about or to negotiate any kind of solution has ruined my life

2019-06-07 22:15:06 Sent

It causes her to act extremely selfishly when she feels threatened

2019-06-07 22:15:12 Sent

I am in hell daily

2019-06-07 22:15:36 Sent

And I will not live through this if I don't do something about it

2019-06-07 22:15:55 Sent

And as long as I am weak and on the verge of death I will not get The truth from anyone

2019-06-07 22:15:58 Sent

That's clear

2019-06-07 22:16:15 Sent

They do not pity me they see it as an advantage for them

2019-06-07 22:16:34 Sent

So I'll get some lawyers and judges and law enforcement involved

2019-06-07 22:16:45 Sent

Who aren't broke and on the verge of death.

2019-06-07 22:17:06 Sent

And who can actually cause consequences to people who tell them 10,000 lies

2019-06-07 22:19:50 Sent

I was in a good
Mood earlier

2019-06-07 22:20:02 Sent

I got a renewal notice for my lease

2019-06-07 22:20:14 Sent

That was the best news in a while

2019-06-07 22:20:41 Sent

But then this inescapable situation that dominates my life came back in my mind

2019-06-07 22:21:41 Sent

And I am not 100% she cares about me. I lean that way

2019-06-07 22:22:05 Sent

For sure she doesn't care about me when it comes to her being less than perfect

2019-06-07 22:22:32 Sent

That is the situation that must be defended at all costs and rationality and conscience go out the window

2019-06-07 22:23:14 Sent

It is terrifying for her what might happen. Her perceptions are off completely in regards to that but it is real to her

2019-06-07 22:25:40 Sent

But to get off that subject

2019-06-07 22:26:02 Sent

WLS made a huge mistake in not giving Shana that job

2019-06-07 22:26:15 Sent

Immeasurably huge

2019-06-07 22:29:29 Received

I'm glad to hear you got a renewal letter for your lease! I'm sorry that the situation keeps creeping up on you though! Yeah, I really thought she and Kat (Denver) would each get site leader. I was surprised when they didn't. Bill came highly recommended by Gray

2019-06-07 22:34:23 Sent

Yeah Kay

2019-06-07 22:34:28 Sent

Kat

2019-06-07 22:34:33 Sent

I barely remember her

2019-06-07 22:34:44 Sent

And that recommendation from Gray

2019-06-07 22:35:00 Sent

Was a torpedo for everyone that didn't have a recommendation

2019-06-07 22:35:32 Sent

Their battleship was sunk in one blow

2019-06-07 23:48:32 Sent

I'll talk to you tomorrow

2019-06-08 08:39:41 Sent

Did you guys get gratification out of disregarding and disrespecting me? Just curious? When I ask you and Christian in 4 separate meetings in 9 days to leave me alone cause I'm stressed cleaning up the mess that you made, and I STILL get emails and pings annoying me about work that is 30 days past due after I'm at work till 3:30 am the previous night?

2019-06-08 08:40:23 Sent

Was this some sort of game? I'm starting to think that the way I was treated was some sort of hobby for everyone there to see how much crap I would take before I left

2019-06-08 08:40:58 Sent

And I don't mean to be mean but these are the facts

2019-06-08 08:41:13 Sent

If the way it sounds doesn't sound good then that's not my problem

2019-06-08 08:41:41 Sent

How many meetings would have been sufficient? If I had 3 meetings per day?

2019-06-08 08:42:17 Sent

You seem to require a dynamic amount of reminders that bumps up by one every time I give you one

2019-06-08 08:43:02 Sent

And even after I tell Christian that I was at work till 3:30 am

2019-06-08 08:43:29 Sent

And I send what's her name the email that I don't need emails like that, he shoots back with what he "expects" in a nasty email

2019-06-08 08:44:58 Sent

Then I walk out and you message me wanting to "talk about it" for the 15 thousandth time? Was there some sort of kick you got about "talking about" what bothers me when I'm killing my self at that job and then doing exactly what I tell you bothers me immediately every token

2019-06-08 08:45:01 Sent

Time*

2019-06-08 08:46:46 Sent

It's like disrespecting me and disregarding everything I say was some sort of game. I had to be treated like I didn't matter and people enjoyed it

2019-06-08 08:47:48 Sent

I mean all of you people are straight from hell

2019-06-08 08:55:36 Sent

Apparently whatever the fugitive heard from the racist sociopath and then told to

Jenny was widely believed and people set out to show me how much what I thought and mattered and how much I mattered as such a disdainful person, when 100% of the evidence in the form of my hard work and my honest and ethical behavior was in contradiction to whatever was said. You believed this chain of garbage over what was in front of your own eyes. It didn't make your life one bit harder but it made mine hell. Actions speak louder than words and talk is cheap, but talk has the advantage of being fun for people and making a sport out of someone who cares

2019-06-08 11:06:54 Received

Clint your thoughts are definitely way off from the truth. I've never heard anything about this until you texted me about it. Even if we had heard anything, do you really think we'd believe work gossip? I didn't even know you and Jenny were friendly outside of work. The meetings were to ensure you were ok because we were concerned about you. It was our responsibility to make sure you were ok. Not just from a management perspective, but that's just what decent humans do. Some of it was also to check in on work and see what we could do to help distribute work. You were never treated differently than anyone else would have been if we had concerns about well being and/or ability to complete work. We also had meetings with plenty of others about work getting done, so definitely no bias there. Any way that you may have been treated differently was actually to your benefit (i.e. added flexibility in scheduling to suit your needs). It is clear that our concerns were not unwarranted because you've said that you've had suicidal thoughts. I'm so sorry that we couldn't do more to help you.

2019-06-08 16:51:24 Sent

The meetings were at my request and not yours

2019-06-08 16:51:39 Sent

After I got back from my leave

2019-06-08 16:52:06 Sent

And I went on a tirade because I got in a bad place

2019-06-08 16:52:34 Sent

And the subject of all 4 meetings was that I needed you guys to leave me alone

2019-06-08 16:54:09 Sent

And I had had meetings about this before

2019-06-08 16:54:28 Sent

And I was getting work done just like I told you in all 4 meetings

2019-06-08 16:55:04 Sent

It was just that I had to get them out to my offices because they were screwed from you guys letting work pile up

2019-06-08 16:55:19 Sent

So I couldn't turn them in to WLS at the same time

2019-06-08 16:55:47 Sent

But I told you and told you that Thursday or Friday they would be turned in and I had a huge amount

2019-06-08 16:55:54 Sent
And what do you do?

2019-06-08 16:56:22 Sent
You have a meeting and have some girl send me an email about items in my queue past due 30 days

2019-06-08 16:57:11 Sent
Then after I told you Friday that I had been there till 3:30am from Thursday and would have a huge load of items to turn in

2019-06-08 16:57:33 Sent
All of your concerns, which you harass me about against my wishes and repeated asking

2019-06-08 16:57:40 Sent
Should have been settled

2019-06-08 16:58:10 Sent
And I email Stephanie to say "enjoy your vacation and I don't need this email"

2019-06-08 16:58:22 Sent
I get ANOTHER email

2019-06-08 16:59:08 Sent
"These items have been in your queue and past due for 30 days. We do not expect to see these items in your queue going forward"

2019-06-08 16:59:26 Sent
How many times can I be disregarded and ran into the ground

2019-06-08 16:59:37 Sent
And yes i has suicidal thoughts

2019-06-08 17:00:08 Sent
And they were due to this persistently being treated like someone who didn't matter

2019-06-08 17:00:37 Sent
Which started right after this thing and came from many people

2019-06-08 17:02:25 Sent
Why in this meeting with the engagement team where Stephanie was told to send me this email

2019-06-08 17:02:40 Sent
Which by the way also followed up a ping

2019-06-08 17:02:48 Sent
Why didn't it come up

2019-06-08 17:05:11 Sent
"Clint is cleaning up

The mess Christian made by sitting on his ass and letting work pile up and not doing anything about it. He's asked us repeatedly for the past 9 days to leave him alone, and the 30+ day old items are not his fault by simple math. We'd like to respect Clint's wishes that he has repeatedly asked, especially since he's trying to smooth things over with his offices. Let's leave Clint off this email, with no further begging and pleading required from him"

2019-06-08 17:05:29 Sent
Here is the pattern

2019-06-08 17:05:36 Sent
I say something and it doesn't matter

2019-06-08 17:05:46 Sent
How I am treated by coworkers doesn't matter

2019-06-08 17:06:01 Sent
And this was not persistently the case

2019-06-08 17:06:13 Received
No one harassed you, Clint. The reporting emails that went out were standard procedure. Everyone with items past due received emails. That's what our reporting committee was created for. Christian followed up because he was confirming that you were going to get the requests out. Having things sit outstanding for long periods of time raise red flags at the senior management level and also raise concerns with audit. Also, submitting lots of items at once, rather than regularly over time caused issues for QA. You were never treated like you didn't matter.

2019-06-08 17:06:44 Sent
It only started after this whole thing and it was from many people

2019-06-08 17:07:09 Sent
I told him before I sent the email to Stephanie

2019-06-08 17:07:18 Sent
So he had no reason

2019-06-08 17:07:29 Sent
And I also had worked things out with QA

2019-06-08 17:07:34 Sent
And told him that I had

2019-06-08 17:07:38 Sent

QA was fine

2019-06-08 17:07:50 Sent

And that was another reason I didn't turn them in

2019-06-08 17:08:06 Received

No one was exempt from receiving emails regarding reporting issues. Stephanie sent the email as she was supposed to. It wasn't something discussed on a daily basis.

2019-06-08 17:08:14 Sent

I had to leave notes for QA for complicated requests

2019-06-08 17:08:57 Sent

Then why didn't I receive this email the first Monday back?

2019-06-08 17:09:00 Sent

Or Tuesday

2019-06-08 17:09:05 Sent

She was told to send it to me

2019-06-08 17:09:14 Sent

Period

2019-06-08 17:09:53 Received

I can't remember the timing of the one, because we're not doing them since we've had reporting issues with FLO, but I think that one was only once a week.

2019-06-08 17:09:57 Sent

Your reporting issues were garbage and not my fault. And I told you and told you and told you and told you and told

2019-06-08 17:10:13 Sent

Ok

2019-06-08 17:10:24 Sent

So why send me an email in response

2019-06-08 17:10:46 Sent

She sends it without prompting according to what you say

2019-06-08 17:10:51 Received

Clint, the reporting committee was just to keep things on our radar, especially for things that could slip through the cracks.

2019-06-08 17:11:07 Sent

But why do I get a ping from Christian

2019-06-08 17:11:26 Sent

And why does he respond with an angry email when I tell her I don't need it

2019-06-08 17:12:00 Received

Likely because you said you were getting stuff completed and he wanted to start seeing items drop off the report.

2019-06-08 17:12:18 Sent

And The reporting committee was dragging their ass for the month I was gone

2019-06-08 17:12:45 Sent

Stuff slipped through the cracks over their failure to harass other people

2019-06-08 17:13:09 Sent

And I had already told him I was there till 3:30 and things would be turned in

2019-06-08 17:13:33 Sent

How many meetings did all of the other analysts have?

2019-06-08 17:13:48 Sent

For all of these things that fall through the cracks?

2019-06-08 17:13:54 Received

They notified everyone regularly. Nothing slipped through the cracks, volumes were just high and difficult to manage.

2019-06-08 17:13:56 Sent

Their meetings apparently worked

2019-06-08 17:14:25 Sent

They are not difficult to manage

2019-06-08 17:14:38 Sent

Sitting there and letting them pile up is not managing

2019-06-08 17:14:53 Sent

And I am sorry I don't mean to be mean

2019-06-08 17:15:56 Sent

And this wouldn't have bothered if it weren't for the fact that this type of being totally disregarded came from many people and didn't happen until this thing started

2019-06-08 17:16:03 Received

There's only so much you can do with limited resources. Which is why we afforded you the ability to manage your work the way you did. There is only so much any person can do and that is something we've always told ppl when volumes are high.

2019-06-08 17:16:04 Sent

It came mostly from other employees

2019-06-08 17:16:28 Sent

But it seemed like management had a lower opinion of me

2019-06-08 17:16:38 Sent

And to me this was a slap in the face

2019-06-08 17:16:40 Received

We never had a lower opinion of you

2019-06-08 17:16:55 Sent

What happened those 2 weeks when I came back

2019-06-08 17:18:40 Sent

That job put me through absolute hell repeatedly

2019-06-08 17:18:52 Sent

And I did everything I could to make things work better

2019-06-08 17:19:02 Sent

And I cared so much about my offices

2019-06-08 17:19:11 Sent

Every issue I had I tried to fix

2019-06-08 17:19:26 Sent

I broke my neck to make things work with QA and they were

2019-06-08 17:19:50 Sent

I would trash talk the Dept for the traumatic stress I was under

2019-06-08 17:20:07 Sent

Then we would have a meeting at my request

2019-06-08 17:20:12 Sent

Things would be better

2019-06-08 17:20:15 Sent

Then more bs

2019-06-08 17:20:29 Sent

And I am sorry for going off on you like this

2019-06-08 17:20:48 Sent

And you lessened the hell I was in more than anyone

2019-06-08 17:21:05 Sent

But giving me flexibility about trading due dates on items

2019-06-08 17:21:26 Sent

That made things 10X better instantly

2019-06-08 17:21:34 Received

Nothing happened. Other than the fact that work wasn't going out from what we could tell. Christian had to do his job and make sure something was being produced. It was never him targeting you. He cared about your well being as much as I did.

2019-06-08 17:21:51 Sent

So sorry, I get really riled up thinking about all of that

2019-06-08 17:21:57 Sent

The whole thing

2019-06-08 17:22:17 Sent

And I cannot resist my phone when I get in these places in my mind

2019-06-08 17:22:30 Sent

So sorry about that

2019-06-08 17:22:50 Received

I know you cared greatly. I'm sorry you feel like it put you through hell. We always let everyone know there's only so much that a person can do in a day and a work life balance is important.

2019-06-08 17:22:58 Sent

I was in a terrible place in my mind thinking about this

2019-06-08 17:23:28 Received

I always tell people that it's so important to compartmentalize work. Don't take it home.

2019-06-08 17:23:28 Sent

Yes and I feel bad now for saying this to you

2019-06-08 17:23:38 Received

It's not worth it!

2019-06-08 17:23:42 Sent

But those are my feelings that I have had at times

2019-06-08 17:23:52 Sent

Well when I feel like absolute hell

2019-06-08 17:24:00 Sent

And people are supposed to be helping me

2019-06-08 17:24:21 Received

I unfortunately don't get to shut off work. It comes home with me, but I try my best to separate it.

2019-06-08 17:24:31 Sent

And they come by my desk at 4 Pm saying they've got to put 8 items back in my name

2019-06-08 17:24:54 Sent

And the worst thing possible that could happen would be for one of them to go past due

2019-06-08 17:25:16 Received

I'm sorry that you've ever felt that way. We tried to make it as fun of an environment as possible. Unfortunately, it's not always possible when we're busy.

2019-06-08 17:25:19 Sent

And I'm literally feeling so bad physically that I can't go another minute, but I have no choice but to

2019-06-08 17:25:51 Sent

Well it was more management (not you) dragging their ass without concern for what it did to me

2019-06-08 17:26:12 Sent

People were assigned to help me

2019-06-08 17:26:12 Received

Yeah, putting work back is never cool.

2019-06-08 17:26:30 Received

We fortunately don't have that model anymore

2019-06-08 17:26:57 Received

You definitely shouldn't have felt that you needed to stay to get it done if you weren't feeling well.

2019-06-08 17:26:57 Sent

But they took items then didn't do them and if I said anything about it Bill would yell at me

2019-06-08 17:27:13 Sent

Yeah well this is the end of the world if these things go past due

2019-06-08 17:27:21 Sent

That was the Dept's main concern

2019-06-08 17:27:44 Sent

It was the stupidest idea

2019-06-08 17:28:16 Sent

And that is why you helped me so much by making that deal with me about trading

2019-06-08 17:28:19 Received

It still is, as there is huge pressure from the line and senior leadership. I guess running a backlog won't be happening during busy season again. They will keep the dept adequately staffed for it.

2019-06-08 17:29:05 Sent

Yeah and all of the huge pressure is on my shoulders

2019-06-08 17:29:11 Received

Nothing we can do now, but work through it! Not letting anyone get stressed over something outside of their control.

2019-06-08 17:29:19 Received

And I'm sorry you ever did.

2019-06-08 17:29:20 Sent

Yes

2019-06-08 17:29:31 Sent

Well thank you

2019-06-08 17:29:40 Sent

You are very good at not taking things personal

2019-06-08 17:29:45 Sent

When I go off

2019-06-08 17:30:07 Sent

I am in agony over this whole thing we have been discussing on an off every day

2019-06-08 17:30:23 Received

Jenny got really stressed out one day and we told her the same. It's not worth it. You just have to leave it at work!

2019-06-08 17:30:56 Sent

The thing with you and Christian and Stephanie made me extremely mad but it was just what broke the camels back over how I saw myself being treated by others

2019-06-08 17:31:09 Sent

Yes Jenny cried at her desk

2019-06-08 17:31:33 Sent

Jenny had it in common with me that she cared about the job

2019-06-08 17:35:08 Received

I can assure you that we treated you the same as others in that regard. We were definitely a little softer on due dates and stuff. I'm glad that made things less stressful.

2019-06-08 17:35:13 Received

That she did

2019-06-08 17:37:49 Sent

Yeah the due dates were softer on others as I see it

2019-06-08 17:37:55 Sent

Before you especially

2019-06-08 17:38:12 Sent

Because they could just put them back in my name

2019-06-08 17:38:23 Sent

And I'm not being mean but that is what happened

2019-06-08 17:38:55 Sent

But I was probably the only one or one of a few that was given the Liberty you gave me

2019-06-08 17:39:10 Sent

And check me on what I am telling you

2019-06-08 17:40:41 Sent

Ask my offices and they will tell you that I spoke very well of you often, never gave you a negative review in any instance, and if their memory is good enough they will remember specifically me telling them good things about the due date trading

2019-06-08 17:41:51 Sent

Like I say, I am moody and you fluctuated from a 7 to a 10 at any given time but I always had positive things to say about you and extremely little negative

2019-06-08 17:43:00 Sent

I would say I said 1 negative thing about you for every 25 times I said things what were positive. Probably 1 in 50 is closer

2019-06-08 17:47:21 Received

They shouldn't have been putting them back, unless they discussed with you first and maybe swapped for something else.

2019-06-08 17:47:46 Received

You were the only one afforded that flexibility in Charlotte

2019-06-08 17:47:54 Received

Idk about Denver

2019-06-08 17:55:17 Sent

Well most of them did discuss

2019-06-08 17:55:33 Sent

And it was my fault in some cases by taking them

2019-06-08 17:55:50 Sent

I remember Austin I think his name was

2019-06-08 17:55:56 Sent

Had somewhere to be

2019-06-08 17:56:07 Sent

And I took 8 back from him late in the day

2019-06-08 17:56:12 Received

2019-06-08 17:56:41 Sent

He couldn't get to them because he didn't outsource his non specialty stuff

2019-06-08 17:57:12 Sent

In that case I should have said tough shit you're missing your appointment

2019-06-08 17:57:31 Sent

But my offices may have needed some of them

2019-06-08 17:57:45 Sent

I can't remember my reason for not putting them right back on him

2019-06-08 17:57:59 Received

Yeah, not good! I'm sure he had plenty of capacity in the first place. That's why he was given things!

2019-06-08 17:58:01 Sent

I just remember he had places to be

2019-06-08 17:58:16 Sent

Yes he was supposed to outsource his general work

2019-06-08 17:58:20 Sent

They all were

2019-06-08 17:58:25 Sent

But several did not

2019-06-08 17:58:37 Sent

And I end up getting the work back

2019-06-08 17:58:51 Sent

And to go back to you

2019-06-08 17:59:06 Sent

I would say the ratio might be 1/75

2019-06-08 17:59:32 Sent

I don't think I ever said much specific bad about you

2019-06-08 17:59:53 Sent

Just said at one point "I might have a few grievances with her"

2019-06-08 18:00:21 Sent

Mainly referring to the meeting I thought you were a part of but which may not have happened that day I left

2019-06-08 18:00:48 Sent

And I trash talked your spreads one day I am pretty sure

2019-06-08 18:00:53 Sent

Lol

2019-06-08 18:00:57 Sent

That was my vice

2019-06-08 18:01:48 Sent

I was a little too apt to trash talk peoples spreads but still didn't do that much

2019-06-08 18:02:32 Sent

But I was having a disagreement with you and you thought you were right and I mentioned that I've seen 3 of your spreads and 2 of them were seriously botched

2019-06-08 18:06:21 Sent

And I am just telling you. I generally try my best to talk to people the same way to their face that I do when they're not present. It is a kindness that hasn't been afforded to me by every single person I have known.

I'm making a slight exception for Jenny. I'm in limbo as to what the heck is going on with her. She is so hard to figure out. I teeter back and forth on does she care about me or no, but I do my best to not speak of my doubts. She is very, very fragile.

I am going to get a super sharp psychotherapist and she will be a topic

2019-06-08 18:07:51 Sent

And that is another thing about me that I should probably change. Not sure if I ever will be able to

2019-06-08 18:07:59 Received

Must have been botched by someone that went in after me or I had a bad day. I hardly ever got any major errors 😊. I appreciate talking to ppl the same you would behind their backs. That's how I live!

2019-06-08 18:08:20 Sent

Yes

2019-06-08 18:08:25 Sent

You remember one of them

2019-06-08 18:08:26 Received

I think she cares from what I've seen

2019-06-08 18:08:40 Sent

Remember the one where amortization hasn't been spread?

2019-06-08 18:09:07 Sent

Never for FYA due to the CPA reporting it atypically

2019-06-08 18:09:20 Sent

You had to look a little close at it

2019-06-08 18:09:39 Sent

They had net income that hovered around \$100m to \$800m

2019-06-08 18:10:14 Sent

And there was \$7 m amortization in each fya from deferred charges being straight lined

2019-06-08 18:10:49 Sent

The CPA didn't report it on the non cash line, but accounted for it in the changes in operating working capital

2019-06-08 18:10:56 Sent

That is why you missed it

2019-06-08 18:11:00 Sent

And everyone else did too

2019-06-08 18:11:14 Sent

The 2nd one was an Atlanta customer

2019-06-08 18:11:59 Sent

No one liked Atlanta RCB0s much or had much positive to say about working with them. The grievance was that they wouldn't be responsive and get you info

2019-06-08 18:12:10 Sent

I had a different experience and loved those guys

2019-06-08 18:12:46 Sent

But for them you spread work in process to work in progress as inventory and you spread senior debt vs sub debt wrong

2019-06-08 18:13:20 Sent

The WIP was a total error. The sub debt can be forgiven because you had to do some acrobatics to figure it out

2019-06-08 18:13:50 Sent

No one else did the acrobatics, including the office who had never made a peep about it being botched every year

2019-06-08 18:14:18 Sent

But Ali Greenberg confirmed that i was right

2019-06-08 18:14:40 Sent

It was Atlanta bonded warehouse company

2019-06-08 18:17:31 Sent

You wouldn't have gotten an error from anyone except Elena for any of them though, even though they were wrong

2019-06-08 18:21:26 Sent

The third spread was an Ag deal that your office in Texas had before mine, and you did it perfectly, including spreading the commodity based derivatives correctly without ever seeing the guidelines that I wrote or probably not karilynn's guidelines. I think I asked you and you said you just used your judgment and followed the cash flow

Judge me by the same standards as everyone else and I'm a contender for the world championship

2019-06-10 09:25:53 Sent

This-

2019-06-10 09:25:56 Sent

Yeah but now god knows who she's talking to and what she's told them

2019-06-10 09:26:03 Sent

Doesn't refer to anyone in Charlotte

2019-06-10 09:26:16 Sent

This refers to the people out for my life

2019-06-10 09:26:45 Sent

That she is talking to or at least what she says gets back to them

2019-06-10 09:28:49 Sent

But I will instantly take back the care about me part

2019-06-10 09:29:07 Sent

I think she may be genuine about that

2019-06-10 09:35:24 Sent

My former worry was information that was spread where I used to live, false information mainly as well as truthful information that I could explain if people were given a gentle gliding into it, would make it here

2019-06-10 09:36:08 Sent

I am no longer worried about that much because no point in worrying about the possibility or probability of something happening that already has

2019-06-10 09:36:26 Sent

For a good bit now my concern has been primarily info going the other way

2019-06-10 09:36:45 Sent

And in that case if it's false info that's a good thing

2019-06-10 09:37:00 Sent

And if it's true it's a very bad thing

2019-06-10 09:41:25 Sent

You seem to respond after about 27 texts which is understandable considering how fast my thumbs go and how voluminous my thoughts are. But I do regret calling her a witch

2019-06-10 09:41:40 Sent

She's an overall good person who has caused me unbelievable pain

2019-06-10 11:46:11 Sent

But people knowing about my life is unavoidable

2019-06-10 11:46:49 Sent

I at this point can choose between having privacy and having every lie and accusation in the books told about me

2019-06-10 11:47:13 Sent

Or I can take it public and just let the truth get out there

2019-06-10 11:47:30 Sent

And having privacy in North Carolina is off the table completely

2019-06-10 11:47:58 Sent

The exponential effect of every true and untrue thing about me being spread has happened sufficiently

2019-06-10 11:48:50 Sent

There are now 100s or maybe closer to 1000 people in the mountains and several dozen here in Charlotte, possibly closer to 100 here

2019-06-10 11:49:58 Sent

The degrees of separation are too few for all of the information to not go from one end of this state to the other now that I have been on both sides

2019-06-10 11:50:16 Sent

And I am sure as hell not safe in the workplace

2019-06-10 11:51:34 Sent

When it is in front of the world like it very soon will be, who is the good guy and

who the numerous bad guys are will be very clear. The hit and run is over forever

2019-06-10 12:36:56 Sent

And the shit show that is about to explode is unbelievable. I absolutely cannot believe that it has come to this. Why people in such good circumstances would wager on their chances of this not happening for no good reason and nothing to gain is beyond me. They think they have an ace in the Hole apparently, but by the end of the unbelievable hell that is likely about to ensue, it will be a big fat joker and the entire world will see them holding it. My life will never be the same from now on, that is for sure. I am permanently damaged and what is about to happen will not be a cherry on the cake but another cake itself piled on top, but one day I will be dead. That is the right I cherish the most and is a unique right in that it can never be taken away.

2019-06-10 12:56:14 Sent

People with something to lose in life and want to continue on with it burn holes in someone like me for no gain whatsoever

2019-06-10 14:20:18 Sent

This is what I just typed jenny

2019-06-10 14:20:21 Sent

I am sorry again for hurting you. It was very cruel of me to bring up the \$100 thing again and to belittle all you have done for me. I will never be the same again from this point on. My mind has been permanently damaged by this and I am prone to lashing out. I am going to bed now. You are good enough jenny

2019-06-10 14:20:47 Sent

And it makes me cry that I made you feel like you are not when I know how much pain that causes you.

2019-06-10 14:21:08 Sent

So I am sorry. I would like for my pain to mean enough to make someone cry. It makes me cry every single day and has for probably a month. I will cry every single day multiple times a day for the rest of my life over this. But it's not about me saying this. I won't message you again but I am hurting over what I said and I want you to know that

2019-06-10 14:21:16 Sent

No one cries about my pain except me

2019-06-10 14:21:26 Sent

My poor mother will cry about it one day

2019-06-10 19:38:59 Received

Sorry, crazy busy day, as usual. I just logged off a few mins ago. I'll take a look through.

2019-06-10 19:44:32 Received

Does that mean you're considering creating the website you mentioned previously?

2019-06-10 19:46:51 Received

Do you feel better apologizing to Jenny? I know that even though she's caused you pain you still care for her.

2019-06-10 22:43:36 Sent

I care about her a lot. I believe she cares about me most of the time. I do doubt it at times though. She is extremely selfish in many ways and is unable to see it

2019-06-10 22:44:20 Sent

What I think it is with her, and please don't share this, is that she has huge insecurities that were caused by her childhood

2019-06-10 22:45:51 Sent

She has feelings of inferiority and all kinds of doubts about her worth as a person.

She is further unable to distinguish her behavior from herself. The faulty belief that she has on a largely unconscious level, is that if you DO something wrong you ARE something wrong

2019-06-10 22:49:54 Sent

And with her self esteem ruined so bad from her childhood, this makes it intolerable to ever admit doing something wrong. She is so tender that it causes unbelievable pain and so fragile it would break her completely.

So she in her life builds up a fortress. Every chink in her armor has to be patched and she must be tough on the world. The fortress has a function, and that is to protect this person behind its walls from being shattered.

And this hyper-vigilant need to

Protect herself consumes her mental and emotional resources. She doesn't have much left afterwards to direct to being concerned for others when she feels threatened

2019-06-10 23:01:22 Sent

I do hope that everyone involved realizes that I have told the truth 100% about everything that I have said. If someone has made a claim that I am some sort of devious liar and it is being believed, there is no justification. There is no evidence of anything but ethical, hard work, and generously helping others. If people wish to believe the words of a fugitive named Abbey against what their own eyes have seen, knowing now as they all have to that Abbey got her info at least partially from a self described racist sociopath who has committed unspeakable acts against children, that is their problem.

If they think I am scared to take him on in public and say what I have said to them to the world, they are wrong.

I have already sent a message to the girl I named "Victim" that will get back to him 100% for sure and almost certainly already has. I knew this in advance.

On the face of it, it doesn't reflect well on me for associating with this person, but like nearly everything about my life there is an explanation and once explained I will not be perceived as a bad person by any remotely reasonable human being.

How it is that Jenny and Tunny and everyone else involved want to explain their association with this person and their deliberate spreading of his garbage I am not sure. I do not see a morally acceptable reason to, especially considering that Tunny is of recent Asian descent and this person is a racist who has friends on his Facebook that celebrate Adolph Hitler's birthday. I have personally saw posts between him and one such guy where he appended 88 to the end of his post. I'm sure he has done this more than I have saw him

2019-06-10 23:04:10 Sent

If they do not understand that mental illnesses do not equate to character flaws in any way, the resource they need to cure themselves of that blatant and cruel prejudice and bigotry is not a fugitive who does not take care of 6 of her children, and is wanted in several states for various crimes including identity theft against her own sister

2019-06-10 23:15:20 Sent

And again, it is unbelievable that it has come to this over a very simple request for the truth asked in 100 different ways, and under the terms for all involved that if they would just fess up and have a discussion there would be no consequence.

What they have to gain by lying and withholding the truth is beyond me but they had nothing to lose in telling me for 1.5 years

2019-06-10 23:16:08 Sent

And now I am left permanently damaged by what has happened. I am going to see a therapist but I am good at judging myself and my doctors rarely disagree. I do not think I will ever recover from this.

2019-06-10 23:16:44 Sent

If I do it will take 10 years of hard and painful work in therapy that will cause me that much more pain before the healing ever takes place

2019-06-10 23:27:42 Sent

But I don't see it happened. I have never been in this condition before and it is terrible

2019-06-11 05:02:30 Sent

I hope this doesn't wake you up, but Abbey's sister is a good and honest person I have known well for a long time. We spent a lot of time together in my teenage years. I had first thought that she had heard whatever it was about me and told Abbey, then later deduced from

The conversation below that it was entirely from my ex "friend" by my best estimate. I had known Abbey was talking to him. Read what her own sister thinks of this situation. This is all of her commentary when I brought up this to her and

asked for help. All of my messages have been left out.

Good luck getting this person to come and defend her lies. If what her sister says is true, and 100% of the evidence leads me to believe it is, there is no prayer.

This is who people want to take sides with against a kind hearted man who killed himself to help others the whole time they knew him. They are not prejudiced against this person but instead are prejudiced against me.

They can give her a call and ask her to come say what she "knows." She won't come because she knows there will be a roadblock waiting on her.

In the meantime all of the scores of people I have did kind things for will have no problem vouching for me.

2019-06-11 05:02:41 Sent

Yeah. She's a habitual liar and a sociopath. She's given birth to 7 children and has nothing to do with six of them. She got pulled over last year and "borrowed" my social and identity to try to get out of it. She didn't show up in court so now she's a fugitive in NC as well as VA and Delaware I think.

What's next for you? Stay in Charlotte?

Looking back on your behavior in school and knowing what I know now about spectrum disorders, it makes sense.

I very much have positive memories of you too. Smart as hell with a great sense of humor. Your laugh made me smile.

As I said before, Abbey and I have not been in contact since she lied to me about the whole incident with her getting pulled over. I just have to separate myself and my family from her for now.

It seems best to let sleeping dogs lie. You know what I mean?

When Abbey lies, it's either to gain something or to get out of trouble. Would she have something to gain by saying stuff about you?

You said in a previous conversation you were delusional and needed to apologize to her. What changed?

You're worrying me. Don't worry about Abbey. Fuck that. Please take care of yourself.

Don't be sorry. I don't know what to say. I don't know what she might have said but I see it deeply effected you. It's hard not to let what other people say effect you but fuck em. They're not you. They don't know you nor pay your bills.

But she doesn't know you, does she?

Are people saying someone told them something about you?

Sadly, she hasn't matured beyond the age of 12. I guess since she's trying to lay low from the cops all she has to do is stir up crap. She's no one's friend. I know she can make you feel like you're the funniest, smartest person ever but she will turn on you in a second.

2019-06-11 05:06:18 Sent

I missed a few. This one was in the middle of the conversation-

I remember your sweet mama. You have her blood in your veins too.

And this was at the top-

I do have more than one sister. Abbey and I have not spoken since she stole my identity and borrowed my social security number again late last year.

2019-06-12 08:32:08 Sent

But I am going to send this matter to the highest levels of Jenny's church

2019-06-12 08:52:49 Sent

She cares about what they think of her and it may change her behavior

2019-06-12 08:52:59 Sent

She has serious ethical problems

2019-06-12 08:53:28 Sent

And doesn't care about what her actions do to people but only cares if her actions are known

2019-06-12 08:53:55 Sent

So the unknown facts that are destroying my life need to become known.

2019-06-12 08:55:01 Sent

I may also post her pictures and the details of how she has exploited and used me and that she may be repeating defamatory lies that she got from a fugitive upon being prompted by others

Disregard all that. Sorry

You're absent now

But what you were saying the other day is that you and/or Christian and/or Jessica and/or Bill didn't tell Stephanie that email the last day I was there? Not one single one of you did? Because I thought you did

2019-06-13 08:41:36 Sent

Tell Stephanie to send* that email

Are you mad at me?

If you want me to quit texting you let me know. I am sorry for the day and night texting I just go off the rails over this and can't always control myself

I am seeing my doctor every 2 weeks starting today

Hey, Clint! I apologize for the delay. Work has been incredibly busy! I wanted to reach out to you regarding the texts you sent to me earlier this week and yesterday. I am not mad at you. However, I am concerned about your wellbeing, and am saddened that you're struggling, but I am not the right person to provide support. Please utilize your doctor/healthcare provider for support during difficult times.

If you are experiencing thoughts of self harm please call the suicide prevention hotline @ 800-784-2433 or you can TEXT the word CONNECT to the Crisis Text Line at 741-741. Also, I want to let you know that going forward I am asking that you no longer text me or contact me. If you contact me again indicating that you plan to harm yourself or others I will need to contact the police so that they can conduct a welfare check. Again, I am worried about you and want you to seek the proper assistance. I am so glad to hear you're going to start seeing your doctor every two weeks. I wish you the absolute best!

Courtney I know you said you would like me to not text you and I will respect your wishes, but can you reply with a simple "yes" to let me know if I have one exception. You are not obligated to answer what I say in any way, but I would like you to listen please

2019-08-01 21:46:17 Sent

Hey Courtney, you asked that I do not talk to you anymore but I'm wanting to break that rule if that's ok

2019-08-01 21:46:56 Sent

I have something to share.

And forgive me for being a constant rule breaker. It's in my blood. Check out my Facebook wall in the 2006 life events section for a sample
